

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

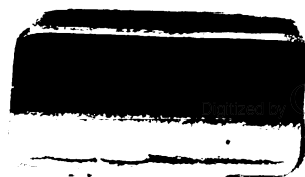

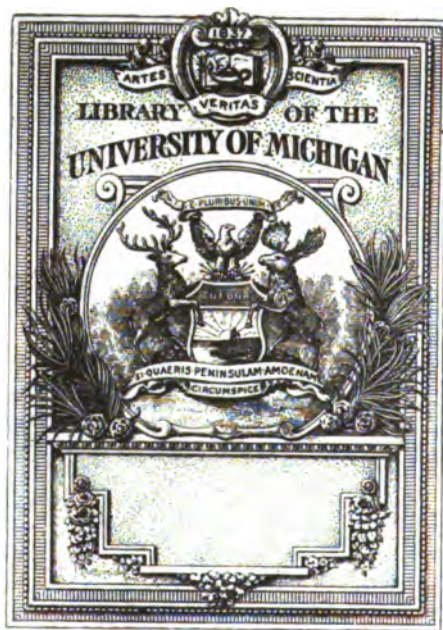

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### FROM THE MAYOR.

CITY OF DETROIT, MAYOR'S OFFICE,  
January 12, 1875.

Gentlemen—Following a time-honored annual custom, I lay before your honorable body a statement of city affairs as obtained from the Controller's office, and believed to be entirely correct and reliable. The following is an exhibit of the city finances. The bonded debt of the city (except the debt of the Water Commission, which is \$1,101,900) on the first day of January, 1875, was as follows:

Berthelet market bonds (past due, probably lost).....	400 00
Redemption bonds falling due 1875.....	45,000 00
Redemption bonds falling due 1876.....	80,900 00
Redemption bonds falling due 1879.....	80,900 00
House of Correction bonds falling due 1879.....	50,000 00
House of Correction bonds falling due 1881.....	24,000 00
City Hall bonds falling due 1886.....	84,500 00
City Hall bonds due 1888.....	24,000 00
City Hall bonds due 1889.....	100,000 00
City Hall bonds due 1890.....	50,000 00
City Hall bonds due 1891.....	24,000 00
City Hall bonds due 1892.....	100,000 00
Public Sewer bonds due 1892.....	100,000 00
Public sewer bonds due 1893.....	100,000 00
House of Correction bonds due 1898.....	10,000 00
Public Sewer bonds due 1894.....	72,500 00

Total bonded debt.....\$1,081,900 00

Less cash and bonds in charge of the Commissioners of the Sinking Fund.....\$98,148 10

Net debt of the city January 1st, 1875.....\$983,751 90

Public Sewer bonds, issue of 1873 and 1874, due 1883 and 1884, amounting to \$142,500, have been negotiated during the past year by your Committee on Loan at a premium. Of the amount authorized by the act of the Legislature, approved April 17, 1871 (\$300,000), for the construction of large public sewers, \$27,500 remain to be issued. The balance in the public Sewer Fund (\$65,077 72) is ample to pay for all the work that may be completed until August next, when the remainder of the issue can be sold as ordered by the Council. The bonds have been sold only as the work progressed, thus saving a large amount in interest to the tax-payers.

During the past year no bonds fell due, (except Street Paving bonds.) During the year of 1875 Redemption bonds issue of 1866 and 1865, to the amount of \$45,000 00 fall due, the payment of which is amply provided for by the Sinking Fund.

While the increase of the gross debt during the year is \$142,500, the increase of the assets of the Sinking Fund is such that the net debt is increased but \$125,269 77, the assets of the Sinking Fund at the close of the fiscal year, January, 31, 1875, when the transfers authorized by law are to be made, will be increased about \$22,000, thus showing an actual increase of the debt of only \$103,269 77.

The income of the Sinking Fund during the year, by the judicious investments made by the commissioners of that fund, has been greater by \$10,000 than for any previous year. The following is a statement of the assets in the fund:

Cash on hand.....	\$ 3,464 73
House of Correction bonds.....	24,000 00
Street paving bonds.....	64,683 37

\$98,148 10

The amount of cash in the treasury January 1, 1874, was.....\$ 101,159 09

Receipts from all sources during the year.....1,563,247 87

\$1,664,406 96

Disbursements during the year.....\$1,521,232 43

Balance in the treasury January 1, 1875.....\$ 143,174 53

Of the tax levy of 1874, amounting to \$992,545 09, the collections have been \$619,155 74, leaving a balance of \$373,389 29 uncollected.

Street Paving Bonds to the amount of \$114,906 12 have been issued during the year, and of these bonds issued in 1871-2 and 3, due in 1874, \$159,632 31 have been paid. Two bonds, amounting to \$1,675 42, have not been presented for payment. Of the amount of Street Paving Bonds outstanding, aggregating \$317,087 11, the Commis-

sioners of the Sinking Fund have purchased and held \$101,371 10.

It will be seen that the city debt was slightly increased during the last year, the principal part of which is accounted for in the ordinary course of issuing bonds for that prime necessity, "main sewers." Our public works, under an eminent Board, have not only been done well, but also at low prices and in good season. With the single exception of the malaria prevailing in the Common Council to raise salaries, when the times imperatively demand a reduction, everything connected with city affairs is most satisfactory.

I congratulate the citizens of Detroit upon their enterprise and good credit, commercially as well as municipally; and if we, their servants, by prudent management resolve to reduce and keep down taxation, with all of this city's resources and facilities, a vaster trade than she at present enjoys will assuredly be hers at no distant day.

It has been customary for the Mayor in his annual message to the Council to outline or recommend some policy to be pursued for the year to come. In the present instance, however, I offer no advice, but leave the whole matter to the intelligence of your collective body, with the assurance that in whatever may be your honest, earnest and enlightened endeavors for the improvement, development and general weal of our fair city, I shall most cordially co-operate to the fullest extent of the very limited powers with which your chief magistrate is invested.

Very Respectfully,  
H. MOFFAT, Mayor.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—At your last session you passed a resolution directing me to discontinue the proceedings in the matter of opening an alley in the block bounded by Tuscola, Maria, Fourth and Crawford streets.

As the jury had made their report in this case and the same came up for confirmation yesterday, the court upon my motion postponed the case thereon until Wednesday next week, and that your honorable body might reconsider your action, as provided by your rules, if you should deem it proper so to do.

I deem it my duty to call your attention particularly to this case. An alley ten feet in width is already open by proper dedication in this block, and the purpose of the proceedings in court is to widen it ten feet. At the time of your adoption of the resolution of discontinuance, no objections to the confirmation of the report had been filed, and the time had passed in which it could be filed. Some three or four resolutions have been adopted and proceedings instituted during the last year for the opening of an alley in this block and the block next south of it; the proceedings, however, have always been discontinued and always at the expense of the city. The damages found by the jury in the case in question were \$150, calling, as will be readily seen, for a light assessment upon the lots deemed to be benefited.

If the proceedings in this case are to be discontinued in the manner proposed, I know of no reason why they may not in any case and even where law and propriety would require confirmation upon the part of the court.

Very respectfully,

F. G. RUSSELL.

City Attorney.

The communication was accepted, and thereupon Ald. Dunlap moved that the vote be reconsidered by which the resolution discontinuing proceedings in the opening of the alley above referred to was adopted.

Carried as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks and the President—21.

Nays—None.

Ald. Dunlap moved to indefinitely postpone further consideration of the resolution.

The motion prevailed.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The jury impaneled in the matter of opening and extending Front street, from its present easterly terminus to the alley adjoining Moore, Foote & Co.'s property, have reported that the opening as proposed is not a necessary public improvement.

The jury in their report recommend that the street be opened in the direction proposed, and so as to connect fully with Woodbridge street, by taking the small triangular piece of ground in front of Moore, Foote & Co. and Buhi & Daeharms. In my judgment the recommendation is a good one.

Very respectfully,

F. G. RUSSELL.

City Attorney.

Accepted and placed on file.

## FROM THE SAME.

To the Honorable the Common Council.  
Gentlemen—The accompanying communication, written and dated the 6th inst., I intended to submit to you one week ago to-night, but did not do so mainly because I did not care to influence your action in relation to others.

Under rule 28, governing the deliberations of your honorable body, a reconsideration may be had at your present session of the motion increasing my salary from \$1,800 to \$2,000.

Being fully satisfied of the propriety of the communication above referred to, I respectfully request you to reconsider the action in my case, and that the salary be permitted to remain as it was for the year 1874.

Thanking you for your kind action,  
I am your obedient servant,  
F. G. RUSSELL,  
City Attorney.

## [COPY]

To the Honorable the Common Council:  
Gentlemen—At your session last evening the Committee on Ways and Means reported in favor of increasing my salary \$200. In qualifying for the second term one year ago, I tacitly entered into contract with the city to perform all duties pertaining to this office for an annual salary of \$1,800, no matter if the responsibility and work should increase two fold during such term.

For this reason, and because, owing to general financial distress, it is difficult for many worthy persons to obtain any salary whatever, I beg leave to request that you will make no change in the salary of this office at present. Thanking the committee for their unsolicited and very complimentary action, and you gentlemen, always for kind consideration, I am,  
Very respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted and placed on file.

## FROM THE RECORDER.

The Clerk read the following communication received from the

## HOUSE OF REPRESENTATIVES

in Lansing assembled:

To the Common Council of the City of Detroit: Whereas, the death of Capt. E. B. Ward is an event of recent occurrence, therefore,

Resolved, That this House desires to put on record a memorial tribute to his worth. Not that we would change the fact that called him hence if we could, nor yet that our expression can avail aught to him.

It is not ours to chide the universal law which commands "dust to dust," and whether or not, as the Grecian philosopher has said, "to die is gain," any expression of regret or of mourning on our part could in no way affect the person who has passed away.

To the immediate friends of the deceased, his loss is a cause for heartfelt grief and mourning, while by the industrial and commercial interests of the State and country, it will be most severely felt.

But the memory of a good man is of value to those who survive and come after him, through his example; the honor which is paid to the heroes and princes of the earth would be but poorly bestowed if it had for its object only the fulsome adulation of the persons themselves.

We honor the memory of great men and women of historic fame, that we may hold their characters up as worthy of imitation. Greatness consists not alone in winning battles or in guiding states, but in the career of Capt. Ward we have an example of greatness in developing the industrial and material interests of his State and country.

He developed for himself a kingdom, at the head of which he stood with his feet on the exercise of his genius and energy, since the average ambition of the land looks to the forum as the touchstone to greatness and renown.

Capt. Ward was essentially the King of the Commons, for the reason that his powers of concentration and execution, manifested through his various enterprises, went directly to the sustenance, comfort and general good of the masses.

A man's private virtues are his own, his public life belongs to the race.

While Capt. Ward was not a holder of political office, he was nevertheless a public man in the broadest sense, and while it is the province of biography and of contemporary history to deal with the details of his career, this House takes pleasure in placing on record this brief tribute to the memory of one who was great and good, through his great usefulness, his kindness, his charity and his public beneficence.

JOHN F. HOYT,

Speaker of the House.

DANIEL S. ROSSMAN,

Clerk of the House.

Accepted and placed on file.

## FROM THE CITY CLERK.

That he presented the proceedings of the last Council to the Mayor on the 18th inst., and they were approved by him on the 19th inst.

Accepted and placed on file.

Also, That David W. Gray, Clerk of the Central Market, Henry Kummel, Watchmaster of the Eastern District, John Ivers, Poundmaster of the Western District, Dr. Joseph Ferguson, City Physician of the Third District, Dr. Hamilton S. Smith, City Physician of the Fourth District, Theodore F. Kerr, City Physician of the

Fifth District, and Christopher F. Blattmeir, Gas Inspector, have filed their official bonds.  
Referred to the Committee on Ways and Means.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

Gentlemen—The amount appropriated for the construction and completion of the large public sewers running north from the Detroit river being inadequate, it is deemed advisable that a further loan be authorized. To complete these sewers it will require in addition to the amount appropriated for that purpose, three hundred thousand dollars.

Inasmuch as the Legislature will not again convene in two years, to provide against uncertainty, the Board are of opinion that should your honorable body desire the completion of said sewers, immediate steps be taken by the Common Council, whereby authority may be obtained for raising the amount required.

In the year 1869 the Board of Sewer Commissioners recommended these sewers as part of the general plan for sewerage, in accordance with the City Charter, for the purpose of cutting off and relieving the old sewers, as some of them are of too small capacity to receive the amount of sewerage demanded by the large territory in the outskirts of the city.

That said sewers may be extended and completed, without interruption, the Board respectfully recommend that a resolution be adopted by your honorable body requesting our senators and representatives in the Legislature to procure the passage of an act authorizing the Common Council to issue three hundred thousand dollars of city bonds, to be negotiated at such times and in such amounts as will from time to time

be required as the work progresses.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and permission being granted, Aid. Hough offered the following:

Resolved, That our Senators and Representatives in the Legislature be and they are hereby respectfully requested to procure the passage of an act authorizing the Common Council to issue under a vote of the Board of Estimates three hundred thousand dollars of city bonds of the usual kind and denominations for the purpose of continuing and completing the large public sewers running from the Detroit River toward the northern portion of the city, to terminate at such localities as the Board of Public Works may deem proper and recommend.

Resolved, That the City Clerk be directed to forward the accompanying bill to the Hon. James Daily at Lansing, with a request that he urge its immediate passage by the legislature.

The bill was thereupon read by the Clerk, when Aid. Hough moved the adoption of the resolution.

The motion prevailed as follows:

Yeas—Aid. Pease, Blackgill, Christian, Dorr, Dunlap, Finney, Finckhaas, Gies, Guthrie, Heames, Hinchman, Horn, Hough, Kurts, Owen, Rouland, Schmitt, Schmitts, Shanahan, Wilks and the President—31.

Nays—None.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT,  
MAYOR'S OFFICE, Jan. 22, 1878. }

To the Honorable the Common Council:  
Gentlemen—At the last session of the Council a special committee was appointed, of which, by my name being first on the list, I would be expected to act as chairman and call the committee together.

I wish to state to your honorable body that I have not done so, and hereby most respectfully decline being a member of that committee, for the reason, that by my official oath as Mayor of this city I am in a great measure plaintiff in the case, and bound to prosecute and enforce by law the payment of monies due the city by the Leasewee bondsmen, therefore it would be improper for the Mayor; and I think, also, for the Controller to act with a committee to which is re-

ferred the petition of Mr. A. Shaley, one of the bondsmen.

Very respectfully,  
H. MOFFAT,  
Mayor.

Accepted and placed on file.

## COMMUNICATIONS FROM CITY OFFICERS.

Regulating the placing of stable manure in alleys.

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. #### JUDICIARY AND CITY ATTORNEY.

To the Honorable the Common Council:

Gentlemen—I beg leave to report adversely upon the petition of D. S. Osborn and others in relation to assessment for the construction of a lateral sewer from Twenty-fourth street through an alley next north of Fort street to Twenty-third street, thence down Twenty-third street to Fort street, and thence along Fort street to Twenty-first street public sewer, and for reasons as follows:

Upon a careful examination of the charter we find that said sewer is a lateral sewer, and that the expense of its construction must be met by assessment upon the property immediately fronting or abutting the alley and streets through which it runs.

In this case receiving basins were put in for the express purpose of carrying off surface water

from streets and lots in the vicinity of the sewer and for the benefit of those assessed to pay for such sewer.

We are of the opinion that a lateral sewer is public property, although the expense of its construction is assessed upon a certain locality, and we believe the city may place receiving basins therein at any time and place, if the capacity of the sewer will permit.

Very respectfully,

GEORGE DUNLAP,  
WM. H. BAXTER,  
Com. on Judiciary.  
F. G. LUSSELL,  
City Attorney.

Accepted and adopted.

#### CLAIMS AND ACCOUNTS AND ATTORNEY.

To the Honorable the Common Council:

Gentlemen—The undersigned, to whom was referred the petition of John Weissenhofer, in relation to an alleged trespass upon a lot belonging to him, in the construction of a certain lateral sewer, submit the following:

The city obtained right of way across lot 6, block 18, Withersell farm, by deed from the owner, for the construction of a lateral sewer; petitioner's lot appears to join said lot 6; if a trespass was committed by the contractor, the petitioner's remedy is against him, if anywhere. We are informed, however, that a complaint having been made by petitioner when the sewer was in process of construction, an actual survey was made, under direction of the City Engineer, and the sewer found to be one foot and a half distant from petitioner's lot.

We see no reason for allowing damages to the petitioner.

Very respectfully,

RAYMOUR FINNEY,  
JA. OB G THARD,  
JOHN D. FINNAGAN,  
Committee on Claims and Accounts.  
F. G. LUSSELL,  
City Attorney.

Gentlemen—Your Committee on Claims and Accounts to whom was referred the Controller's list of Approved Accounts of the 13th and 18th insts., having examined the same and believing them correct, would ask their approval and payment from the proper funds.

Respectfully submitted,

RAYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNAGAN.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Kottlan, Schmitt, Schmittidie, Shannan, Thompson, Wilks and the President pro tem.—41.

REPORTS OF COMMITTEES.

FIRE LIMITS.

To the Honorable the Common Council:

Gentlemen—Your Committee on Fire Limits, to whom was referred the petition of Henry Vander side, for permission to raise the rear part of his house, No. 175 Gratiot avenue, to the same height as the main building, would respectfully report, that we have examined the premises and the locality, and find that by adding one story to the rear addition would not increase the fire risk, as said building is situated between two brick buildings; therefore your committee recommend that the prayer of the petitioner be granted.

Respectfully submitted,

JACOB GUTHARD,  
SKYMOOR FINNEY,  
D. SHANAHAN.

## SPECIAL.

To the Honorable the Common Council:  
Gentlemen—The Special Committee, to whom was referred the resolution of Alderman Heames, directing the said committee to report to the Council some plan for the better protection of the City Hall tower, beg leave to submit the following:

Our committee have ascertained from those who have charge of the City Hall and the tower clock, that the tower is a disgrace to the city. The committee do not care to enter into the particulars, and detail to this body what has made the tower a nuisance, but will state briefly what remedy they would recommend. We believe that a suitable person placed in charge of the tower, stationed at foot of the stairway, near the Sheriff's office, registering the name of every person visiting the tower, and charging a nominal fee for the same would do away with all, or nearly all, the complaints now made. The person in charge could, under the restrictions of this body, sell certain articles, such as photographic views, tourists' guides, &c., and loan field and marine glasses to visitors. The receipts from visitors would more than pay for the keeping of the tower in order, including the nominal salary paid to the keeper.

We would recommend that the Committee on Ordinances be instructed to bring in an ordinance embodying the above for the government and care of the tower, and would submit the annexed resolution.

Very respectfully,

J. B. ROUNLAND,

J. B. KIRKITT,

H. HEAMES,

Committee,

HARVEY KING,

President of Board of Public Works,

E. I. GARFIELD,

City Controller.

Resolved, That the Committee on Ordinances be and they are hereby instructed to bring in an ordinance providing for the government and care of the City Hall tower in accordance with the recommendations of the special committee. Accepted and laid upon the table for one session.

## FOUNDS.

To the Honorable the Common Council:

All of which is respectfully submitted.

#### FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—The Board of Public Works, to whom was referred the petition of J. & F. Michels, for permission to erect scales on the sidewalk on the northeast corner of Beaubien and Fort streets, report,

The ordinance relative to the use of streets and public spaces provides that no permanent obstructions shall be placed on sidewalks. Should the petitioners be permitted to erect the scales, in the opinion of the Board, the weighing of heavy material loaded on carts would be a serious impediment to those who have occasion to pass their shop. The Board therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,

HARVEY KING,

President.

Accepted and the recommendations therein contained were concurred in.

#### FROM THE CITY CLERK.

FROM THE SAME.

To the Honorable the Common Council:  
Gentlemen—Your Committee on Claims and Accounts to whom was referred the claim of A. Marsh, Esq., for services in attending a meeting of the special committee on gas, submit the following:

Your committee find that Mr. Marsh was requested to attend the meeting of the committee, to give information in reference to the change of burners on lamp-posts. He came before the committee in accordance with the request voluntarily (not summons), and gave the information asked for. Your committee would state that this is the first instance within their knowledge when any citizen has presented a bill for attendance upon a committee, and your committee are surprised that an ex-official should be the first person to make this charge. If he had been regularly summoned, as is required when it is necessary to oblige a witness to testify, then your committee would report in favor of paying the regular witness fee allowed in the Superior Court, to wit, 40 cents.

Under the circumstances, and in order not to establish a precedent which would involve the city in a large expenditure during the year, we report adversely to the claim.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted.

FIRE LIMITS.

To the Honorable the Common Council:  
Gentlemen—Your Committee on Fire Limits, to whom was referred the petition of W. E. Chudleigh, for permission to build a temporary shed for the purpose of storing ice, on a lot near the corner of Grand River and Fifth street, would respectfully report that we have examined the premises and the locality, and find that by the erection of said shed, it would not increase the fire risk, and as Mr. Chudleigh does not wish to leave said shed there no later than June next, your committee would recommend that the prayer of the petitioner be granted.

Respectfully submitted,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

STREET OPENINGS.

To the Honorable the Common Council:  
Gentlemen—Your Committee on Street Openings, to whom was referred the petition of C. Kaiser and others, asking that you do not open an alley in the block bounded by Mul-ti, Catherine, Russell and Ropelle streets, would respectfully report that we have had said petition and the subject matter thereof under consideration, and are of the opinion that an alley ought to be opened in said block, proper sewerage therein being almost impossible without one, and as the plan proposed has been specially devised to avoid expense, we think the proceedings for opening said alley ought not to be interfered with, but be allowed to proceed. We therefore report against granting the prayer of the petitioner.

Respectfully,

J. HORN,  
GEORGE DORR,  
WM. A. OWEN.

Accepted and adopted.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT.

MAYOR'S OFFICE, Feb. 2, 1875. }

To the Honorable the Common Council:

Gentlemen—I hereby suggest to your honorable body that there are strong reasons for the belief that the duties of certain offices created by ordinance of the City Council could be better discharged if competed for and let out to the highest bidder, with the certainty of increased revenue to the city and no damage whatever to the public.

Therefore in discharge of my duty I recommend that the ordinance creating the offices of weighmasters for this city be rescinded by your honorable body, and that the keeping of hay scales, together with the general management of the hay markets, be by ordinance let to the

highest bidder, with such regulations regarding charges to be made and other duties to be performed, as the exigencies of the cases may require.

As the office of Weighmaster for the Eastern District is now vacant, caused by the abuse which the present system of appointment to these offices, is liable to engender, I think that justice to the tax payers and respect for the good name of the city, demands the change be made before another appointment intervenes.

Very respectfully,

E. M. MOFFAT,

Mayor.

Accepted and referred to the Committee on Ordinances and the City Attorney.

### AN ORDINANCE

For the regulation and protection of the City Hall tower and clock.

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. As soon as may be after the passage of this ordinance, and on the second Tuesday in January of every year thereafter, the Common Council of said city shall appoint a person to take special charge and care of the City Hall tower, who shall be known as "Tower Keeper." The compensation of such person shall be determined by resolution of said Council, and he shall give bond in the sum of three thousand dollars for the faithful discharge of his duties.

SEC. 2. Said keeper shall keep the tower, the rooms and passage ways therein and stairways leading thereto clean and in good order, and shall be diligent in preventing any person from defacing, cutting, scratching, marking upon or in any manner mutilating or injuring the tower, the clock therein, or anything thereunto appertaining, and he shall make complaint promptly against any person violating the provisions of this ordinance.

#### REPORTS OF COMMITTEES.

##### WAYS AND MEANS.

To the Honorable the Common Council:

Gentlemen—Your Committee on Ways and Means to whom was referred the various petitions and communications relative to a public market, respectfully report, that this subject has now been before this Council and the public for several years, and that it seems to be generally conceded that a public market, in a central location, is a public necessity.

The present sheds and buildings west of Pata's street are totally unfit for occupancy, and a disgrace to the city, while a new building on the same site would undoubtedly prove a source of revenue to the city and a benefit to citizens, rich and poor alike.

From its central position and the surroundings it is proper that enough attention should be given to architectural effect to make it a credit to the city, and worthy to confront the City Hall, while, with a basement and ground floor devoted to market purposes proper, the space above would furnish a hall large enough to accommodate any public meeting likely to assemble in Detroit at present or in the near future, and also provide rooms and offices for our now homeless courts and commissions.

Ornamental ground should occupy part of the space between the market building and the Soldiers' Monument, and we would then see the Campus Martius approach or even exceed in beauty what was expected by the founders of the city.

For these reasons, and others that might be given, we recommend the passage of the resolution offered by Alderman Kurtz at the last meeting of the Council, and also that a committee of three members of this Council or other citizens be sent to some of the eastern cities with a view to getting the best plans for markets, to be embodied in designs to be competed for by our own architects.

Respectfully submitted,

GEORGE DUNLAP,

J. B. HINCHMAN,

WM. A. OWEN.

Accepted, and Ald. Dunlap moved that so much of the report as relates to the adoption of the resolution therein mentioned be concurred in.

Ald. Finnegan moved to lay the matter upon the table for one week.

And the motion prevailed as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks and the President—20.

Nays—Ald. Hinchman—1.

##### TAXES.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes to whom was recently referred the petition of E. Van Baalen, asking to be relieved from the payment of the Six and County taxes assessed against him in 1874, report.

The subject matter of the petition is something over which this council has no control whatever. We therefore report the petition back and ask to be discharged from its further consideration.

Respectfully submitted,

WM. H. BAXTER,

C. C. BLODGETT.

Accepted, and the recommendations therein contained were concurred in.

##### FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes to whom was referred the petitions of John Prouty, Thos. W. Palmer, F. W. Duvernois, Nicholas Fl-chback and Louis Aspinall, claiming to have been erroneously assessed upon personal property, and after a careful consideration, that the claims should have been made to the Board of Review when in session. We therefore report the petitions back and ask to be discharged from the further consideration of the subject.

Respectfully submitted,

WM. H. BAXTER,

C. C. BLODGETT.

Accepted and the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes to whom was referred the petition of the Gablen Brothers, asking that certain assessments made against them on personal property in 1874 be refunded, report:

The petitioners changed their business location from Third street to Larned street, and they were inadvertently assessed in both places. We therefore recommend the adoption of the following resolution:

Resolved, That the Controller be directed to draw a warrant on the Contingent fund in favor of the Gablen Brothers for six dollars and eighty-nine cents.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT.

Accepted and accepted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Rudolph Schmitt, claiming to have been erroneously assessed on personal property, have carefully examined the question and report:

We find that, by reason of a clerical error, he was assessed for a horse and wagon he does not own. We therefore recommend that the tax, amounting to one dollar and twenty-three cents, be refunded, and that the Controller be directed to draw a warrant for this amount.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT.

Accepted, and, upon motion, the recommendations therein contained were concurred in as follows.

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—21.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes to whom was referred the petition of Henry Hintermeister, asking to be relieved from the payment of personal property taxes assessed against him, report:

By reason of a clerical error, which was made in compiling the assessment rolls of 1874, the petitioner was taxed on property valued at \$12,000 instead of \$1,200. Under the circumstances he is unquestionably entitled to the relief asked for, and we recommend the adoption on the following resolution:

Resolved, that the Controller be directed to draw his warrant on the Contingent Fund in favor of Henry Hintermeister for one hundred and thirteen dollars and eighty-six cents, whenever he shall furnish satisfactory evidence that he has paid all the personal property taxes assessed against him for the year 1874.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT.

The communication was accepted and the resolution adopted by the following vote:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Charles E. Letts, claiming exemption from certain personal property taxes, report:

Included in the assessments made against the petitioner is the screw A. C. Turner, and we find by reference to the records of the United States Custom House that the vessel in question has not been owned by Mr. Letts since the spring of 1872. We think he is entitled to the relief prayed for, and recommend the adoption of the following resolution:

Resolved, That the Controller be authorized to draw a warrant on the Contingent Fund in

favor of Charles E. Letts for thirteen dollars and fifty-six cents.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of Peter Ternes to be relieved from an assessment on lot 4 block 19 Lafontaine farm for constructing a lateral sewer in the alley south of Michigan avenue between Sixteenth and Seventeenth streets, report:

That on the first day of May a lateral sewer was ordered to be constructed in the alley between Sixteenth and Seventeenth streets, south of Michigan avenue to Dalzelle street. This sewer at the request of property owners on Michigan avenue was discontinued after reaching within ten feet south of the south line of Michigan avenue in the rear of petitioner's lot, and said petitioner was assessed for constructing the same \$32 75. Had the sewer been discontinued at the south line of the petitioner's lot then the board hold that he would be liable for the assessment for constructing the sewer south of Michigan avenue, in which case he would be assessed \$46 08 which amount is, in the opinion of the board, all the petitioner should justly be compelled to pay.

The petitioner having paid \$32 75 it is recommended that an assessment be made on lot 4, block 20, Lafontaine Farm, for \$13 83, being the difference between the amount paid and the amount that would have been assessed for the Michigan avenue sewer; and that the same be refunded to the property owners abutting on said alley.

Respectfully submitted,

HARVEY KING,

President of Board of Public Works.

Accepted, and on motion the matter was referred to the City Engineer to present the proper assessment roll.

FROM THE CITY CLERK.

To the Honorable the Common Council:  
Gentlemen—In accordance with the report of the Committee on Ways and Means adopted by your honorable body at its last session, William Jones and John Newman, the bidders for burying animals for the Eastern district, met in my office on the 9th inst., when Mr. Jones agreed to take the contract for the Western district and Mr. Noonan the Eastern.

Very respectfully, &c.,

E. I. GARFIELD,  
Controller.

Accepted and placed on file.

FROM THE CITY ATTORNEY.

To the Honorable the Common Council:  
Gentlemen—In accordance with your instructions I herewith transmit the proper resolution for opening Frank street. An assessment district will be necessary.

Respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted.

Be it resolved by the Common Council of the City of Detroit, That we, the said Common Council, deem it a necessary public improvement in said city to open Frank street, between Crawford and Fourth streets, which said improvement is described by notes and bounds, course and distances, as follows, to wit:

All that part of the Foreyth and Jones or Cram farms bounded and described as follows: Commencing at the southerly corner of lot 8, subdivision of outlots 6 and 7, Foreyth farm; thence north sixty-seven degrees thirteen minutes, east one hundred and fifty-seven and forty-eight one-hun-

dredths feet to the westerly line of Fourth street; thence south twenty-two degrees forty-seven minutes, east fifty feet; thence south sixty-seven degrees thirteen minutes, west four hundred and eighty-six and eighty-four one-hundredths feet to the easterly line of Crawford street; thence north twenty-two degrees forty-seven minutes, west twenty-five feet; thence north sixty-seven degrees thirteen minutes, east three hundred twenty-nine and sixty-six one hundredths feet; thence north twenty-two degrees forty-seven minutes, west twenty-five feet to the place of beginning. And we do hereby determine to take, for the purpose of making said improvement, such private property included within the above described limits as may be necessary for the making of the same.

And be it further resolved by the said Common Council, That the City Attorney be, and he is hereby directed to apply to the Recorder's Court of said city for the drawing and impaneling of a jury required in such cases, and to give notice in accordance with the city charter.

Adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Roiland, Schmitt, Schmitt, Shanahan, Wilks, and the President—22.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The tower ordinance having been referred to me again, I submit the same to you with some amendments added as safeguards. From careful consideration of the subject I am satisfied that it would be neither prudent nor business-like to construct and maintain an elevator for tower-visiting purposes. An elevator would disfigure the building, and if operated for the uses of the public in visiting the tower would be a standing invitation to most of the idlers in the city to fill, obstruct and make a nuisance of the halls and passage ways of the City Hall. In my judgment, if a suggestion will be permitted, the tower can be best regulated and protected by placing a good police officer in charge thereof.

Very respectfully,

F. G. RUSSELL,  
City Attorney.

The communication was accepted, and on motion of Ald. Christian, the further consideration of the ordinance relating to the subject therein mentioned was indefinitely postponed.

FROM THE CITY COUNSELOR.

To the Honorable the Common Council:

Dorr to report a proposed act for the opening of streets through any of the parks and public places enclosed in the Governor and Judges' plan. The authority to do this is now possessed by the city to the full extent the Legislature has power to confer.

Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.

The following is the act referred to:

An act to amend an act, entitled "An act to revise the Charter of the City of Detroit, approved February 5th, 1867, as amended by the several acts amendatory thereof."

To the Honorable the Common Council:

GENTLEMEN—I respectfully request the appointment, by your honorable body, of a special committee to be present with the Controller at the time of the cancellation of the bonds of the city, which have been paid during the last fiscal year. The presence of such committee is required by the city charter.

Yours respectfully,

E. C. HINSDALE,

City Treasurer.

Accepted, and upon motion, the chair appointed the Committee on Ways and Means, as the above special committee.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit to your honorable body assessment rolls Nos. 2,279 and 2,280.

## REPORTS OF COMMITTEES.

### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits would respectfully report that they have examined the petition of Richard E. Jamieson, No. 263 Larned street east, who desires to raise a frame dwelling and to erect a small ornamental gable thereon, and would recommend that the permission asked for be granted, no increase of the fire risk being contemplated thereby. Also the petition of John Hanrahan to repair his dwelling, No. 22 Mechanic street, and improve the same, thereby benefiting that immediate locality, your committee would report favorably upon, as the improvements will in no wise increase the fire risks.

Very respectfully,

JACOB GUTHARD,

SEYMOUR FINNEY,

DANIEL SHANAHAN.

Accepted, whereupon Ald. Hinchman moved that the permission recommended be granted under the supervision of the Fire Marshal, and with this amendment the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits, to whom was referred the petitions of William Wade, and Martha E. L. Williams, the former to build an addition to his barn in rear of No. 191 Congress street, west, and the latter to remove a frame building situated No. 175 Woodbridge street, east, and enlarge the same, would report adversely thereto, in both instances, as the changes contemplated, would, in their judgment, materially increase the fire risk, while the improvements sought would not compensate for the additional fire risks thereby engendered.

Very respectfully,

JACOB GUTHARD,

SEYMOUR FINNEY,

DANIEL SHANAHAN.

Accepted and adopted.

POUNDS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Pounds to whom was referred the petition of Elton Whitmore and others, respectfully report that they are in favor of extending the pound limits over the entire Western District of the city as far as Twenty-fourth street and as far north as Grand River avenue.

CONTROLLER'S OFFICE,  
CITY HALL, February 16, 1875.

To the Honorable the Common Council:

GENTLEMEN—In accordance with the requirements of Section 5, Chapter 8 of the Charter of the City of Detroit, I have the honor of submitting to your honorable body the estimates of the amount of money which will be required to defray the expenses of the city of Detroit for the financial year of 1875-6, commencing February 1st, 1875, and terminating the 31st day of January, 1876; also, of transmitting to your honorable body the estimates and amounts asked for by the—

Board of Education,  
Board of Fire Commissioners,  
Board of Metropolitan Police Commissioners,  
Board of Public Works,  
Board of Water Commissioners.

The increase of the estimates this year over the appropriations of the past year is in the following funds:

Interest Fund,  
Contingent Fund,  
Park Improvement Fund,  
Street Opening Fund,  
General Road Fund,  
General Fund,  
Road District Funds,  
Board of Education Fund,  
Fire Department Fund,  
Water Commission Fund.

The details of the estimates made by the several boards and those made by this office are submitted for your information.

It will be observed that the aggregate is larger than the appropriations of 1874 in the sum of \$233,778 27. While anxious that economy should be studied in all the departments, I am not of those who would, without good reasons, curtail public improvements in times of financial depression like the present, when municipal work and improvement can be accomplished at an expense much less than in ordinary times. I am satisfied the city can lose nothing by the judicious employment of mechanics, artisans and laborers.

Very respectfully, etc.

E. I. GARFIELD,  
Controller.

To the Honorable the Common Council:

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Concerning the petition of J. D. Elderkin, I am unable to give any reason for the delay of the Judge of the Superior Court in rendering a decision in the matter of the alley between Adams avenue, Elizabeth, Brush and Beauclieu streets.

The facts in the case are substantially as stated by the petitioner. I have called the attention of the Judge to the matter on several occasions, and have requested the City Counselor to do so. Delay has already become embarrassing in this case, and I presume his Honor, appreciating the fact, will soon render a decision.

F. G. RUSSELL,  
City Attorney.

FROM THE BOARD OF EDUCATION

To the Honorable the Common Council:

The undersigned for and on behalf of the Board of Education of the City of Detroit, respectfully represent, that under the act of the Legislature of the 27th of March, 1873, the Board of Estimates of Detroit was authorized upon the application of the Board of Education and their estimated expense for such building, to provide for the purpose of a Public Library Building, fixtures and furniture a sum not exceeding \$150,000.

That an estimate to the amount of \$125,000 was accordingly made by the Board of Education and transmitted to the Board of Estimates in April, 1874, such estimate being in the sum of \$125,000; that the Board of Estimates consented to the levying of the amount specified, and recommended the necessary action on the part of your Honorable body in the premises.

They further show that the estimate aforesaid was founded upon information then in their possession as to its sufficiency for carrying out said work; but that they have been unable to secure a contract for the erection of a suitable building for the purpose referred to, without exceeding to some extent the amount originally estimated.

They show that it is the desire of the Board of Education to secure from the Legislature at its present session an act or amendment to the act referred to, which shall authorize the Board of Estimates in their discretion to provide the further sum of \$50,000 in addition to the \$125,000 already granted, making \$175,000 in all.

Before applying to the Legislature for this purpose, they have thought it proper to submit the

matter to your Honorable body, asking an approval of their contemplated course, and that your consent may be formally granted.

Very respectfully,

GEORGE H. BALCH,  
President of the Board of Education.

JAS. W. ROMEYN,  
J. W. STRONG,  
JOHN T. LIGGETT,  
W. M. LILLIBRIDGE,  
Committee on Library.

[COPY.]

DETROIT, February 15, 1875.

At a special meeting of the Board of Education held on the 15th day of February 1875 the following preamble and resolution was adopted.

WHEREAS, it has been found that the sum of \$125,000 appropriated by the Board of Estimates for a Public Library is insufficient for the erection and completion of a suitable building, and

WHEREAS, as this Board has been advised by competent legal authority that the Board of Estimates having once acted in the premises has exhausted its power under the act of the Legislature of March 27th, 1873, and has no power to make an additional appropriation. Therefore

*Resolved*, That this Board take action to obtain from the present Legislature an act authorizing the Board of Estimates to make a further appropriation of \$50,000 for the Public Library Building of Detroit.

The foregoing is a true extract from the proceedings of the meeting referred to.

Very respectfully,

SAMUEL E. PITTMAN,  
Secretary of the Board of Education.

Accepted and referred to the Committee on Ways and Means.

FROM THE CITY CLERK.

That he transmitted the proceedings of the last Council of the Mayor on the 13th inst., and they were returned approved on the 16th inst.

Accepted and placed on file.

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned Special Committee, appointed to consider the petition of Alanson Sheley to be relieved from the suits against him by the city as one of the sureties of the late E. S. Leadbeater, as City Treasurer,

Report that they have considered the matter, and being advised by the City Councilor that the amount of liability of each of the sureties on each of the bonds can be stated, and which amount each ought to pay, and that upon the payment of such amount each surety so paying can be discharged under the statutes of this State, the undersigned therefore recommend that upon such payment by any of said sureties such surety be discharged. GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN, Committee.  
D. C. HOLBROOK, City Counselor.

Accepted and adopted.

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—Your special committee, appointed to investigate the charge "That improper and corrupt means have been used in procuring the appointment of James Graham as Weighmaster of the Eastern District," respectfully report that they have examined under oath fourteen witnesses whose testimony is herewith submitted; and from this testimony they have found the following facts:

First—That in consideration of his appointment to the office of weighmaster of the Eastern District, Mr. James Graham agreed with Ald. Guthard, of the Sixth ward, that he would pay \$500 in regular monthly installments to Mrs. Kuemmel, the widow of his predecessor.

Second—That the payment or securing of this sum was demanded from Mr. Graham by Ald. Guthard before the appointment was made, and upon the express understanding that Graham could only receive the appointment upon complying with the demand.

Third—That the demand made by Ald. Guthard was made with the assent and approval of other members of the council, and the agreement that Graham should be appointed upon compliance with the demands was also assented to and approved by several of Ald. Guthard's fellow-members of this body.

Fourth—Your committee does not find, that in making this demand of Graham, Ald. Guthard was actuated by any personal or selfish motive.

On the contrary, they are convinced that he was actuated throughout by motives of kindness toward Mrs. Kuemmel, and a desire to assist her.

Your committee are unable, however, to regard the demand and the method adopted to enforce it in any other light than as the inauguration of a bad and dangerous precedent. However needy the circumstances of Mrs. Kuemmel may have been she had no legal or equitable claim upon the city or upon her husband's successor in office for the fees and perquisites thereof subsequent to her husband's decease. Had Mr. Graham or any other applicant for the office voluntarily proposed, for the gratification of his own benevolent impulse, to make the widow a present, or to relinquish in her behalf some portion of the fees of the office,

there would have been no serious objection probably from any quarter; but when the Common Council of the city, or any of the members, demand such generosity from an applicant for appointment, and make its exercise the condition of securing the appointment, the whole aspect of the affair is changed. The payment is no longer generosity or charity; and the Common Council is not only placed in a very undignified position whether the transaction be considered as a levy of contribution or a sale of public offices, but is also subjected to injurious suspicions. Once let the council open the door by assuming the right to demand from applicants for office the payment of money to any person, or for any purpose, and the way is clear for the making of demands the most iniquitous and corrupt.

The action of the council in rescinding the vote whereby Mr. Graham was appointed weighmaster, relieves your committee from the necessity of accompanying their report with any recommendation. They therefore submit it, with the testimony, and ask to be discharged from the further consideration of the subject.

All of which is most respectfully submitted,

H. HEAMES,

WM. A. OWEN,

SEYMOUR FINNEY.

Accepted, and Ald. Heames moved that the report be adopted and the Committee be discharged from further consideration of the matter.

Ald. Hough moved to lay the report upon the table for one session of the Council.

Carried.

#### REPORTS OF COMMITTEES.

##### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—In relation to the petition of Clemens Wette, to erect a covered stairway and landing at No. 550 Michigan avenue, your committee would report that they have examined the locality, and as no increased fire risks will ensue, they would report in favor of granting the prayer of the petitioner.

Very respectfully,  
JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted, and the recommendations were concurred in.

##### ORDINANCES AND CITY ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ordinances to whom was referred the communication of His Honor the Mayor, of February 2d, proposing certain changes in the ordinance relative to Weighmasters, and also several petitions numerously signed, asking that the present ordinance on that subject may be abolished, and the business of weighing may thrown open to the public, under the supervision of the Board of Public Works and the Police, have given the subject careful consideration, and respectfully report: That in their opinion the proposition of His Honor the Mayor, to put this or any other office up at auction, to be sold out to the highest bidder, is very objectionable and liable to greater abuse than the present system, as thereby the character of the incumbent is entirely

lest right of, and money rather than character, made the qualification for office. Besides, if the office of weighmaster may be put up to the highest bidder, consistency would require that all offices, where the incumbents are paid by fees, should be sold out in the same way. The proposition embraced in the petitions is less objectionable, but your committee believe that the duties required of the weighmaster will be better and more satisfactorily performed by officers under control of the council than by private individuals.

Your committee believe, however, that before weighmasters are appointed after the present incumbents' terms have expired, the question whether the rates charged for weighing hay should not be reduced or an increased license fee required from them, is one which should receive careful consideration. Your committee therefore recommend that no change should be made at the present time, but that the present unnecessary and unjustified excitement may have time to cool off, and then both this council and the public will be better prepared to act wisely and calmly, and propose the proper remedies for the evils which exist under the present system if any there be.

All of which is respectfully submitted.

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
Committee on Ordinances.

I concur substantially in the recommendations of the committee, but believe that the weighing of hay should be open to all under stringent regulations, or that the number of districts should be increased so that the public hay scales would be more accessible.

Very respectfully,  
F. G. RUSSELL  
City Attorney.

Accepted, and Ald. Christian moved that the recommendations be concurred in.

## FROM THE CITY ENGINEER.

To the Honorable the Common Council:  
GENTLEMEN—I herewith transmit to your honorable body rolls Nos. 2,281 and 2,282.

Very respectfully,  
E. WILLARD SMITH,  
City Engineer.

Accepted, and laid upon the table for one session.

FROM THE INSPECTORS OF THE HOUSE OF CORRECTION.

DETROIT, December 31, 1874.

To the Honorable the Common Council:

GENTLEMEN—The Inspectors of the House of Correction respectfully present this, their report for the year 1874 together with the reports of the Superintendent, the Physician and the Teacher of the Institution.

They direct your especial attention to the report of the Superintendent, in which he shows the highly gratifying result of a profit of \$23,070 68 from the last year's business.

The universally depressed state of trade has not led us to look for so successful a year financially, a year in which very many manufacturing institutions have found their balances on the other side of their accounts.

We bear cheerful testimony to the ability, the energy and devotion of the Superintendent in the discharge of his varied duties; to the good discipline pervading the Institution and to the admirable order and cleanliness of the different wards of the house.

For the first time in its history the House of Correction has been placed on a firm financial basis.

A comparison of a few statistics of January 1st, 1874, and December 31st, 1874, furnish conclusive proof of its improved and sound monetary condition. On January 1st, 1874, its bank account was overdrawn \$417 75, while on December 31st, 1874, the cash on hand was \$7,560 31, showing an increase in that account of \$7,978 14. Bills receivable January 1st, 1874, amounted to \$3,716 94, while bills receivable December 31st, 1874, amounts to \$4,614 17, a gain to the institution of \$5,897 23. Liabilities January 1st, 1874, \$56,261 36; liabilities December 31st, 1874, were \$31,633 61, a gain by the reduction of liabilities of \$24,627 75.

The total gain from all sources for the year was \$37,070 68. Deducting from this amount the \$14,000 received from the city in 1874, and we have the net gain, as stated above, of \$23,070 68.

The several reports of Superintendent, Teacher and Physician furnish ample evidence of the wisdom which initiated and still fosters the House of Correction.

The report of the physician shows the generally good health of the inmates for the past year, while the report of the teacher evinces an increasing interest on the part of the prisoners in their own moral and intellectual improvement.

While, however, we congratulate your honorable body upon the generally gratifying condition of the institution, we feel compelled to call your attention to the urgent need for an increased cell capacity.

We presented to your honorable body on August 18th, 1874, a communication from the Superintendent in which he asks for an increased number of cells.

The reasons for this request are succinctly but thoroughly presented, and we now, as then, believe his policy a wise one, while the increased accommodation is indispensable to the sanitary condition of the prisoners, and to the good discipline of the place.

One hundred cells and over contain two inmates which furnish them an area of 4 feet by 7 feet to move about in and to sleep in, and they are obliged to breathe an air that cannot out be vitiated and impure from repeated use, while the result of prisoners being placed in cells together is subversive of the discipline absolutely essential in reformatory institutions.

In the opinion of the Inspectors one of two courses seems imperatively called for, either a decrease in the number of prisoners or an increased cell capacity. We believe there are weighty and sufficient reasons to prefer the adopting of the latter course, creating a larger cell capacity, being convinced that a reduction in the number of prisoners would result in impairing the success and prosperity of the institution in its manufacturing interests.

A comparison between these statistics and those of former years develops the fact that while the number of outside commitments is decreasing,

the number of city commitments is increasing, otherwise we might look for relief in the future as regards the matter of inadequate cell capacity, in the fact that fewer prisoners were to be provided for; but the growing need of our city in this respect, and the opportunity of turning to good account the present unused House of Shelter will, we trust, ensure from your honorable body a favorable consideration of this subject.

Respectfully submitted,

JEFFERSON WILEY,

EDWARD KANTER,

WILLIAM C. COLBURN,

Inspectors of the House of Correction.

Accepted, and referred back to the Inspectors to be printed, and when printed to be referred to the Committee on the House of Correction.

FROM THE CLERK OF THE RECORDER'S COURT.

To the Honorable the Common Council:

GENTLEMEN—I hereby report to your Honorable body that the jury heretofore empanelled in the matter of opening Prospect street from its present terminus to the northerly limits of the city have filed their report and that the same was duly confirmed by the Recorder's Court on Tuesday, February 10th, 1875, also that I have this day filed in the office of the City Clerk a certified copy of the said report together with the order of the court confirming the same.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 23d of February, 1875, respectfully report that they have examined the same, and believing them to be correct, would

#### STREETS AND CITY ATTORNEY.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom was referred the petition of William Colgdon asking the vacation of a certain portion of Huron street, in the rear of a lot occupied by him on the southeast corner of Thirteenth-and-a-half and Ottawa streets, have examined the matter and report as follows:

The portion of said street sought to be vacated was dedicated as a public street in 1855, and its westerly line was then 102 feet from Thirteenth-and-a-half street. The last mentioned street has been, since that date, widened 30 feet, so that Huron street is now but 72 feet distant therefrom. The portion sought to be vacated is a cul-de-sac, lying south of Ottawa street, is of no use as a street, and because of its short distance from Thirteenth-and-a-half street ought not, and probably never will be extended. For the purposes of an alley in the block, a part of the piece should not be vacated.

We recommend that all that part of Huron street lying south of Ottawa street, and west of the westerly line extended to Ottawa street of an alley between Ottawa and Locust streets, next east of Thirteenth-and-a-half street, be vacated when the persons who made said dedication in 1855 shall have dedicated the balance of said Huron street, south of Ottawa street, for the purposes of an alley.

Very Respectfully,

J. HORN,  
M. P. CHRISTIAN,  
WM. A. OWEN,  
Committee on Streets.  
F. G. RUSSELL,  
City Attorney.

Accepted, whereupon Ald. Horn moved the adoption of the report.

Ald. Hough moved to lay the matter upon the table.

Which motion prevailed.

#### FIRE LIMITS.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Fire Limits to whom was referred the petition of Thomas S. Kelly, for permission to build a frame barn on his premises, No. 740 Michigan avenue, would report that they have visited and examined the premises, and are of the opinion that the erection of a frame building, such as the petitioner contemplates, would materially enhance the fire risk, and they would therefore report adversely to granting the prayer of the petitioner.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### STREET OPENINGS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Street Openings to whom was referred the resolution of Ald. Gies, directing that all proceedings be discontinued in the matter of opening an alley between Russell and Klopel's streets and between Catherine and Mullett streets would respectfully report that they have heretofore examined and reported upon said alley to this Council and their opinion regarding the necessity of an alley in said locality is still unchanged. The City Attorney's notice in said matter has been published and a jury summoned to further inquire into its necessity, and in any event the Council ought not at this time to in-

terfere in the matter. We therefore recommend that the consideration of said resolution be indefinitely postponed.

Very respectfully,

J. HORN,  
GEORGE DORR.

Accepted, and the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Street Openings to whom was referred the petition of Edward Simonds and others asking for the opening of Ledyard street to Grand River avenue, also the remonstrance of T. A. Blades and others against said opening, would respectfully report that they have examined said petition and remonstrance and the matters therein contained, and we concur in the opinion of the remonstrance that said opening is not at this time a public necessity.

J. HORN,  
GEORGE DORR,  
WM. A. OWEN.

Accepted, and laid upon the table for one session.

ISSUE AND SALE OF BONDS.

In accordance with the resolutions adopted by the Board of Estimates, May 8th, 1873, and April 27th, 1874, authorizing the issue and sale of Public Sewer Bonds, the Committee on Loans disposed of \$142,500 00 at prices ranging from par to a fraction over one per cent premium and accrued interest. Upon the 8th day of August last the committee ventured upon the novel mode of disposing

of a lot of Public Sewer Bonds at public auction. The experiment proved a success, the bonds selling at an average of nearly one per cent premium. Since that time other city bonds have been sold at one per cent premium. The eagerness with which the bonds are sought after speaks well for the credit of the city. The time when our securities were a drag in the market has passed, and our financial reputation is such that they will not depreciate below par, unless by the most willful carelessness on the part of the city government.

Of the Public Sewer Bonds, \$27,500 remain to be disposed of during the coming season as the work upon the great main sewers progresses. Public Building stock to the amount of \$16,000 of the original sum (\$700,000) authorized, remain to be issued for the erection of Public Buildings.

Street Paving Bonds, to the amount of \$114,908 12, have been issued to contractors for work done in paving streets, the payment of which is fully provided for, in the charter and ordinances, by special assessments upon the property benefited.

The bonded debt, although it has increased during the past year \$143,500 is still so small in proportion to our wealth and population of the city, as to afford a source of congratulation and pride on the part of our citizens. The issue of bonds constituting the increase to the bonded debt during the year, has been entirely for the improvement of the outer wards by the building of large Public Sewers, and I have no hesitation in asserting that the additional revenue derived from the increased value of the property in these wards, on account of such improvements will immediately meet the coupons upon the bonds, and the bonds themselves at maturity. No one will dispute but that the building of the City Hall has enhanced the value of property in its vicinity to a very great extent. The comparison of the assessment rolls at the present time, with those of 1873, will hardly fail to convince any person that the issue of bonds for that purpose was judicious and no detriment to the city. Our debt is almost entirely made up of City Hall, House of Correction and Public Sewer bonds. So long as the city limits its issue of bonds to the making of permanent improvements, which are absolutely necessary to the public, and must largely add to the value of property in the locality and vicinity where made, there will be no danger of falling into the errors committed by other municipal corporations. By strict adherence to the policy in the issue of bonds pursued in previous years, the credit of the city, now equal to that of any like corporation, will not suffer, and the interest account will never become a burden to the tax-payer. While the interest account is but seven per cent of the tax levy, capital will seek investment here, and no one will turn from Detroit on account of a large debt and taxes to invest elsewhere. I believe that this fact largely accounts for the very rapid and healthy growth of the city during the past few years.

It is not to be understood from the above remarks that an increase of the bonded debt of the city is favored. In my judgment, the notion that a great public debt is a public blessing, is fraught with danger; the true principle and maxim in the case of both the citizen and the municipality, is that in the absence of debt lies the greatest source of safety and prosperity. At least the clear will of the tax payers should regulate the extent and nature of municipal obligations.

#### THE SINKING FUND.

During the past fiscal year none of the bonded debt of the city became due. Redemption bonds (issue of 1833) to the amount of \$45,000 will be due October 1st, of the present year. The income of the Sinking Fund during the past year is nearly sufficient to meet this indebtedness. No other bonds mature until 1878, when Redemption bonds (issue of 1838) will mature, amounting to \$50,000. In 1879 the last of the Redemption bonds (issue of 1839 and '41) amounting to \$30,000, will be due and payable. The Sinking Fund, with its present income, will have ample means to meet these bonds, and also to pay off the entire bonded debt of the city as it matures, if the same care is used by the Commissioners as during the past few years.

Below will be found a statement of the condition of the Sinking Fund at the commencement of each fiscal year, from April 1, 1871, to February 1, 1875, showing also the bonds paid, the gross income of the fund during each year, and the net increase of the assets for the same period:

Date.	Gross income per year.	Bonds paid.
1871, April 1. ....	\$36,593 06	\$ 5,771 58
1872, April 1. ....	28,838 24	10,500 00
1873, February 1. ....	30,331 57	22,000 00
1874, February 1. ....	40,250 77	

Date.	Increase of assets.	Assets at Date.
1871, April 1. ....	\$30,821 46	\$ 23,595 58
1872, April 1. ....	12,338 24	54,415 06
1873, February 1. ....	8,281 57	72,759 80
1874, February 1. ....	40,250 77	81,084 87
1875, February 1. ....		121,266 84

During the year ending April 1, 1873, interest amounting to \$4,300, upon the House of Correction bonds (held by the Commissioners) which had not been presented for two and a half years, was credited, and this together with the fact that the fiscal year of 1873-3, was of but ten months duration, accounts for the gross income of 1873 being larger than that of 1872. The large increase of income of 1874 over that of 1873, is due to the purchase of a large amount of Street Paving bonds by the Commissioners in 1871 and 1872, which matured in 1874. As these bonds have but one coupon and draw only simple interest, it followed that an unusual amount of interest was credited in 1874, while in reality the interest should, to make a true showing of the interest earned each year, be credited each year. During 1874 the Commis-

stioners have invested largely in the same class of bonds falling due in 1876 and 1877, and this fund will, probably, not show for 1876 as favorably as 1874, but the income for 1876-7 will exceed that of 1874. The accrued interest upon bonds held by the Commissioners amounts to \$3,464 69, showing the actual gross income of 1874 to be \$48,715 46, and the total assets of the Sinking Fund, February 1st, 1875, \$124,750 83.

Below will be found a statement of the gross and net debt at the commencement of each fiscal year from April 1st, 1871, to the present time:

Date.	Gross debt.	Net debt.
1871, April 1st.....	\$ 813,731 53	\$790,123 00
1872, April 1st.....	83,900 00	777,484 94
1873, February 1st.....	901,400 00	828,646 70
1874, February 1st.....	989,400 00	856,365 13
1875, February 1st.....	1,081,900 00	960,614 36

Of the Street Paving bonds outstanding, amounting to \$216,412 29, the Commissioners of the Sinking Fund and the Street Paving Sinking Fund hold \$103,516 38.

#### INTEREST FUND.

The amount of interest paid during the year upon coupons presented is \$70,106 00.

#### GENERAL FUND.

The following are the principal items of disbursements from this fund during the year: Pay roll city officers, \$40,081 99; pay roll of clerks in city offices, \$37,860 92; Board of Review, \$549 70; janitors and care of City Hall, \$2,965 46; expenses of election, \$4,635 95; printing, advertising and stationery, \$31,034 53; gas in street lamps and City Hall, \$30,671 45; lamp posts, \$2,773 38; street lamps and repairs, \$1,067 71; pay roll of lamplighters, \$7,950 00; expenses of Superior Court, (net) \$17,037 99; fuel for City Hall and markets, \$2,367 77.

While the charter and ordinances remain unchanged I am unable to discover any method of lessening the expenses of this fund. The amount paid for printing and advertising could and should be cut down from 50 to 60 per cent—and still all the proceedings necessary to be published would be in print. It happens repeatedly that the cost of printing the petition of a tax payer for refunding a small tax wrongfully assessed and paid, and the subsequent report and action upon the subject, has cost the city treasury more than the amount petitioned for.

The Charter has been so frequently amended that it is difficult for any city official, in many things, to unravel its exact meaning and intent; but one thing is certain, that as a result of all this patching and amendment it is not difficult to find somewhere authority for the expenditure of money for almost any purpose. A thorough revision of the Charter, and also of the Ordinances, should be made at an early date, not only for the purposes of intelligent and safe administration of the city government, but for the general information of our citizens.

#### CONTINGENT FUND.

The expenditures from this fund have aggregated \$22,957 41, of which the following are the principal items: Pay roll of Aldermen, \$3,161 50; pay roll Board of Health, \$675 00; taxes refunded, \$3,571 16; attorneys' fees, \$981 00; expenses of Hydraulic Commission, \$3,270 95; entertaining Legislature, \$308 00; mounting Perry canon, \$444 57. As all cost and benefits in alley opening cases are paid out of and into this fund, the aggregate disbursements exhibit more than the actual expense of this fund. For the expenditures in detail I refer you to the full statement annexed.

#### CITY POOR FUND.

The orders issued to the city poor, care of patients, purchase and delivery of wood, etc., amount to \$37,473 92.

#### STREET OPENING FUND.

The working of the new law has now been pretty thoroughly tested, and with the exception of

those who plat their ground for an object, or who do not plat at all, or those who desire benefits at the expense of the city treasury to their own property, there seems to be very general satisfaction under this law. Streets have been opened with greater economy and the operation of it has given great impetus to the making of this class of improvements.

#### BOARD OF PUBLIC WORKS.

The entire management of the sewer, public building, park improvement, general road and road district funds having passed into the hands of the Board of Public Works, their very full and detailed report of the work performed under their supervision obviates the necessity of any notice of the expenditures of those funds from this office.

It is generally acknowledged that all public work has been done during the past year in a more thorough and workmanlike manner than ever before, and for a far less sum of money.

The people certainly have reason to be satisfied with the action of the gentlemen composing this important department of the city government.

In closing my fourth annual report of the work of this office, it is deemed safe, and it is a pleasure for me to state that the city financially was never in a better condition. That this healthful state of affairs may continue is without doubt the wish of every good citizen, and to perpetuate it should be the study and ambition of every officer of the city.

For kind consideration and courtesy my thanks are due to you, gentlemen, and to all my fellow officials.

Respectful reference is made to the annual reports of the

City Treasurer.

Board of Public Works,

Board of Education,

Board of Water Commissioners,

Board of Fire Commissioners.

Board of Metropolitan Police Commissioners and the

Inspectors of the House of Correction for the fiscal year of 1874

Very respectfully, etc.

E. I. GARFIELD,

Controller.

Accepted and placed on file.

#### FROM THE CITY ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—At your last session you adopted a resolution instructing me to report an ordinance to extend the pound limits according to the recommendations of the report of the Committee on Pounds. Section 3, chapter 88 of the Revised Ordinances of 1871 provides that pound limits may be designated by the Common Council by resolution. In my opinion this section is of doubtful validity, and I recommend that a resolution be adopted directing that an ordinance be reported, establishing pound limits, so as to meet the recommendations of the Committee. Under the present mode of establishing these limits, the people have no way of knowing and learning the same, except from an examination of the Council proceedings.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted, and Ald. Baxter moved that the recommendations be concurred in, and the communication be referred to the Committee on Ordinances.

Ald. Hough moved to amend by referring to the City Attorney.

Ald. Hinchman moved to further amend by referring to the City Attorney and the Committee on Ordinances.

Carried.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of John Huber, to be relieved from an assessment on lots 11 and 12, block 25, St. Aubin farm, for constructing a lateral sewer in the alley between Sherman and Maple, and St. Aubin avenue and Dubois street, report:

In 1871 a lateral sewer was constructed in the alley between Sherman and Maple streets, from Dubois street to St. Aubin avenue, and the City Surveyor no doubt inadvertently assessed the whole block for the cost thereof. The petitioner on the 6th day of December, 1871, petitioned your honorable body for relief, which petition was referred to the Committee on Sewers, and no further action had in the premises.

The lots above mentioned are situated on the northeast corner of St. Aubin avenue and Sherman street, being from fifty to seventy five feet from the alley through which the sewer passes, and inasmuch as the ordinance only provides for assessing lots adjoining, or along the line of the alley through which the sewer passes, the assessment on said lots is undoubtedly illegal and cannot be enforced.

That the contractor may be paid, the Board would suggest that so much of said amount as applies to lots 11 and 12, block 25, St. Aubin farm, be cancelled, and the Engineer directed to make a re-assessment on the balance of the block.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and the recommendations were concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Gleason, Guthard, Heames, Hinchman, Herr, Hough, Kurtz, Owen, Ronlaud, Schmidt, Schmitt, Shanahan, Wilks and the President—21.

*Nays*—None.

FROM THE CLERK OF THE RECORDER'S COURT.

To the Honorable the Common Council:

GENTLEMEN—I hereby respectfully report to your honorable body that the jury heretofore empaneled in the matter of opening an alley in the block bounded by Larned and Congress streets, McDougall and Elmwood avenues, have filed their report and that the same was duly confirmed by the Recorder's Court on Wednesday the twenty-fourth day of February, 1876. Also that I have this day filed in the office of the City Clerk a certified copy of said report together with the order of the Court confirming the same.

Very respectfully,

A. I. McLEOD,

Clerk of the Recorder's Court.

Accepted and placed on file.

FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Fire Commissioners, to whom was referred the petition of Mr. D. Carter *et al.* for the erection of an engine house, etc., in the northern part of the city, respectfully report, that it is the desire and intention of this Board to comply with the request of an early period during next year; for the purpose a lot has already been purchased on Alexandrine avenue, near Cass avenue, but before the institution of an engine company it will be necessary that that street should be paved.

Previously it had been the intention of the Commission to build an engine house and institute an engine company in the before-mentioned locality during the present year. There will be in the near future a necessity for the consummation of this result, which would have been this year but for the desire to keep down taxation; and in view of the fact that something of more immediate and pressing necessity would have to be sacrificed to procure its accomplishment or necessitate an excessive estimate has led this Board to put off the contemplated institution of the company until a later period, which in their opinion can safely be done.

By direction of the Board.

Very respectfully, etc.,

FRED. H. SEYMOUR,

Secretary.

Accepted and placed on file.

FROM THE BOARD OF FIRE COMMISSIONERS.

Transmitting their eighth annual report for 1874.

Accepted and referred back to the Board to be printed, and when printed to be referred to the Committee on Ways and Means.

FROM THE BOARD OF POLICE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Metropolitan Police Commissioners submit herewith their tenth annual report.

The reports of the superintendent and secretary show the condition of the department in respect to the work done, and the manner in which the moneys are received and disbursed.

The estimates for the expenses of the department are nearly the same as for the last year. The board would have been glad to have increased the number of patrolmen, but, under the present limit of the law, it has been deemed inexpedient to do; any change which would lead to increased taxation. It requires more than one hundred and forty men to patrol faithfully three hundred miles of streets, day and night, throughout the year, and to discharge the sanitary and other duties required by the law. It seemed, however, best to leave the question of increase of men and estimates to your honorable body and the Board of Estimates, with the decided recommendation that inasmuch as no legislation can be had for the next two years, after the present Legislature adjourn, it will be prudent to ask for such amendment of the law as will enlarge the limit of taxation.

In accordance with the intimation in our last report we have added to the real estate belonging to the city, for the use of the department, a site on Elmwood avenue well suited for a future station. The amount paid for the land was so small that the public can bear carrying the property until the imperative demand for a station house shall be made; but we have not the means under our present estimates to provide for the construction of the house. We believe the demand is now imperative, and we recommend such action as will enable us to comply with it.

The law under which we are acting makes it incumbent upon us to provide a proper lodging house for the poor and destitute. We append to this, the report of the surgeon of the force, in relation to this subject. We concur in his recommendations.

In respect to the general work of the department, over which we have supervision, we have to state to your honorable body that, as a rule, the

officers and men are in good discipline, and are faithful in the discharge of their duty.

SIDNEY D. MILLER,  
M. S. SMITH,  
JAMES E. PITTMAN,  
C. M. GARRISON.

Accepted and referred back to the Board, and ordered printed in the official proceedings.

FROM THE CITY PHYSICIANS, FIRST AND SIXTH DISTRICTS.

Transmitting reports for February, 1875.

Accepted and referred to the Board of Health.

FROM THE CITY CLERK.

That he presented the proceedings of the last Council to the Mayor on the 27th ult., and they were returned approved on the 2d inst.  
Accepted and placed on file.

GEORGE DUNLAP,  
J. B. HINCHMAN,  
W. A. OWEN.

##### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits, to whom was referred the petition of John T. McKeown and others, asking to have the fire limits extended so as to include Ninth avenue from Fort street to Grand River avenue, and also a remittance to the proposed extension by residents and property owners on the said avenue, would respectfully report that they have carefully examined the subject; and while they are disposed to lend every encouragement to improvements of this character which, in their judgment, will conduce to the public good, believing that which may be a hardship for a few will eventually prove a blessing to the many, they are of opinion that the present unsettled condition of that portion of Ninth avenue, between Michigan and Grand River avenues would not justify your Committee in recommending the extension sought for. They, however, believe that so much of Ninth avenue, as is located between Fort street and Michigan avenue, should receive the protection asked for,

and they recommend that the City Attorney be directed to present the proper ordinance to secure the object above set forth.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted, and the recommendations were concurred in.

##### MARKETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Markets, to whom was referred the resolution of Ald. Owen directing the City Attorney to report an ordinance requiring market fees to be paid during the entire year by owners of teams standing upon the public market grounds, and providing for a system of checks, would respectfully report that we have carefully considered said resolution, and are impressed with its advisability, and recommend the adoption of the resolution, with the suggestion to the Attorney that he fix the fee at ten cents, as required by present arrangements.

J. A. KURTZ,  
GEORGE WILKS,  
JOHN SCHMITT.

Accepted, and the recommendations were concurred in.

On motion, Ald. Gies was excused from further attendance.

Ald. Hough moved to adjourn.

The motion prevailed, and the Council then adjourned.

CHAS. H. BORGMAN,  
City Clerk.

F. G. RUSSELL,  
City Attorney.

Accepted, and the ordinances were read twice by their titles, as follows: "An ordinance extending the fire limits on Ninth avenue," and "An ordinance regulating the standing of teams and vehicles upon the streets and public market grounds for market purposes."

Laid on the table, and ordered printed in the official proceedings.

## AN ORDINANCE

Extending the fire limits on Ninth avenue.

It is hereby ordained by the Common Council of the city of Detroit:

SECTION 1. The fire limits of the city of Detroit are hereby extended so as to include all that part of said city lying between said limits on Michigan avenue and Fort street, and lines respectively, 100 feet easterly and westerly of and parallel to the boundary lines of Ninth avenue.

SEC. 2. This ordinance shall take effect immediately.

## AN ORDINANCE

Regulating the standing of teams and vehicles upon the streets and public market grounds for market purposes.

It is hereby ordained by the Common Council of the city of Detroit:

SECTION 1. In addition to the duties already prescribed, the Market Clerk shall collect a fee of ten cents from every owner, driver or other person in charge of any team or vehicles standing upon or occupying, for market purposes, the public market grounds of the city, or any of the streets or public spaces adjacent thereto. For every fee so collected the said Clerk shall deliver to the person from whom he collected the same a ticket receipt, furnished such Clerk by the City Controller, as hereinafter mentioned.

SEC. 2. The Controller shall cause to be printed a sufficient number of suitable ticket receipts for the purposes of the preceding section, with his name duly stamped thereon. The said Clerk shall apply to and receive from the Controller on Monday morning of each week, and at any other time when necessary, such quantity of tickets as may be deemed necessary for use during the week, giving to the Controller his receipt therefor. Before the giving out of such ticket receipt as provided in section 1, said clerk shall sign and date the same in the place for such purpose designated; and in the afternoon of each day, before the hour of five o'clock, he shall report in writing to the Controller the number of such tickets given out by him during the day, and turn over to him all money received for fees.

SEC. 3. This ordinance shall not be construed as applying to persons who pay a license of twenty-five dollars for selling meat.

SEC. 4. All ordinances or parts of ordinances, and all resolutions inconsistent with the provisions of this ordinance are hereby repealed and rescinded.

Sec. 5. Any owner, driver, or person in charge of any team or vehicle or other person violating or failing to comply with the provisions of this ordinance shall be punished by a fine not to exceed one hundred dollars, and the offender may be imprisoned in the Detroit House of Correction until the payment thereof: *Provided, however,* That the term of such imprisonment shall not exceed ninety days.

Sec. 6. This ordinance shall take immediate effect.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The jury impaneled in the matter of opening Nineteenth street failed to agree on the question of necessity of making the proposed improvement. Last year the jury reported against the necessity of opening, as proposed. The expense in connection with this matter thus far is over \$100, and it is to be borne by the public at large.

The jury in the last case failed to agree, because of the large amount of damage claimed by the Michigan Central Railroad Company.

The facts and circumstances that have developed themselves during the prosecution of these proceedings, in my opinion, clearly indicate that the main purpose of opening this street is to make available a large tract of vacant property. As this purpose can be readily effected, and with a small expense by opening Nineteenth street 50 feet in width, from Michigan avenue to the railroad, and a street to the right and left along the railroad, forming a continuation of Francis street, I submit, if, under the circumstances, it would not be best to either discontinue all proceedings, or to so open the street as to meet the purposes of those who will be directly and peculiarly benefited by the improvement.

In any event, I await your further instructions.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted, and Ald. Hough moved to refer the matter to the Aldermen of the Twelfth Ward.

Ald. Gies moved to amend by referring to the Aldermen of the Ninth Ward.

Lost as follows:

*Yeas*—Ald. Finney, Gies, Owen, Schmitt, Shanahan, and Wilks—6.

*Nays*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finnegan, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Rouland, Schmitt, and the President—15.

The motion of Ald. Hough prevailed.

FROM THE CITY ENGINEER.

To the Honorable the Common Council:

**GENTLEMEN**—I herewith transmit to your honorable body Assessment roll No. 2,283 for constructing that portion of the lateral sewer in alley between St. Aubin avenue, Dubois, Maple and Sherman streets formerly assessed on lots 11 and 12 block 25 St. Aubin farm. Amount of re-assessment \$34 75.

Very Respectfully,

H. D. LUDDEN,

City Engineer.

Accepted and the assessment roll was confirmed by the following vote:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmitt, Shanahan, Wilks and the President—21.

*Nays*—None.

FROM THE ASSESSOR.

To the Honorable the Common Council:

**GENTLEMEN**—Allow me briefly to call your attention to sections 9 to 15 inclusive, of chapter 31 Revised Ordinances of 1871, making it the duty of the City Assessor to assess Insurance Companies, which has been done for the last five years. The amount of taxes thus assessed against the several companies during that time is \$32,697 09, of which amount has been paid \$7,684 86, leaving a balance uncollected of \$25,012 23, exclusive of interest or other charges, which if collected would consider-

ably increase this amount. As yet it appears no action has been taken to collect the tax. When the first assessments were made it was claimed by parties interested that the tax could not be collected; since then the assessments have been made as legally advised, in order to make, if possible more certain the collection which was intended to be enforced, and has not yet been, as it seems, for the reason that the Council has not so directed. It has been a source thus far of great annoyance and perplexity to the parties interested and is as far as the ordinances are concerned a dead letter. If the payment of this tax is unjust and oppressive, why continue it? As the time is close at hand to again assess these companies, and if in the future as in the past these taxes will not be collected, I most respectfully ask your honorable body to take such action as you may deem proper to relieve all concerned.

Respectfully submitted,

H. H. LEROY,

City Assessor.

Accepted, and on motion, the communication was referred to the Committee on Taxes and the City Counselor.

FROM THE CITY PHYSICIANS—SECOND AND THIRD DISTRICTS.

Also, that the Mayor has approved an amendatory ordinance of section 5, chapter 71, of the Revised Ordinances.

Accepted and placed on file.

## FROM THE CITY ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—I herewith submit, as directed an amendatory ordinance, relating to the duties of city physicians.

Very respectfully,

F. G. RUSSELL,

City Attorney

Accepted, and the ordinance was read twice by title, as follows: "An ordinance to amend chapter 16 of the Revised Ordinances, relating to city physicians, by adding thereto a section to stand and be known as section 12."

On motion of Ald. Baxter (no objection appearing thereto) the ordinance was placed upon its third reading, and was passed by the following vote.

*Yeas*—Ald. Baxter, Bledgett, Christian, Dorr, Bunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Ronland, Schmitt, Schmittidell, Shanahan, Wilks and the President—91.

*Nays*—None.

The ordinance was confirmed by its title.

The following is the ordinance:

## AN ORDINANCE

To amend chapter 16 of the Revised Ordinances relating to City Physicians, by adding thereto a section to stand and be known as section 12.

It is hereby ordained by the Common Council of the city of Detroit:

SECTION 1. That chapter 16 of the Revised Ordinances of 1871 be amended by adding thereto a new section to stand and be known as section 12.

Sec. 12. In addition to the duties heretofore designated and prescribed, the City Physicians shall be Health Inspectors for their respective districts, and shall perform such other duties and comply with such rules and regulations as may from time to time be prescribed by the Common Council or the Board of Health.

Sec. 2. This ordinance shall take immediate effect.

## FROM THE CITY ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—On the 11th of January last a resolution was passed by your honorable body directing the City Engineer to make out an assessment roll for work done and material furnished by the Michigan Paving Company in paving that portion of St. Antoine street north of Elizabeth street.

By some means the resolution has been entirely overlooked, probably owing to the fact that such rolls have heretofore been made by the City Assessor.

As the charter expressly provides that it shall be the duty of the City Assessor to make all rolls relating to street paving, there remains a doubt as to the legality of a roll unless signed by the proper officer. I therefore await your further instructions.

Very respectfully,

H. D. LUDDEN,

City Engineer.

Accepted and referred to the Committee on Judiciary.

## FROM THE CITY CLERK.

That he presented the proceedings of the last Council to the Mayor on the 6th inst., and they were approved on the same day.

Accepted and placed on file.

Also, that Arthur O'Keefe, Weighmaster of the Eastern District, has filed his official bond.

Referred to the Committee on Ways and Means.

## REPORTS OF COMMITTEES.

## WAYS AND MEANS.

To the Honorable the Common Council:

Respectfully submitted,

J. B. HINCHMAN,  
WM. A. OWEN.

**FROM THE BOARD OF FIRE COMMISSIONERS.**

To the Honorable the Common Council:

**GENTLEMEN**—The Fire Commission to whom was referred the remonstrance of R. Leithhead and twenty-six others against the reconstruction of a frame box factory, carpenter shop, etc., at the corner of Second and Spencer street, lately partly destroyed by fire, report the examination of the same, that it is in the fire limits, that it has always been a source of imminent danger from fire to adjacent property, and that under these circumstances to allow its repair or maintenance would in the opinion of this Board be to inflict injustice upon the citizens resident in the locality; further the requirements of safety and an equitable regard for the interests of the community at large as shown by the experience of other large cities would dictate the removal of establishments of this kind from all thickly settled districts.

The matter of the petition of C. A. Keel, praying for permission to erect an addition to his house on the corner of Randolph and Cross streets, has been given a thorough examination, and it is found that the improvement asked for will not increase the fire risk, and that the structure contemplated will only be a slight addition to the present size of the building; it is therefore respectfully recommended that the prayer of the said petitioner be granted.

By direction of the Board,

Very respectfully, etc.

FRED. H. SEYMOUR,

Secretary.

Accepted, and the recommendations of the Board were concurred in.

**STREETS.**

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Streets to whom was referred the petition of Isaac Warshauer, for permission to erect an ornamental hitching post at the corner of Jefferson avenue and Second street, would report that they have examined the premises, and would recommend that the parties be permitted to erect the post as asked for in the petition.

Very respectfully,

J. HORN,

M. P. CHRISTIAN,

WM. A. OWEN,

Accepted, and the recommendations were concurred in.

**FROM THE CITY CLERK.**

That he presented the proceedings of the last Council to the Mayor on the 12th inst., and they were returned approved on the 16th inst.

Accepted and placed on file.

GEORGE DUNLAP,  
J. B. HINCHMAN,  
W. A. OWEN.

##### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the recommendations of the Board of Estimates that the \$50,000 placed in the estimate for 1875 for the Public Library Building, be provided for by issuing bonds to that amount and that the interest and sinking funds be increased to the amount required therefor, respectfully report that we concur in these recommendations of the Board of Estimates and recommend the passage of the proper resolutions by the Council.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
W. A. OWEN.

The report was accepted.

##### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's list of Approved Accounts of the 15th of March, 1875, respectfully report that they have examined the same, and believing them to be correct, recommend that they be paid from the proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Glees, Guthard, Heames, Hinchman, Horn, Hough, Karts, Owen, Ronland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

*Nays*—None.

##### STREETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets, to whom was referred the remonstrance of F. E.

Duenebacke and others against the paving of an alley between Thirteenth and Twelfth streets, Michigan avenue and Dalziel street, would report that we have examined the premises, and find that said alley is opened only one-third of the way through the block, and that the streets by which an entrance could be made to it are not paved; and further, that if it were paved it could benefit but one person in the block. We therefore recommend that said piece of an alley be not paved at present.

J. HORN, JR.,  
M. P. CHRISTIAN,  
W. M. A. OWEN.

Accepted and adopted.

##### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets, to whom was referred the petition of J. Michels & Co., asking to place platform scales in front of their premises on Beaubien street in such a manner that the beam shall be inside their building, report in favor of granting the prayer of the petitioners, believing that such scales will not interfere with public travel or the use of the street.

J. HORN, JR.,  
M. P. CHRISTIAN,  
W. M. A. OWEN.

Accepted and adopted.

##### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits would respectfully report in favor of the petition of Joseph I. Ray, at No. 130 Adams avenue, who asks that he may be allowed to move his house a distance of two feet towards the easterly side of his lot, so as to afford him a convenient passageway. There is a vacant space of 55 feet on the easterly portion of his lot, and the fire risk will thereby be decreased by the proposed change.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

##### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee have examined the petition of Edward S. Scanlon for permission to erect a frame cottage at No. 775 Fort street west, and would report that while they are disposed to afford every privilege consistent with a proper discharge of their duties, still they will rigidly observe the requirements of the ordinance governing their deliberations. Section 3 of the ordinance relative to the Prevention of Fires prohibits the erection of any wooden building in the fire limits which will increase the fire risk to adjacent property, and your committee are therefore compelled to report adversely to granting the prayer of the petitioner.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

##### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Upon the petition of Patrick Herby, who asks for permission to repair premises on lot 31, L. Beaubien farm, partially destroyed by fire, your Committee report as follows: Under the provisions of section 5 of the ordinance pertaining to this subject, any wooden building situated in the fire limits which may be partially destroyed by fire, and the damage thereto shall exceed one-third its value shall not be repaired. The premises alluded to, your Committee believe, have been damaged to a much greater extent than prescribed in the ordinance, and they are therefore unable to afford the petitioner any relief.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits and Chief Engineer, to whom was referred the petition of D. Carver for permission to raise his frame dwelling about four feet on the south east corner of Congress and Wayne streets and build a brick foundation, would respectfully report that they have examined the premises and locality and find that the raising of said house and building a brick foundation would not increase the fire risk. We therefore recommend that the prayers of the petitioner be granted.

Respectfully submitted,  
JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

## SEWERS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Sewers, to whom was referred the petition of George Cox and others setting forth that the improper use by the White Lead Works of the public sewers in their vicinity creates a constant nuisance, rendering said sewers useless to those living near, would report that we have examined into the matter and find that at present no nuisance exists. We do not, therefore, recommend any action in the premises at present.

Very respectfully,  
GEO. W. HOUGH,  
C. C. BLODGETT,  
J. A. KURTZ.

Accepted and adopted.

## STREET OPENINGS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Street Openings, to whom was referred the petition of Peter Faber and others for the opening of Calhoun street, from Russell to Ripollé street; also the resolution of Ald. Dunlap for the opening of Selden street, from Third to Fourth street, respectfully report in favor of said opening, and recommend that the City Attorney be hereby instructed to present the proper resolutions therefor. Your committee have further examined into the matter of opening Ledyard street to Grand River avenue, and though they are themselves unchanged as to its being a public necessity, yet they find that a large majority of those interested are in favor of the opening, and therefore your committee recommend that the City Attorney present the proper resolution therefor. Your committee, to whom was referred the remonstrance of John Whalen and others against the vacation of a portion of Huron street, as recommended heretofore, would also report in relation thereto, that it appears to be the desire of the property owners in the vicinity that said street be opened to Locust street, and your committee concur with them in the opinion that this would better subserve the public interests. We therefore recommend that the City Attorney be instructed to transmit the proper resolution for said opening.

J. HORN, Jr.,  
GEORGE DORR,  
WM. A. OWEN.

Accepted, and the recommendations contained in the above were concurred in.

## MARKETS AND CONTROLLER.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Markets and City Controller, to whom was referred back their last report for correction, to establish and grade the minimum rent to be paid per month on all stands and stalls in the public markets, and when so established, as aforeaid, to report the same to the Common Council for confirmation, respectfully submit the following report and recommend its adoption. After careful consideration we have agreed on the following: No stall or stand will be rented less than the minimum fixed by the Committee on Markets and the Controller.

Stalls in the Meat Market fronting on Bates street and running along Michigan Grand avenue

will be rented for the term of one year from the first day of April, 1875, at not less than \$240 per year, or \$20 per month, each. Rent payable in advance, in compliance with ordinances regulating meat markets.

All stands in the old Vegetable Market, outside and inside, will be rented at not less than \$3 per month, each, rent payable in advance, for the entire year, if so rented and occupied, commencing April 1st, 1875. The city expressly reserves the right at any time to take possession of said meat stalls and vegetable stands in the old market building, and to make all necessary improvements which may be ordered by the Common Council.

*New Vegetable Market.*—All stands will be rented in two different terms: First, from the first day of April till the 31st day of October next, as follows: the eight inside corner stands at not less than \$3; all other inside stands at not less than \$6; six outside corner stands not less than \$4; all other outside stands on the south side not less than \$4, and all outside stands on the north side not less than \$3 each per month rent, payable in advance.

*Second Term.*—All stands as above mentioned will pay one-half of the above fixed rent from the first day of November till the 31st day of March, 1876.

Fish stands will be rented also for two terms, as above mentioned, the first seven months for \$4, and the other five months for \$2 each per month, rent always payable in advance.

The stalls or stands in the Cass Market will be rented at not less than \$7 50 per month each for the entire year, rent payable in advance.

All stalls and stands not rented on or before the first day of April next, may be applied for at the Controller's office at rates not less than the minimum fixed by the Committee on Markets and the Controller.

All of which is respectfully submitted,

J. A. KURTZ,  
GEORGE WILKS,  
J. SCHMITT.

## ORDINANCES AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ordinances and City Attorney to whom was referred the petition of Capt. Liggett and members of the Light Guard, asking your honorable body to pass an ordinance granting exclusive right in public streets to parades and processions during their continuance, would respectfully report that such an ordinance, if passed, in our judgment would be a nullity, the Common Council not being permitted to grant exclusive use of the public highway to any citizen or class of citizens. We therefore report adversely to the petition.

Very respectfully,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES.

#### COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT.

MAYOR'S OFFICE, March 23, 1875.

To the Honorable the Common Council:

GENTLEMEN—I hereby tender to your honorable body my resignation of the office of Mayor of this city from and after this date.

When promoted to the honors of the office, I conceived it to be my duty to do all in my power to prevent the increase of taxation beyond a due proportion to the wealth and increase of the city, to which purpose I have uniformly adhered, with but very indifferent success. For over three years city taxation has steadily advanced, doubtless caused by uncalculated for enactments of the State Legislature, urged through that body by unscrupulous and interested parties, and by reckless expenditures so easily voted for in the Common Council chamber.

Allow me to inquire what justifiable pretext can the city government make for raising taxes this present year, when most of our business men (if not all of them) find it difficult to make ends meet, and when there are so many of our citizens, upon whom we depend to pay taxes, out of employment altogether, or are barely working half time. The additional fact is also staring us in the face that years must necessarily elapse before this community can expect to recover what they have lost by the depression of trade and commerce in the last eighteen months.

I retire to give my time and attention to my own business, and thus enable myself to meet the demands of the tax collectors. The time for holding the spring elections being near at hand, a successor can then be chosen without expense to the city.

I take occasion here to say that in resigning the cares of the office into the hands of the people, through you, their representatives, I do so with many thanks for their having twice so generously elected me.

Bidding your honorable body, and city officers generally, a cordial farewell.

I have the honor to be,

Very respectfully,

H. MOFFAT,

Mayor.

Accepted, whereupon Ald. Thompson moved that a Committee of five be appointed by the Chair to confer with his honor the Mayor, and solicit him to withdraw the resignation.

Ald. Baxter offered the following as a substitute for the pending motion:

*Resolved.* That his Honor the Mayor be and he is hereby requested to withdraw the resignation, which he has this evening tendered to this Council.

Ald. Hough, retiring from the chair, called the President thereto.

Ald. Hough thereupon moved to amend by appointing a committee of four to confer with the Mayor for the purpose above set forth.

The amendment was lost.

The substitute offered by Ald. Baxter did not prevail.

The original resolution of Ald. Thompson prevailed as follows:

Yeas—Ald. Christian, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Horn, Hough, Kurtz, Schmitt, Schmittziel, and the President—13.

Nays—Ald. Baxter, Blodgett, Finnegan, Hinchman, Owen, Rouland, Shanahan, and Wilks—8.

The Chair announced as the above committee, Ald. Hough, Gies, Finney, Schmittziel, and Schmitt.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

Respectfully submitted,

HARVEY KING,

President.

Accepted, and leave being granted, Ald. Horn offered the accompanying resolutions:

Resolved, by the Common Council of the City of Detroit, that the alley north of and parallel with Gratiot avenue, from the east curb line of Hastings street to the south curb line of Elizabeth street; also, the alley east of and parallel with Hastings street from the alley north of and parallel with Gratiot avenue to the south curb line of Elizabeth street, be and the same is hereby ordered to be graded and paved twenty feet in width with cobble stone pavement.

Resolved, That for the purpose of assessment for defraying and paying the cost of grading and paving said alleys north of and parallel with Gratiot

avenue, from the east curb line of Hastings street to the south curb line of Elizabeth street; also, the alley east of and parallel with Hastings street from the alley north of and parallel with Gratiot avenue to the south curb line of Elizabeth street, the lots and parcels of real estate embraced within said limits and abutting the portion of said alley ordered to be improved by said grading and paving, shall be, and the same is hereby constituted and declared to be one local assessment district.

Resolved, That the City Engineer be, and is hereby ordered and directed to estimate and determine:

1. The quantity of grading, paving and other work on said alley within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-street and alleys.

2. The quantity of all grading and paving of each portion of said alley.

Resolved, That whenever the City Engineer shall make such estimate, showing the quantity of grading, paving and cross-walks, and other work required on said alley, the Board of Public Works shall, and are hereby ordered and directed to advertise for ten days for proposals for grading, paving with cobble stone pavement, and for cross-walks on said alley, in accordance with the provisions of the Charter and Ordinances of the City of Detroit.

Adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Ronland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred petitions for the following lateral sewers, respectively, respectfully recommend that the prayer of the petitioners be granted, and that the Board be authorized to advertise five days for proposals for constructing the same:

In Scott street, from the west line of Dequindre street, to connect with the Ropelle street sewer.

In the alleys bounded by Ninth and National avenues and Walnut and Canfield streets.

In the alley in the block bounded by Sherman and Catherine streets and Orleans and Dequindre streets.

In the alley between Clinton avenue and Mullett street, from Elmwood to McDougall avenue, to connect with the McDougall avenue sewer.

In the alley bounded by Harrison avenue and Twelfth street and Pine and Locust streets.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and by unanimous consent, Ald. Hough presented the following:

Resolved, That the Board of Public Works be directed to advertise five days for proposals for constructing lateral sewers as recommended in their communication this evening.

Adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Ronland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the remonstrance of William C. Perry and others, remonstrating against the construction of a lateral sewer in the alley in the block bounded by Twelfth street, Harrison avenue, Locust and Pine streets, report:

The remonstrants are principally property owners along the line of Twelfth street through which a public sewer has been constructed, who having availed themselves of the privilege of draining their premises therein use this as a pretext to prevent the construction of a lateral sewer, as asked for by those owning inside lots. Another reason assigned is that some of the buildings are placed

on blocks, and having no cellars, lateral sewers are not necessarily required.

On examining this locality, it is found, as a sanitary measure, the sewer is very much needed. In fact for the want of proper drainage, one of the petitioners therefor was compelled during the past year to appear before the Recorder's Court and answer a charge of maintaining a nuisance on his premises.

The Board therefore recommend that the prayer of the remonstrants be denied.

Respectfully submitted,

HARVEY KING,

President

Accepted, and the recommendations of the Board were concurred in.

FROM THE CITY ASSESSOR.

To the Honorable the Common Council:

GENTLEMEN—I hereby transmit to your honorable body Re assessment Roll 200, being supplementary to "Assessment Roll No. 148, for grading and paving Jefferson avenue from Shelby street to Beaubien street," approved by the Common Council August 29th, 1873; this Roll being intended to correct a slight discrepancy in the description of two lots.

Very Respectfully,

H. H. LEROY,

City Assessor.

Accepted, and consent being granted, Ald. Horn offered the following:

#### FROM THE BOARD OF EDUCATION.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Education of the city of Detroit, respectfully represents, that by Act of March 28th, 1873, there was created in said city, a Board of Estimates, in lieu of the meeting of citizens heretofore held, for the purpose of voting taxes, without whose approval no taxes could be levied in said city, nor bonds for the raising of money be issued.

That by Act of March 17th, 1873, the Legislature authorized the Board of Education, subject to the approval of the citizen's meeting, or board vested with the power of finally approving the estimates of the several taxes of the city, and determining the amount thereof, to erect a Public Library building, at an expense of not exceeding \$150,000.

That under the provisions of section 12 of said last mentioned act, the Board of Education on April 27th, 1873, submitted to the Board of Estimates, an estimate for such building, etc., to the amount of \$125,000—\$50,000 for the first year, \$50,000 for the second and \$25,000 for the third year, and on the same day said Board did, according to law, pass the following resolution, which on the following day was transmitted to the Common Council, under the provisions of section 4 of the first named act:

*Resolved*, That this Board of Estimates consent to the levying of the amounts specified in the estimates submitted by the Board of Education, for the purpose of a Public Library building, and the furniture and fixtures thereof, and recommend that the Common Council shall direct the same to be levied, and authorized the issue and sale of Public Library bonds for the purposes set forth, as follows: \$50,000 in 1874; \$50,000 in 1875; and \$25,000 in 1876; the proceeds of such sales to be paid to the Treasurer of the Board of Education etc.

That on the 30th of April, 1874, the Board of Education accepted in due form the consent so granted by the Board of Estimates, and within the time limited by law filed such acceptance with the City Clerk.

That the Common Council refused to issue bonds as recommended, but levied a tax for the purpose stated of \$50,000 for the year 1874, over \$40,000 of which has been paid to and received by the Board of Education. That at a meeting of the Board of Estimates on the 8th of March instant, upon the receipt of a communication from the Common Council to the effect that the latter disapproved of the issue of \$50,000 of bonds in this year for the purposes of the public library, said Board of Estimates struck out the item of \$50,000 from the general estimates, and soon thereafter adjourned *sine die*.

The Board call attention to these facts:

*First*—That their estimate was made in due form and submitted to the Board of Estimates according to law.

*Second*—That the Board of Estimates "consented" to the levying of the sum of \$125,000 and designated the years and amount.

*Third*—That the Board of Education filed their acceptance of such action.

*Fourth*—That Section 4 of the Act of 28th March, 1873, provides that the Common Council of said city, upon approval of said estimate or any parts thereof, shall cause to be levied and collected by tax the amount thereof so approved.

The Board of Education submit that the Board of Estimates had no power in law to recall their action of the preceding year, as set forth and of record, after its formal acceptance by the former, and that it is the duty of the Common Council to levy the tax for this and the succeeding year as previously provided irrespective of the acts or omissions of the Board of Estimates.

The Board of Education acting in good faith, and

under the grant by the Board of Estimates, have entered into a contract for the proposed building and the necessity for the avails of the promised levy of \$50,000 in the present year cannot be evaded.

The Common Council have the power by resolution to re-assemble the Board of Estimates, and it is respectfully asked that they will exercise this authority, in order to give that Board an opportunity to rectify what would seem to have been the result of inadvertence or mistake.

G. W. BALCH,

President Board of Education.

SAMUEL E. PUTMAN

Secretary.

DETROIT, March 20, 1875.

Ald. Hough moved that the communication be accepted and referred to a special committee of five.

Ald. Baxter moved that the communication be not accepted, and that the Clerk be instructed to transmit it back to the Board.

Ald. Hough, President *pro tem*, was called to the Chair.

The motion of Ald. Baxter did not prevail, as follows:

*Yeas*—Ald. Baxter, Finney, Finnegan, Gies, Guthard, Hinckman, Rouland, Schmitt, Shanahan, and Wilks—10.

*Nays*—Ald. Blodgett, Christian, Dorr, Dunlap, Heames, Horn, Owen, Schmitt, Thompson, and the President *pro tem*—10.

Thereupon Ald. Owen moved to refer the matter to a special committee of five, together with the City Counselor and Attorney.

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinckman, Horn, Owen, Rouland, Schmitt, Schmitt, Shanahan, Thompson, Wilks and the President *pro tem*—20.

*Nays*—None.

N. B. The expense of water, gas, ice, sheriff's services, janitors services and stationery will not exceed \$500 a year. Our actual estimates are \$425.

The report was accepted.

### SPECIAL.

To the Honorable the Common Council:

Your Select Committee appointed to confer with a committee from the Board of Education relative to the proposed opening of Griswold street through the Capitol School lot, so called, beg leave to report.

They held several sessions with the gentlemen comprising the committee from the Board of Education and proposed as an amicable arrangement that the Board of Education should accept of the old City Hall site for a Public Library building, in lieu of the Capitol School lot, and that the High School should be located on Center Park (hereafter granted by the Council to the board for public library purposes); and that the value of the building now on the Capitol School lot should be determined by arbitration or otherwise as might be mutually determined upon, and the amount so determined assessed upon the property benefited by the proposed improvement. Owing, however, to the fact that the Board of Education have already contracted for the erection of a Public Library building, and that the contractor, as we are informed, does not wish to cancel his contract, the negotiations, we regret to say, were brought to an unsuccessful termination.

Your committee believe that public necessity demands the extension of Griswold street through the Capitol School lot and we believe it to be the duty of the Common Council to take immediate steps to secure this needed improvement to one of the most prominent business streets of the city. It will cost much less now than at any time hereafter to open the street. We herewith submit and recommend the adoption of the annexed resolution.

Very respectfully,

WM. H. BAXTER,  
SEYMOUR FINNEY,  
GEORGE DORR,  
WM. A. OWEN,  
J. HORN, JR.

Accepted.

Be it resolved by the Common Council of the city of Detroit, that we, the said Common Council, deem it a necessary public improvement in said city to open and widen Griswold street, be-

tween State street and Grand River avenue, which said improvement is described by metes and bounds, courses and distances, as follows, to wit: Commencing at the southeasterly corner of the Capitol park; thence westerly along the southerly side of said park to Rowland street; thence northerly along the easterly side of Rowland street to the northerly corner of said park; thence southerly along the easterly side of said park to the place of beginning. And we do hereby determine to take, for the purpose of making said improvement, as much private property included within the above described limits as may be necessary for making of the same.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of John H. Kable and others for the paving of the alley extending from John R street to Grand River street, between Miami avenue and Farrar street, with cobble stone pavement, 30 feet in width, respectfully recommend that the prayer of the petitioners be granted.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and by unanimous consent, Ald Horn offered the following:

*Resolved*, By the Common Council of the City of Detroit, that the alley extending from John R street to Grand River street between Miami avenue and Farrar street, be and the same is hereby ordered to be graded and to be paved with cobble stone pavement 30 feet in width.

*Resolved*, "For the purpose of assessment for defraying and paying the cost of grading, and paving said alley from the southeast line of John R street, to the north east line of Grand River street, the lots and parcels of real estate embraced within said limits and abutting the portion of said alley ordered to be improved by said grading and paving, shall be, and the same is hereby constituted and declared to be one local assessment district.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the remonstrance of F. Holtz and others, remonstrating against constructing a lateral sewer in Scott street, to connect with the Biopelle street sewer, report:

The lots on the south side of Scott street are about 45 feet in depth, and abut on out lot 6, north of the reservoir, which undoubtedly precludes the opening of an alley in which a sewer can be constructed. On the north side of Scott street there is no alley, and consequently the residents in that locality are compelled not only to drain their premises in the gutters, but also empty their refuse matter in the street, thereby creating a nuisance which is intolerable. As a sanitary measure the Board deem this sewer a public necessity, and recommend that the prayer of the remonstrants be denied.

Respectfully submitted,

HARVEY KING,  
President.

The communication was accepted, and the recommendation of the Board concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of Theresa Lunger to be exempt from an assessment for constructing a lateral sewer in the alley between Catherine and Sherman streets and Orleans and Dequindre streets, on lot 7, block 52, Dequindre farm, respectfully recommend (there being no legal grounds for exemption) that the prayer of the petitioner be denied.

#### STREETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets to whom was referred the petition of Eugene A. Loranger requesting the City to leave to him the foot of Eighteenth-and-a-Half street, and the remonstrance of Geo. H. J. HORN.  
M. P. CHRISTIAN.  
WM. A. OWEN.

Accepted and adopted.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits and the Chief Engineer, to whom was referred the petition of Flattery Brothers for permission to repair a frame barn No. 81 Antoine street, partially destroyed by fire, would report that they have investigated the matter and find that the structure having been damaged to an amount exceeding one-third its value, under the ordinance they are compelled to report adversely to the prayer of the petitioner.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN,  
Committee.

JAMES BATTLE,  
Chief Engineer.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits have examined the petition of Edward Stange, who asks for permission to change his stable, in rear of his premises southwest corner of Gratiot avenue and Brush street. The building is at present occupied by Mr. Stange for the purpose of storing hay, and he wishes to raise it seven feet, so that he can use it for storing vinegar therein. By so doing a considerable quantity of woodwork on the premises will be removed, in addition to a roof over a covered passage way, and a gravel roof substituted. The change will be an

improvement to the locality, and will materially lessen the danger by fire to adjoining property. The committee therefore recommend that the prayer of the petitioner be concurred in.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN

Accepted and adopted.

#### PUBLIC BUILDINGS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Public Buildings, to whom was referred the petition of Hon. C. I. Walker, Z. R. Brockway, Esq., and Dr. H. B. Baker, the local committee of arrangements for the coming annual session of the American Social Science Association, asking for the use of the Common Council Chamber, the committee room and the Recorder's Court room for the use of the association, report:

We recommend that the prayer of the petitioners be granted in accordance with their wishes.

Respectfully submitted.

JOHN B. ROULAND,  
J. A. KURTZ,  
H. HEAMES.

Accepted, and the recommendations of the committee were concurred in.

#### ORDINANCES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ordinances to whom was referred the resolution of Alderman Owen, directing the City Attorney to bring in an amendatory ordinance fixing the annual rent of the weigh scales in such district at \$600 per annum, respectfully report, that they have heretofore reported upon this subject, and have had no reasons to change their minds upon the matter. The appointment for the Western District was made under the old ordinance, and must continue for the present year. And to require the weighmaster of the Eastern District to pay this largely increased rent after the best part of the year has expired, would, in the opinion of your committee, be unreasonable and unjust. Your committee believe, however, that some change should be made before the appointments are made for another year. It may be deemed advisable to establish another scale in the vicinity of Woodward or Grand River avenue, which would materially effect the income derived from the present scales. Your committee also believe that good and upright men can be found who would be glad to take either of the scales at an annual salary of \$800, which would leave a larger amount to the city treasury than the rent proposed by Ald. Owen's resolution. Your committee therefore believe the resolution should not be adopted at the present time.

All of which is respectfully submitted.

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES.

Accepted and adopted.

##### FIRE LIMITS.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on Fire Limits report as follows upon the petitions of H. Lippold and Fred Craft, referred to them for investigation. Mr. Lippold wishes to raise the end of a roof in rear of his store, at No. 81 Congress street east, one and a-half feet, thereby making a level surface, and to construct a gravel in place of a shingle roof; he also intends to tear down an old barn, which will decrease the danger by fire to the adjacent property. Mr. Craft's house is located on Michigan avenue, between Seventeenth and Eighteenth streets, and is triangular in shape. He wishes to construct a signboard on either side of the gable, so that from the street it will present a square front. As it will be an improvement to the premises, and will not enhance the fire risk, they recommend the permission asked for be granted, in both instances.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and the recommendations contained in the above were concurred in.

##### SEWERS.

To The Honorable the Common Council:

GENTLEMEN—The Committee on Sewers, to whom was referred the resolution of Ald. Dunlap, providing for the raising by tax on cellars, etc., the amount required for general sewer purposes, report:

It has been the custom of the Common Council, for years past, to provide the money for the maintenance of sewers and constructing receiving basins in the manner proposed by the resolution. Notwithstanding this fact it has been suggested that inasmuch as property owners are assessed individually for the construction of lateral sewers, and pay for permission to connect with public sewers, to annually levy this tax for maintaining the same is a hardship, and the method should be changed. There is no doubt but this view of the matter is correct, for why should a special tax be assessed for keeping sewers in repair when the means provided for keeping streets in repair are raised by general tax.

In the opinion of the committee, the special assessments that are now required for public improvements are becoming burdensome and oppressive, and the whole system should be so changed as to compel the property owners at large to pay for improvements that benefit all alike. The estimates for this year having been submitted and approved, it is too late to make any changes now, but it is hoped that the Council will give this matter due consideration, and when the time does arrive you will be better prepared to act thereon.

The committee, with this view of the matter, have amended the resolution by striking out so much as refers to the classification of the same, and reluctantly recommend that the resolution be adopted as amended.

Respectfully submitted,

GEO. W. HOUGH,  
C. C. BLODGETT.

On motion of Ald. Baxter the recommendations contained in the report were concurred in.

The resolution, as amended, was passed by the following vote:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—21.

To the Honorable the Common Council:

GENTLEMEN—In compliance with a resolution adopted by your honorable body at the last session of the Common Council, the Board of Public Works examined Woodbridge street from the west line of Third street to the Michigan Central Railroad track, and found the pavement much worn and in a dilapidated condition, and it cannot be repaired without an extraordinary expense so as to become passable, and therefore recommend that the street be repaved with wood or stone pavement.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and on leave being granted, Ald. Horn offered the following:

*Resolved*, That Woodbridge street be and the same is hereby ordered to be regraded and repaved from the west line of Third street to the northerly line of the Michigan Central Railroad track, and that said street within said limits be paved with wood or stone pavement 40 feet in width according to the specifications adopted by the Common Council and the estimates of the City Engineer, and it is hereby declared that this action is taken under the clause of the charter authorizing this Council to appropriate \$300,000 annually for paying without the petition of property owners.

Objected to and laid over under the rules.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully recommend that Montcalm street from the west line of Woodward avenue to the east line of Cass avenue be paved with wood or stone pavement. This street was, on the petition of property owners, ordered to be paved last year, but objections being made to paving the same on account of not being properly notified to make connections, etc., the matter was postponed. These objections having been overcome there is no legal cause why the street should not be paved.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and leave being granted, Ald. Horn submitted the accompanying resolution:

*Resolved*, That Montcalm street be, and the same is hereby ordered to be graded and paved from the west curb line of Woodward avenue to the east curb line of Cass avenue, and that said street, within said limits, be paved with wood or stone pavement 25 feet in width, according to the specifications adopted by the Common Council and the estimates of the City Engineer, and it is hereby declared that this action is taken under the clause of the Charter authorizing the Common Council to appropriate \$200,000 annually, without the petition of the property owners.

*Resolved*, That for the purpose of assessment for defraying and paying the cost of grading, paving and setting curb on Montcalm street, from the west line of Woodward avenue to the east line of Cass avenue, the lots and parcels of real estate situated on said street embraced within said limits and fronting the portion of said street ordered to be improved by said grading and paving, shall be, and the same is hereby constituted and declared to be one local assessment district.

*Resolved*, That the City Engineer be, and is hereby ordered and directed to estimate and determine and report such determination to the Board of Public Works, showing:

1. The quantity of grading, paving and other work on said Montcalm street, within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of grading and paving of each portion of said Montcalm street, included and embraced within the lines of intersection of the cross-streets and alleys with said Montcalm street.

3. The quantity of all cross-walks at each inter-

section of said Montcalm street with the cross streets and alleys.

*Resolved*, That payment for the construction of said pavement and assessment to secure the same shall be according to the provisions of the amendment to the City Charter, approved April 17th, 1871, permitting the issue of bonds to an amount not exceeding three-quarters of the cost of paving said street, as estimated and assessed.

Respectfully submitted.

HARVEY KING,

President.

Accepted, and on leave, Ald. Hough offered the following:

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works to whom was referred the remonstrance of Caroline Herman and others against constructing a lateral sewer in the alley in the block bounded by Clinton avenue and Mullet street and McDougall and Elmwood avenues, assigning as a reason therefor that the stringency of the money market renders it a hardship to pay the assessment, report:

In 1874 this sewer was twice ordered, and proposals received therefor, but to oblige the remonstrants the building of the same was, for the same reasons as above given, postponed until this year, with the understanding that no opposition would be made thereto. The sewer being demanded by a majority of the property owners as a sanitary measure the Board recommend that the prayer of the remonstrants be denied.

Respectfully submitted.

HARVEY KING,

President.

Accepted, and the recommendations contained in the above were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works to whom was referred the petition of John Pfeifle and others for a lateral sewer in the alley between Antoine and Hastings street, and Benton and Calhoun streets.

BY THE CITY CLERK.

To the Honorable the Common Council:

**GENTLEMEN**—In 1873 a law was enacted by our State Legislature commonly called the "Dog License Law," which made it incumbent upon me so to act in the capacity of a license collector and issue such licenses upon application; said law was in operation two years, realizing a net revenue to the city up to April, 1874, (its first year) of \$6,168 20; but, owing perhaps to its unpopularity, the difficulty of its execution and the panic had, up to the time of its repeal in March, 1875, (its second year) yielded but \$2,012, making a total of \$8,178 20, in the two years, for which amount I have the receipts of the City Treasurer. This now defunct law, provided that in March or April of each year, the City Clerk should transmit to the Common Council all certificates of damages for sheep killing, etc., that had been filed in his office up to that time, and it also provided that said damages or so much thereof as the Common Council shall approve, should be paid from said fund, and the balance go into the Board of Education fund; I had no such certificates to report in 1874, but am not so fortunate now, as the following have been filed in my office up to April 1, 1875, which I herewith transmit for your consideration:

Of Wreford, Quimby & Simmons, amount claimed.....	\$160 00
Of Wreford, Quimby & Simmons, amount claimed.....	166 00
Of Albert Hayes, amount claimed.....	144 00
Of Ellis & Murrey, amount claimed.....	39 00

\$509 00

CHAS. H. BORGMAN,  
City Clerk.

Accepted and referred to the Committee on Claims and Accounts.

FROM THE SAME.

That he presented the proceedings of the last Council to the Mayor on the 7th instant, and they were approved by the Acting Mayor on the 9th instant.

Accepted and placed on file.

WM. A. OWEN.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—21.

CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's list of Approved Accounts of the 8th of April, 1875, respectfully report that they have examined the same, and believing them to be correct, would recommend that they be paid from the proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President—21.

Nays—None.

FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits have examined the petition of Edward Green, and also the premises therein mentioned. He wishes to construct a small addition, about 7 by 12 feet in size, and one story high, in the rear of his house, No. 17 John R street. The change sought for will be a great convenience to the above mentioned party, and as there is no material increase to the fire risk, your committee report favorably to the prayer of the petitioner. Also the petitions of Thomas Payne, to raise the roof of a dwelling

house at No. 297 Larned street east, about two feet, thereby converting a story-and-a-half building into a two-story structure, your committee think should in justice be granted, especially as there is no enhanced fire risk, and they submit a recommendation to that effect. A petition from the same party to construct a two story addition to the house directly east of the above premises, your committee would report adversely thereto, believing the change contemplated would enhance the fire risk in that immediate locality.

Very respectfully, etc.,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits, to whom were referred various petitions at the last session of the Council, would report thereon as follows: Mr. L. H. Cobb wishes to remove a wooden addition to his house at No. 544 Jefferson avenue, and rebuild the same with brick; also to raise the roof of an addition on the eastern side of his premises about three feet. The fire risk will be decreased by the proposed change, and they recommend the changes asked for be granted. The petition of Charles Brommer to extend the front of the building on the northeast corner of Brush and Congress streets a distance of three feet, for business purposes, your committee recommend be granted, the fire risk being in no way increased thereby, and of great benefit to the petitioner in the prosecution of his business.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted, whereupon Ald. Hinchman moved to amend the report by requiring the changes sought to be made to be conducted under the supervision of the Fire Marshal.

Ald. Gies moved to refer the matter to the Aldermen of the First Ward, which motion did not prevail.

The amendment of Ald Hinchman did not prevail.

The report was adopted.

SEWERS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Sewers, to whom was referred the petition of John Blankenheim, to be exempt from an assessment on lot 5, block 25, Dequindre farm;

Of Ernst L. Kretschmar, to be exempt from an assessment on lot 198, north side of Chestnut street; and

Of Philip Fassnacht, to be exempt from an assessment on lot 197, block 25, Dequindre farm, for constructing a lateral sewer in the alley between Riopelle, Orleans, Chestnut and Antietam streets, for the reason that these lots are drained into a public sewer, report: That for reasons heretofore given in like cases, the prayer of the several petitioners should not be granted, and so recommend.

Your committee, to whom was referred the remonstrance of John Blankenheim remonstrating against constructing a lateral sewer in the alley between Riopelle, Orleans, Chestnut and Antietam streets, recommend that inasmuch as the contract for constructing said sewer has been awarded, the prayer of the petitioner be denied.

Respectfully submitted,

GEO. W. HOUSE,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and adopted.

PUBLIC BUILDINGS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Public Buildings to whom was referred the resolution of Ald. Horn in regard to opening the City Hall tower, would respectfully recommend that the tower be open from nine to twelve A. M., and from two to six P. M., during the summer months, and no

later than five p. m., in winter. We recommend the adoption of the annexed resolution.

J. B. ROULAND,  
H. HEAMES,  
J. A. KURTZ.

*Resolved*, That the Controller be and is hereby directed to cause the City Hall tower to be open, Sundays excepted, from nine a. m., to six p. m., except during the winter months when it shall be closed at five p. m.

*Adopted as follows:*

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heamer, Hinchman, Horn, Hough, Kurtz, Owen, Roulard, Schmitt, Schmittziel, Shanahan, Wilks, and the President—21.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Public Buildings, to whom was referred the petition of George Oldekopp asking that you cause a sun dial to be placed on the tower of the City Hall, respectfully report that a sun dial placed as proposed by the petitioner would certainly be a decided improvement, but the condition of the revenues of the city will not at present warrant us in recommending any expenditures not absolutely necessary.

Respectfully submitted,

JOHN B. ROULAND,  
H. HEAMES,  
J. A. KURTZ.

Accepted and adopted.

SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—Your special committee, to whom was referred the report of a former special committee relative to the division of the Wayne County Circuit Court-room, respectfully report adverse to the proposed change for the following reasons:

1st. The room which it is proposed to divide is now admirably adapted for its purpose, and the division, while it destroyed the symmetry of the whole, would but poorly accommodate the two courts, and neither room could be ventilated or lighted as well as is the present one.

2d. The proposed change would cost at least \$2,500, which, added to the yearly rental, would be the most expensive way in which to provide apartments for the Superior Court for the present.

3d. This committee are unanimous in the hope that within a short time after if not as soon as the present lease of the Superior Court room expires, a good and convenient place may be provided in the proposed new market building that will provide a permanent home for this court and offices for all its attaches.

Respectfully submitted,

The report was then adopted and concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Roulard, Schmitt, Schmittziel, Wilks, and the President—18.

SPECIAL—MINORITY REPORT.

To the Honorable the Common Council:

**GENTLEMEN**—Your special committee, to whom was referred the communication from the Board of Education, with reference to the Public Library Building, respectfully report as follows:

By act of Legislature, approved March 27th, 1873, the Board of Education were authorized to submit to the Board of Estimates an estimate of the cost of a library building and its *fixtures and furniture*, not exceeding \$150,000, together with the amount which it deemed expedient to be raised during each year, for a period not exceeding three years; and if said Board of Estimates should consent to levy the amount specified in said estimate, and if the said Board of Education within one week thereafter should file its acceptance thereof, the Common Council were directed to cause the same to be levied, assessed and collected, or to issue the bonds of the city.

Under the provisions of section 13 of this act the Board of Education on April 27th, 1874, submitted to the Board of Estimates an estimate for a Public Library building of \$100,000, and for furniture and fixtures therefor, \$35,000, asking \$50,000 for the first year, \$50,000 for the second, and \$25,000 for the third year; and upon the same day, the Board of Estimates, by resolution, approved of the estimate. At a special meeting of the Board of Education, held April 20th, 1874, the Board, by resolution, accepted the consent so granted, and the secretary of said board filed with the City Clerk a copy of this resolution as a formal acceptance; and the Common Council of 1874 did levy a tax of \$50,000, over \$40,000 of which has been paid to the Board of Education.

It will be observed that the act of 1873 contemplated by a library building a *complete building*, even specifying *fixtures and furniture*; that the estimate of the Board of Education laid before the Board of Estimates was in accordance with this act, and the consent of the said Board of Estimates, and the acceptance thereof by said Board of Education was for \$125,000 to erect a *complete library building*, with all its *fixtures and furniture*.

The Supreme Court of Michigan has decided that the Board of Education is a corporation "not subordinate but independent of the Common Council," an "imperium in imperis" of the city of Detroit.

Therefore the above referred to proceedings constitute in fact an agreement entered into between the Board of Education and the city of Detroit, for and in its behalf by the Board of Estimates, that a complete library building, with fixtures and furniture, should be erected for \$125,000.

The Board of Education have violated this agreement by making a contract with Mr. David Knapp for the erection of an incomplete library building, and without fixtures or furniture, to cost over \$124,000, a building which the said Knapp testified under oath before your committee would cost at least \$60,000 to complete.

It is a well understood principle of law that the violation of an agreement by one of the principals releases the other, and your committee are of the opinion that the city of Detroit is relieved and released from furnishing any more money to the Board of Education for the erection of a library building, until the said board complies with its agreement entered into with the Board of Estimates for and in behalf of the city.

Your committee are further of the opinion that the corporation styled the Board of Education has been created by the Legislature, and clothed with certain definite powers and functions; that when the said board exceeds its legal powers, its acts are null and void; that in entering into this contract with the said David Knapp, it has exceeded its powers as authorized and restricted by the act of 1873, and, therefore, the said contract is *ultra vires*, and the said Knapp can, neither in law nor equity, collect upon the said contract from the Board of Education or the city of Detroit.

In investigating this contract for the Public Library building, your committee have met with difficulty in obtaining information. Mr. David Knapp, the contractor for said building, and Mr. S. E. Pittman, the secretary of said Board, were subpoenaed to appear. Mr. Knapp, upon being requested to produce his contract, refused to do so, under the advice of Mr. James Romeyn, who appeared to be acting in a double-barreled capacity as a member of the Board of Education and an attorney at law.

Mr. Pittman very courteously declined to answer any questions, and submitted the following statement:

"With all respect to this committee I have the honor to state that the Supreme Court of Michigan has decided that the Board of Education is a body not subordinate to, but independent of the Common Council, and therefore the council has no right to review our proceedings or the method in which we keep our records. Should the Board of Education, whose officer I am, instruct me to testify in regard to these matters, I will cheerfully do so. Until so instructed I must, with all respect, decline to answer your question."

From other sources, which are deemed reliable, your committee have been informed that the Board of Education advertised for plans for a fire-proof library building, to cost not to exceed \$100,000, exclusive of fixtures and furniture. In proof of which we submit said advertisement, with accompanying printed memorandum and specifications, marked A, which are annexed to this report.

The said board adopted the plan of Messrs. Brush & Smith, architects, advertised for bids, and the lowest bid received was \$158,789. By omitting the front stone steps, by making of wood all the ornamental work specified to be of galvanized iron on the exterior of the building, by leaving off the *principal tower*, by omitting the cast iron floors and railings of the galleries on library and the winding stairs, by leaving in an unfinished state all the rooms and halls above first story, and by leaving out the marble tile in the hall and substituting a wooden floor; in short by destroying the fire proof character of the building, and leaving it in a thoroughly incomplete condition without even steps to get into the library (see printed proposals marked B annexed to the report), they reduced a bid to somewhat less than \$125,000, leaving out all mention of heating apparatus, gas or other fixtures and furniture, for which latter sum the Board entered into a contract as above set forth, thereby if the erection of the said building is proceeded with, imposing upon the taxpayers of Detroit the further expenditure in addition of an unknown but evidently large sum of money.

The Board of Education have proceeded on the theory that after the \$125,000 has been expended by the tax-payers, the requisite sum to complete and utilize the building will be forthcoming, and if the Board are permitted to proceed with this contract this will probably be true.

The Common Council have no power under the decision of the Supreme Court to provide by injunction or otherwise to restrain the Board of Education from proceeding with the erection of

the building to the extent at least of the \$40,000 already paid over to said Board, but it is believed any individual tax-payer, or any number of tax-payers in their individual capacity, may proceed by injunction to restrain said board from making any payment on said contract.

For the purposes of communicating to your honorable body, and the tax-payers of the city generally, all the information your committee have been able to obtain on the subject, we submit this detailed and somewhat lengthy report, and are of the opinion that the projected Public Library building will cost the city two hundred thousand dollars or more.

W. G. THOMPSON.  
PAUL GIES.  
SEYMOUR FINNEY.

FROM THE ABOVE SPECIAL COMMITTEE—MAJORITY REPORT.

The undersigned, a majority of the special committee to whom was referred the matter of the construction of a public library building, respectfully report as follows:

We concur in the statement of facts in the minority report, and its conclusions, with qualifications, as follows:

We believe the action of the Board of Estimates of last year binding upon the city, and that the money called for and agreed upon, to wit, \$125,000, must all be raised, and within the time provided for by said board.

The Board of Education have not acted in good faith in this library matter. Their contract with Knapp, in our judgment, is void, but we are forced to the conclusion that the Board of Education can compel the Common Council to raise said sum for the purpose of a library building, and the furniture thereof, exactly according to the terms of the proposition agreed upon last year.

Mr. Knapp may erect and complete throughout a building for \$100,000; if he goes beyond this sum he will do so at his peril, and he cannot collect the excess from either the city or the Board of Education.

The building must be finished for \$100,000, and the necessary furniture therefor must be furnished for \$25,000.

City Counselor.  
F. G. RUSSELL,  
City Attorney.

**GENTLEMEN**—The Board of Public Works who were directed by the Common Council, at its last session, to raise the flooring in the vegetable market to be raised and put in proper repair, have examined the same and find that in order to put the same in proper repair, the foundation will not only have to be graded and brought to a level with the grade of the street, but also new steps and new plank will be required. The cost of these improvements, it is estimated, will be from \$1,600 to \$1,700, and should the repairs be required it is recommended that the Board be authorized to advertise five days for proposals for making the necessary repairs.

Respectfully submitted,

HARVEY KING.

President.

Accepted, and on leave, Ald. Kurts offered in connection with the above, the following:

**HARVEY KING,**  
President.

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of Geo. O. Robinson and others for paving the alley between Woodward and Miami avenues and John B. and Williams streets, report that this alley is only partly drained, and notwithstanding the condition of the same is as represented by the petitioners, the Board are of the opinion that a lateral sewer should be constructed therein before being paved. It is therefore recommended that the prayer of the petitioner be denied.

Accepted, and the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of C. F. Mueller for paving the alley between Michigan avenue, Abbott, First and Second streets, with cobble stone pavement, report:

In order to pave an alley the ordinance requires a majority of the owners of lots abutting on said alley to petition therefor. This petition being signed by but one individual, the Board recommend that the prayer thereof be denied.

Respectfully submitted,

**HARVEY KING,**  
President.

Accepted and the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works would inform your Honorable body that there is constant inquiry at this office by property owners, as to what proceedings must be had in order to have alleys repaired or improved, and how and in what manner the expense of said improvements shall be paid. On referring to the Book of Ordinances, it is found that there is no ordinance applicable to the same. Section 45 of the amended charter of 1871 provides that the Common Council may make such ordinances for the paving of or otherwise improving alleys and assessing the property adjoining

the same for paying for such improvement. It is therefore recommended, that by virtue of authority above given, the City Attorney be directed to prepare and transmit to the Common Council the necessary ordinance.

FROM THE SAME

To the Honorable the Common Council:

**GENTLEMEN**—In accordance with the report of the Committee on streets adopted by the Common Council on the 30th ult., the owners of lots 47, 48 and 78, section 8, Governor and Judges plan, have caused to be prepared, and have submitted a plat dedicating the land and opening the alley as required by said report.

The Board hold that before any changes can be made with the general plan of the city after having been approved and adopted that it will require the passage, by a three fourths vote of the Common Council, of a resolution authorizing said changes to be made by the Board of Public Works, and until such resolution is adopted the Board has no jurisdiction in the premises. The Board therefore, in order to comply with the recommendation of your Honorable body, respectfully recommend that the necessary resolution be adopted.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and leave being granted Ald. Horn offered the following:

*Resolved*, That the Board of Public Works be, and they are hereby authorized to sign and approve the plat of S. Mandelbaum and others changing the line of an alley in section 8, Governor and Judges plan, as recommended in the report of the Committee on Street Openings and adopted March 30th, 1876.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—21.

*Nays*—None.

In connection with the above, by consent, Ald. Dunlap offered the following:

**WHEREAS**, Simon Mandelbaum and others have petitioned to the Common Council of the city of Detroit that the line of a certain alley situated in the block bounded by Griswold and State streets and Woodward and Michigan avenues in section number eight of the Governor and Judges, plan of the city of Detroit, the north line of which alley now runs along the southerly line of lot No. 78 in said Section eight, and opens on Griswold street, be altered so that said alley shall open on Griswold street at right angles thereto.

And whereas, the parties owning the property through which said alley so altered as aforesaid passes, have formally dedicated to the public, for the purposes of an alley, a strip of land twenty feet in width, the north line of which commences at a point on the east line of said Griswold street ninety-eight and ninety-one one hundredths feet northerly from the intersection of the east line of said Griswold street with the north line of said Michigan avenue, and runs thence north sixty degrees east to the southerly corner of lot No. seventy-six in said section eight.

Now therefore, be it resolved by the Common Council of the city of Detroit, that the line of the present alley in said block, running from the east line of said Griswold street along the southerly line of said lot No. seventy-eight and the northerly line of lots Nos. forty-eight, forty-seven and forty-six, be, and the same is hereby altered, so

that the north line of said alley as altered and changed shall be as follows, viz.: Commencing at a point on the east line of said Griswold street ninety-eight and ninety-one one hundredths feet northerly from the intersection of said east line of Griswold street with the north line of said Michigan avenue, running thence north sixty degrees east to the southerly corner of lot No. seventy-six in said Section eight; and the south line of said alley so altered and changed as aforesaid shall commence at a point on the east line of said Griswold street twenty feet south from the point where the north line of said altered alley commences, and run thence north sixty degrees, east sixty-seven and forty-seven hundredths feet to a point on the north line of lot No. 47, in said section eight, and thence shall run along the north line of lots Nos. 47 and 46, in said section eight, and that all of said alley, as the same existed before the alteration and change hereby made, which lies north of the north line of said alley as hereby altered and changed, be, and the same is hereby vacated.

Provided, that the owners of the lots lying adjacent to the improved portion of the said alley as herein altered and changed, shall open and pave such portion of said altered and changed alley, at their own expense, before closing that portion of the old alley hereby vacated.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—21.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of Eliza Taylor for paving the alley between Hastings and Rivard streets and Congress and Larned streets, respectfully recommend that the prayer of the petitioner be granted. In March, 1874, the property owners along the line of this alley petitioned for paving the same, but a lateral sewer having been constructed therein it was deemed expedient to postpone paving until this year, thereby affording time for the setting of the curb over the sewer. The Board therefore recommend that the alley be paved with cobble stone pavement.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and no objection appearing thereto, Ald. Horn presented the following:

*Resolved* by the Common Council of the City of Detroit, that the alley extending from the east line of Hastings street to the west line of Rivard street, between Congress and Larned streets, be and the same is hereby ordered to be graded and paved with cobble stone pavement 20 feet in width, according to specifications adopted by the Common Council and the estimates of the City Engineer.

*Resolved*, That the City Engineer be, and is hereby ordered and directed to estimate and determine:

1. The quantity of all grading, paving and other work on said alley within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of all grading and paving of each portion of said alley.

*Resolved*, That whenever the City Engineer shall make such estimate, showing the quantity of the grading, paving and cross-walks, and other work required on said alley, the Board of Public Works shall, and are hereby ordered and directed to advertise for 10 days for proposals for grading,

Respectfully submitted,

HARVEY KING,

President.

## FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee have examined the petition of John B. Loranger to improve his residence at the corner of Eighteenth-and-a-half and Fort streets, by building a frame addition to the front. While the improvement would be a benefit to the petitioner and the immediate locality, it would, in the opinion of your committee, materially increase the fire risk, and they are therefore compelled to report unfavorably to the same. The petition of Adolph Mouskey to repair a small kitchen in rear of No. 401 Larned street, east, your committee find, upon examination, will be a flagrant violation of the fire ordinance. The above party intends to tear down the building and erect a new one. While the Committee are disposed to construe the provisions of the ordinance most liberally, they deprecate most earnestly the spirit actuating parties who seek to practise such impositions, and they recommend that the prayer of the petitioner be denied.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits, to whom were referred various petitions at the last session of the Council, have examined the same and report thereon as follows:

Mr. B. Wirtzburger is the owner of two houses on St. Ambrose avenue, between German and Gratiot streets. He intends to remove one building outside the fire limits, and he wishes to construct an addition to the remaining building 18x18 feet and one story in height. The fire risk will be decreased thereby, and the committee report in favor of the petition. Timothy O'Connor asks to construct a small extension to a side kitchen attached to a brick house, No. 54 Clinton street, 8x14 feet in size and one story high. There being no perceptible increase to the fire risk, the committee report favorably thereto. The petition of A. T. Taylor, corner of Fort and Fourteenth streets, shows that he wishes to raise his house about two feet, tear down an old kitchen and rebuild the same more substantially. In the opinion of your committee the change, besides decreasing the fire risk, will be desirable for sanitary reasons, and they recommend the permission be granted. The petition of Conrad Fey, corner of Michigan avenue and Twentieth street, desires to construct a shed 8x40 feet and 10 feet high. The construction of this shed, as proposed by Mr. Fey, will undoubtedly enhance the danger by fire in that immediate vicinity, and your committee are opposed to any such infringement of the ordinance; but they would recommend that Mr. Fey be permitted to build the same, providing he will construct both sides thereof with brick instead of wood, thereby obviating any increased danger by fire to adjoining property.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
D. SHANAHAN.

Accepted and adopted.

## FROM THE CITY ATTORNEY.

To the Honorable the Common Council: GENTLEMEN—I herewith submit in accordance with your instructions ordinances as follows:

1. To amend section 6 of Chapter 68 of the Revised ordinances of 1871 relating to Auctioneers.
2. An ordinance providing for payment of the expenses of grading and repairing alleys.

At your last session you directed me to report an ordinance to enable the Harbor Master to carry into effect the authority conferred upon him relative to the removal of vessels.

After some care and examination, I am satisfied that an amendment to the charter must be made before the Harbor Master can act effectually in the direction proposed. The only remedy now to be pursued, when the person in charge of a vessel refuses to comply with the proper directions of the Harbor Master is by complaint under the existing ordinance and prosecution in the Recorder's Court.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted, and the ordinances were read twice by their titles, as follows: "An ordinance to amend section 6 of chapter 68 of the Revised Ordinances of 1871," and "An ordinance providing for the payment of the expenses of grading and repaving alleys."

Laid on the table and ordered printed in the proceedings.

The following are the ordinances:

## AN ORDINANCE

To amend Section 6 Chapter 68 of the Revised Ordinances of 1871.

It is hereby ordained by the Common Council of the City of Detroit:

Section 1. That section 6 of chapter 68 of the

Revised Ordinances of 1871 be, and the same is hereby amended so as to read as follows:

Sec. 6. It shall be lawful for any auctioneer to sell on any wharf, or in any street, excepting the Campus Martius and any public place within 500 feet thereof, the following articles, to wit: Molasses, oils, wines, or any other liquors or liquids, the sale of which is authorized by law, contained in half barrels, barrels, casks, hog-heads, or other vessels, ship furniture and tackle, carriages, farming utensils, household furniture, and goods or merchandise, in packages or parcels, which shall weigh one hundred pounds: *Provided, however,* That such auctioneer shall not obstruct or encumber any wharf or street so as to interfere with travel.

Sec. 2. This ordinance shall take immediate effect.

#### AN ORDINANCE

Providing for payment of the expenses of grading and repairing alleys.

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. Any public alley in the City of Detroit may be graded, re-paved, repaired and improved when so ordered by the Common Council upon a petition of a majority of the actual lot owners in the block where the alley in question is situated.

Sec. 2. The expense of grading, re-paving, repairing or otherwise improving any alley in said city shall be assessed upon and collected out of the property or land immediately abutting or adjoining the same, and in the same manner as is provided in chapter 35 of the Revised Ordinances of 1871 for collecting the expense of grading and paving streets and as provided in chapter 81 of said Ordinances relating to the collection of special assessments.

Sec. 3. Whenever the Common Council shall have ordered any alley to be re-paved, graded or repaired the City Engineer shall make up the proper estimates of the work to be done and the City Assessor shall make out all necessary assessment rolls. All work under the provisions of this ordinance shall be done under the direct supervision of the Board of Public Works of said city.

Sec. 4. As soon as may be after the passage of this ordinance, and yearly hereafter in the month of February the Board of Public Works shall advertise such number of days as the Common Council may prescribe, for proposals for repairing paved alleys, and for grading and working unpaved alleys, according to regulations and specifications to be prepared by said Board, and approved by the Common Council.

FROM THE CITY ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit to your honorable body assessment roll, No. 2,285, for constructing a brick lateral sewer in alley bounded by Sherman, Catharine, Orleans and Dequindre streets. Cost, \$317 97. Ferdinand Poreth, contractor.

Very respectfully,

HENRY D. LUDDEN.

Very respectfully,

A. I. McLEOD,

Clerk of the Recorder's Court.

Accepted, and referred to the Committee on Ways and Means.

FROM THE BOARD OF REVIEW.

To the Honorable the Common Council:

GENTLEMEN—The Board of Review respectfully beg leave to report that they have reviewed, corrected and approved of the assessment rolls of the several Wards of the city, and (herewith accompanying) do return them to your honorable body, according to the provisions of section 6, of chapter 9, of the revised charter.

Ald. Shanahan moved to refer to the Committee on Taxes, which motion prevailed.

FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Fire Commission to whom was referred the petition of Jas. E. Andrews, respectfully transmit the following report of the Fire Marshal relating thereto, viz:

"I have examined the premises on the corner of Spencer and Second streets and find the building badly burned on the inside, and were it in the fire limits, I should report adversely to its being repaired as its maintenance is a source of danger to all surrounding property; but I find it stands just in the rear of the fire limits on the north side of Michigan avenue."

(Signed) JAMES BATTLE,  
Fire Marshal.

A remonstrance of adjacent property owners was referred by your Honorable Body to this Board against the reconstruction of the aforesaid building, and in the report of this Board to your Honorable Body dated March 16th, 1875, it was given as the opinion of this Commission that the said remonstrance was well grounded.

By direction of the Board.

Very respectfully, etc.,

FRED. H. SEYMOUR,  
Secretary.

Accepted and placed on file.

FROM THE CITY CLERK.

That he presented the proceedings of the last Council to the Mayor on the 17th inst., and they were approved on the same day.

Accepted and placed on file.

#### REPORTS OF COMMITTEES.

WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the communication of the City Engineer, asking permission to grade the salaries of employees in his office, without additional expense to the city, respectfully report in favor of granting such permission.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted, and laid upon the table for one session.

FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits report as follows on the petition of R. Warner to change and rebuild the roof of his dwelling on the northeast corner of Miami avenue and John R. street. The roof of the house as at present constructed forms a gable on John R. street. He wishes to so alter it that the gable will face Miami avenue, thereby changing the appearance of the structure and greatly improving the same. The Committee have consulted several of the residents in that locality, all being favorable to the proposed change, and none objecting thereto. The fire risk will in no wise be increased, and we therefore recommend the petition be granted.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

Ald. Gies moved a call of the Council.  
The motion prevailed.

There were present as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks and the President—20.

*Nays*—None.

Ald. Gies moved that the Sergeant-at-Arms be instructed to procure the attendance of Ald. Gathard.

Ald. Hough moved that the member absent be excused from further attendance at this session. And the motion prevailed.

#### PARKS.

To the Honorable the Common Council :

**GENTLEMEN**—The Committee on Parks have examined the petition of W. H. Bronson and others, residents in the vicinity of Casa Park, who ask to have a portion of the Park Improvement Fund for the present year applied to the construction of a basin for the fountain in the said park, and would report that the locality mentioned is one of the most beautiful in the city, and will eventually become an attractive place of resort if the park should be improved in a manner commensurate with its elegant surroundings. The committee are, however, in view of the meagre appropriation for this purpose, reluctantly compelled to defer the improvement until the forthcoming year, when the condition of the fund will permit the construction of a basin and fountain complete, and would recommend that a sufficient appropriation for that purpose be placed in the estimates for the ensuing year.

Very respectfully,

JACOB GUTHARD,

JOHN SCHMITT,

J. B. SCHMITTDEL.

Accepted and placed on file.

Wolverine Ice Co., pure up river ice.....	\$45 00
Lake St. Clair New Up River Ice Co., good pure ice.....	60 00

Very respectfully, etc., etc.

E. I. GARFIELD,

Accepted and placed on file.

## FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—Under instructions given by you, a complaint was made against Henry Miller for obstructing Jefferson avenue (at the Geo. Hunt farm so-called) in the Police Court of the city, and the complaint was dismissed. A suit was then instituted in the Superior Court to recover for the use of the city the premises claimed to be within the avenue; the court decided against the city. The case was then taken to the Supreme Court which held the dedication of the street defective, and the premises never having been taken possession of and used as a highway, the decision was in favor of Mr. Miller.

The only way to obtain this strip of land is by proceedings under the charter for opening and straightening streets in the Recorder's Court with a jury.

Respectfully submitted,

D. C. HOLBROOK.

City Counselor.

Accepted and placed on file.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom the resolution introduced on the 18th of April, by Ald. Dorr, requiring the undersigned to report whether the Detroit City Railway has the right under its charter to dispense with street car conductors on Michigan avenue states that the charter of that railway does not require conductors to take charge of the cars on that route—but if for the want of a conductor an injury should occur to any person the railway would be liable.

Respectfully submitted,

D. C. HOLBROOK.

City Counselor.

Accepted and placed on file.

FROM THE CITY COUNSELOR.

To the Honorable the Common Council:

By resolution introduced by Ald. Dunlap on the 23d instant, the undersigned was requested to inform the council whether or not, in his opinion, the city assessor should place on the tax-rolls of 1875 the \$50,000 heretofore voted to be raised this year for the Public Library building, without further action by the council or the Board of Estimates, reports: That by section 13 of the act in relation to the public schools, approved March 27th, 1873, the Board of Education was authorized to submit to the Board of Estimates the expense of a building, its fixtures and furniture, for a public library, not exceeding the sum of \$150,000. The Board of Education did submit an estimate of \$125,000 for such purpose. The act then states "If a majority of such meeting, board

or body shall consent to levying the amount specified in such estimate or any part thereof and the Board of Education shall within one week thereafter file its acceptance thereof with the clerk of said city, the Common Council shall direct the same to be levied, assessed and collected in such amounts during the respective years as said meeting, board or body shall give consent therefor, and in like manner as other general taxes are levied, assessed and collected."

The Board of Estimates did consent to the levying of the amount specified, \$125,000, and recommended that the Common Council should direct the same to be levied as follows: \$30,000 in 1874; \$50,000 in 1875; and \$35,000 in 1876. The Board of Education within the time required, accepted the same, and the Common Council on the 19th of April, 1874, (proceedings p. 179), by resolution did accept and adopt the action of the Board of Estimates, and \$50,000 was raised in 1874.

In 1875 the Council included in the estimates for that year the second \$50,000 for the library building. The Board of Estimates, without action on the same, recommended that bonds be issued for this amount, and awaited the action of the Council to take the necessary steps providing for the interest thereon, and a sinking fund, but the recommendation of the Board of Estimates to issue bonds was not concurred in. The matter then coming again before the board of Estimates to raise the same by taxation, it resolved to strike the same out of the Estimates for the year.

The undersigned is of the opinion that the action of the Board of Estimates in the year 1874, and of the council in concurring to raise the whole \$125,000, and fixing the time within which it should be raised, *became final*, and that the submission of that \$50,000 to the Board of Estimates again and the action of the council thereon was wholly nugatory and unnecessary, as the whole thing was concluded and became obligatory by the virtue of the act referred to, which directed the amount to be raised as should be first determined.

The Board of Estimates could not, after the Board of Education accepted, take any further action in the matter, nor has the Board of Estimates any authority to decide whether the money should be raised by sale of bonds or not, *that is for this council to decide*. Therefore, I am of the opinion that it is the duty of the Assessor to spread the \$50,000 upon the tax roll for this year without further action. Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

## REPORTS OF COMMITTEES.

### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your committee to whom was referred the petition of Charles Brommer to construct a shed in the rear of his premises on the northeast corner of Congress and Brush streets, would report unfavorably to the same. The erection of the shed will, in their opinion, increase the fire risk, and they recommend that the petition be denied. Also, the petition of Oscar Sprague to erect a carpenter shop on Woodbridge street, your committee would report adversely thereto, the ordinance prohibiting the erection of buildings of that nature within the fire limits. The petition of G. W. Williams to construct a wooden building at No. 217 Woodward avenue, your committee have examined, and would report that while the ordinance prohibits the erection of any such structures the policy of permitting frame buildings to be erected on the principal avenues and thoroughfares is a very objectionable one and opposed to the best interests of the city at large, and they would therefore report adversely to the same.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits would report as follows on matters referred to them, to wit: Charles Parly petitions to remove a shed at No. 1 Jefferson avenue, and erect a frame kitchen. Through ignorance of the law, he had erected the kitchen and almost completed the same, without having received the necessary permission. If permitted to complete it he will tear down an old rickety barn and a fence twelve feet high, thus decreasing the fire risk. Under these circumstances the committee report in favor of the petition. Mr. P. Blake wishes to tear down part of a frame house on lot 13, south side Lafayette avenue and rebuild the same of brick, and also re-clapboard the front portion of the house. The premises will be improved and the fire risk will not be increased, and the committee therefore report favorably. Mr. J. Tahash wishes to change a gable roof to a flat composition roof on his blacksmith shop on St. Aubin avenue, and extend the shed a few feet. The committee think the proper permission should be granted, and report in favor thereof. Magnus Butzel wishes to construct a small woodshed in rear of his dwelling on Woodward avenue. The building will be but temporary, as he intends to build a brick barn on the premises in the near future. The fire risk will not be materially enhanced, and they report in favor thereof.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits to whom was referred petitions of Messrs. K. G. Belnap, Lewis Kirsch and of Mr. Osgood on

various matters, would report that they have visited the premises therein mentioned two or three times, but have been unable to see the petitioners personally or to ascertain what they wish. Your Committee do not wish to appear captious or fault finding, but they assert that while their time and service may be of small moment to uninterested parties it is a matter of vital importance to themselves and they therefore report the said petitions back to your honorable body without recommendation.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ordinances, to whom was referred an ordinance providing for the payment of the expenses of grading and repaving alleys, have considered the same, and herewith report said ordinance back to the Council with sundry amendments, and ask to be discharged from the further consideration of the same.

## SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—The Special Committee to whom was referred the petition from A. M. Campan, have had the same under consideration, and find that Mr. Campan has been laboring under wrong impressions: his assessment has not been raised thirty-seven thousand dollars this year, but has been raised eighteen thousand dollars last year when he was absent to Europe, so he did not know of that rise but was under the impression that this rise was done all this year. We find that his land is assessed at \$1,680 per acre more than his neighbors, whose property is worth more than this. He is assessed only \$1,620 per acre on the west side, and Mr. A. Sheeley on the east is assessed only \$1,000 per acre; therefore his complaint is justified. Your Committee are of the opinion that if it has become necessary to raise the assessment on property it should be on all alike. On looking over the Assessors' books we find that the outer wards are taxed to their cash value, while the inner wards are not; for instance, on Woodward avenue, where lots were sold for eight hundred dollars per foot in cash, they are assessed only at cash value at five hundred and fifty dollars per foot, lots 40 feet front that sold for over seventeen hundred dollars per foot are assessed \$14,000. On Griswold street where lots could not be bought for fifteen hundred dollars per foot, lots of 35 foot front are assessed only \$4,875. This shows clearly that property is not equally assessed, for if it was the burden would be shared alike and there would be no cause to complain, your committee are satisfied that while the present books are all written up it incurs too great an expense to make any change this year but recommend that the Assessors cause the matter righted next year.

All of which is respectfully submitted,

PAUL GIES,

WM. A. OWEN,

J. A. KURTZ.

Accepted and adopted.

## COMMUNICATION.

DETROIT GAS LIGHT COMPANY, }  
May 4th, 1875.

To Eldry I. Garfield, City Controller:  
DEAR SIR—The Detroit Gas Light Company beg

leave to submit, through you, to the Common Council, their claim against the city for gas consumed in the public lamps for the months of January, February and March, last. The difference between the company and the city arises from the different modes of computing the amount consumed.

The city allows for only four and one-half (4½) feet consumption per hour. But the fact is otherwise. The burners originally put upon the lamps by the company were only four and one half (4½) feet burners. These were subsequently changed without the knowledge of the company, and others which consumed nearly seven (7) feet per hour were substituted in their place. The consumption has now for some time been with these enlarged burners, and this increased consumption has been made with a full knowledge on the part of the Common Council of these facts.

No one will deny that it is just and fair that the city should pay for all the gas that it knowingly consumes. The Gas Light Company sincerely wishes to avoid all litigation or controversy with the city. It believes that the city will on full consideration join in an equitable adjustment.

They therefore wish to call the attention of the Council to the matter, and to ask that the proper action may be taken in the premises.

A statement of the amount of gas consumed for said months is herewith enclosed.

Respectfully submitted.

SAMUEL LEWIS.

President of the Detroit Gas Light Co.

Accepted, and Ald. Guthard moved to refer to the Committee on Gas Lights and City Counselor.

Ald. Dunlap moved to refer to the Committee on Claims and Accounts and City Counselor.

Lost.

Ald. Owen moved to refer to the Committees on Gas Lights and Claims and Accounts, and City Counselor and Controller.

Carried as follows:

*Yea*—Ald. Blodgett, Christian, Dunlap, Gies, Hinchman, Horn, Kurtz, Owen, Schmitt, Schmittsdiel, and Wilks—11.

*Nays*—Ald. Baxter, Daly, Dorr, Finney, Guthard, Heames, Hough, Rouland, and the President—8.

#### FROM THE ASSESSOR.

To the Honorable the Common Council:

GENTLEMEN—In reference to the report of the special committee that was appulated by your honorable body to investigate the appeal of A. M. Campau, regarding his assessment, I respectfully beg leave to make a few corrections thereof, which as the report of the committee now stands, may convey an erroneous impression in regard to the general assessments of the city. The corrections are as follows:

First—The raise of \$18,000 on the Campau tract was not last year, but in 1873, on which he has paid taxes in the years 1873 and 1874 without making one word of complaint, either personally or through his agent, who did his business the year he was absent in Europe. The adjacent property of A. Sheley and others was also raised in the same proportion during the same year.

Second—The tract of A. M. Campau averages \$1,650 per acre, cash valuation, and the Joseph Campau farm \$1,630, leaving but \$20 per acre difference, instead of \$1,650, as stated in the report. The difference of \$20 per acre is partly to be attributed to the fact that the Bloody Run cuts through a large portion of the Joseph Campau farm and barely touches the A. M. Campau farm.

Third—The committee were in error when they were making comparisons of the outer and inner wards at a cash value, and comparing them with the inside wards at their assessed valuation, which is 70 per cent less than the cash value. The instance made mention of on Woodward avenue, of land being assessed at \$14,000, is placed on the books at a cash value of over \$48,000, and the instance of twenty five feet front on Griswold street at an assessed value of \$4,875, is at a cash value of \$14,250.

As an evidence of the general correctness of the assessment rolls of 1876, I will state that there was fewer applications for corrections before the Board of Review this year than for a number of years past.

Respectfully submitted,  
H. M. LEROY,  
City Assessor.

Accepted and placed on file.

Respectfully,

J. HORN, JR.  
M. P. CHRISTIAN,  
WM. A. OWEN.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets, to whom were referred the following petitions, to wit, of Cleo and Coville, and of Wm. Fisher, would respectfully report as follows: Cleo and Coville ask permission to load their teams in front of their place of business on First street on the sidewalk, and your committee recommend that the prayer of the petitioners be granted.

Wm. Fisher prays that your honorable body allow him to erect a fancy blanching pool at his place of business near the corner of Randolph street and Gratiot avenue; your committee recommend that his request be granted.

J. HORN, JR.  
M. P. CHRISTIAN,  
WM. A. OWEN.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The committee to whom were referred the petitions of E. D. Richmond and Joseph Tuynon report as follows: Mr Richmond wishes to complete the repairs to a frame barn in the alley south of Michigan avenue and east of Cass street. The damage by fire to the structure is not equal to one-third of its value, and as permission had previously been obtained from Mr. Battle to repair the premises, we recommend that he be allowed to proceed. Joseph Tuynon wishes to change the shape of the roof of his house, No 50 Macdonald avenue, by constructing an ornamental gable. The appearance will thereby be greatly improved, and as there will be no additional fire risk the committee report favorably thereon.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your committee on Fire Limits would report that they have examined various petitions referred to them at the last session of the Council and report thereon as follows: Robert Shore wishes to erect a frame cottage on St. Aubin avenue, lot No. 25. The committee are opposed to the erection of new buildings whereby the fire risk to adjoining property is enhanced, as expressed in a report previously submitted to your honorable body, and would therefore recommend that the prayer of the petitioner be denied. Oscar Sprague asks permission to erect a carpenter shop on Woodbridge street west, on lots 17 and 9, block 19, Baker farm. The premises are situated nearly opposite the match factory, adjacent to a vacant lot on which is designed to construct a brick factory. The erection of the wooden building will greatly increase the fire risk to the said factory and the whole immediate locality, and they recommend the prayer of the petitioner be denied. Mr I. L. Nichols asks to raise the roof of his kitchen on Larned street, between Ripelle and Orleans streets. The committee have previously refused permission to his adjoining neighbor to repair his premises, believing that the fire risk would thereby be increased. It would be manifest injustice to grant the one permission and refuse the other, and they recommend the prayer of the petitioner be denied.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY.

Accepted and adopted as follows:

Yea—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Wilks and the President—19.

Nays—Ald. Gies.—1.

## COMMUNICATIONS FROM THE MAYOR.

CITY OF DETROIT.

MAYOR'S OFFICE, May 7, 1876.

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body, without my approval, that part of your proceedings on the 4th inst whereby Messrs. Cies & Co. were granted permission to use the sidewalk opposite their premises, on First street, for the purpose of loading teams, for the reason that it would be granting a right to obstruct the highway which, in my opinion, the city government has no right to do, and further, that in granting this privilege we should be discriminating in favor of certain citizens to the detriment of all others.

Very respectfully,

H. MOFFAT, Mayor.

Accepted, and the vote whereby permission was granted was reconsidered, as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Hough, Kurtz, Owen, Rouland, Schmittziel, Wilks, and the President—19.

Nays—None.

The question then being, "Shall the resolution now pass, notwithstanding the veto of the Mayor," the same did not prevail, as follows:

Yeas—None.

Nays—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Hough, Kurtz, Owen, Rouland, Schmittziel, Wilks, and the President—19.

## COMMUNICATIONS FROM CITY OFFICERS

FROM THE CONTROLLER.

To the Honorable the Common Council:

GENTLEMEN—The new street opening law having received the signature of the Governor, it becomes my duty to lay before your honorable body a statement of the condition of the Street Opening Fund. The credit balance, May 1, 1876, was \$3,169 35. Amount in hand of Collector for collection . . . . . 2,978 4

Total . . . . . 4,435 76  
Less benefits paid (damages unpaid) . . . . . 788 37

Actual credit balance May 1, 1875 . . . . . \$3,647 49

The amount in the Collector's office, together with the unpaid taxes reduces the credit balance to a cost balance of about \$400 at the present date.

The appropriation for 1875 is \$5,000. The amount actually available for street opening purposes during the current fiscal year will not exceed \$6,000.

Very respectfully, etc.,

E. I. GARFIELD.

Controller.

Accepted and placed on file.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—By the approval of the Governor the street opening law has been changed so as to require the city to pay at least one-fourth of the expense in each case. This action will probably defeat the opening of Front, Griswold and Marquette streets, Forest avenue and Canfield avenue from Cass to Woodward avenue, and necessitate the abandonment, for some time at least, of proceedings in most of the many important streets, the opening for which has been petitioned, and been contemplated by your honorable body. I have taken the liberty of directing your attention to this matter at this early date, in order that you may take such action as you may deem proper in all street opening cases where preliminary proceedings are now pending.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—I herewith submit as directed an ordinance amendatory of section 22, chapter 27, of

the Revised Ordinances regulating the placing and keeping of signs.

Very Respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted, and the ordinance was read twice by its title, as follows:

"An ordinance to amend section 22 of chapter 37 of the Revised Ordinances of 1871."

SEC. 2. This ordinance shall take immediate effect.

#### STREET OPENINGS AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, instructed by your honorable body "to confer with the owners of Crawford and Elton Parks for the purpose of getting the owners of the reversionary rights in said parks to give an absolute title to the city," beg leave to submit that they have given the matter investigation and consideration. We are satisfied that the surest way to obtain the right to occupy said parks or any portion of them for street purposes is by a jury and according to ordinary procedure for opening streets.

We therefore recommend that the City Attorney be instructed to report the proper resolutions for opening all the abutting streets across said parks and in such manner as to take all the land contained in said parks.

FROM THE CITY ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN.—Since your last session I have examined with some care a certified copy of the recent amendment made by the Legislature to the street opening law, and am inclined to the conclusion that a fair construction of it leaves no power to assess any portion of the expense in any street opening case upon the property in an assessment district; and that in every such case the entire damages and costs must be paid out of the street opening fund as provided in act 486 session laws of 1869.

Section 38 before amendment of it gave direct authority to assess the cost of opening streets upon adjacent property in language as follows: "The Common Council shall have power by resolution to direct that the whole or any part of the compensation to be paid for any private property, taken for any avenue, street or highway, be assessed to and apportioned upon all the lots, premises or subdivisions thereof within a certain district to be defined and described in said resolution," and authority so to assess was not conferred directly or by implication anywhere else in the law. In this section as amended the words "that the whole or any part" have been stricken out and the words "what portion" inserted, and now as I believe, it simply confers on the Common Council, authority to make a division of three-fourths of the expenses, upon

rently contemplating that some previous section or other power contains the right and authority to assess damages and costs upon a certain local district. In a word, the very gist of the section, the words giving authority to assess damages are not in the amended section. If the section had been made to read, "the Common Council shall have power by resolution to direct that any portion not to exceed three-fourths of the expense be assessed," etc., the authority to assess would have been explicit and unmistakable at least, and other language of the section would not have been more absurd or out of place than at present.

But if there is any authority in this amended section to assess, it is there only by implication, and certainly no one will insist that a good and valid assessment can be created except in cases where the law directly and expressly provides for it. The power to assess must, as a rule, be conferred in terms, in language explicit and beyond question.

If the last clause of section 6, requiring the entire expense of opening streets to be paid out of the street opening fund be read in connection with section 35 as amended, I think it will appear to most any mind that it is at least doubtful, if an assessment can now be levied for opening streets.

It is quite possible that my construction of the amendment is not correct, and if the City Counselor should so find, and you should so direct, I shall cheerfully proceed in the matter of opening any street in such manner as your honorable body may have by resolution determined.

Very respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted and referred to the City Counselor.

*Resolved*, That the Board of Public Works be directed to contract with Messrs. Uridge & Bristow for extending Twenty-first street sewer from the street south of the Michigan Central Railroad track to the north line of the alley north of Michigan avenue, they being the lowest bidders therefor.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames,

Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Wilks, and the President—20.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of S. T. Willing and others, for a lateral sewer in the alley between Congress and Fort streets and Riopelle and Orleans streets, respectfully recommend that the prayer of the petitioners be granted.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, whereupon Ald. Hough moved that the Board be directed to advertise five days for proposals for the purpose above mentioned.

Which motion prevailed as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Wilks, and the President—20.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—In reply to a notice from this office several bids were received for constructing the bridge over the Michigan Central Railroad track on Fourteenth street, but owing to their not specifying an amount for the completion of the bridge according to the plans and specifications on file in this office, the Board rejected all except the Detroit Bridge and Iron Works, and respectfully recommend that said company be awarded the contract at the amount proposed to complete the same, to wit: \$4,750.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and no objection appearing thereto, Ald. Hough offered the following:

*Resolved*, That the Board of Public Works be directed to contract with the Detroit Bridge and Iron Works for constructing a bridge over the Michigan Central Railroad track on Fourteenth street, they being the lowest bidders therefor, as recommended by said Board.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Wilks and the President—20.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The late rains having caused the abutments of the bridge crossing the Michigan Central Railroad track on Fort street to give way, thereby rendering the same dangerous, the Board of Public Works respectfully call your attention to the necessity for repairing the same. Inasmuch as there is some doubt as to the liability of the railroad company to keep the same in repair, it is recommended that the city proceed at once to place the same in a safe condition. In order to accomplish this it is suggested that the Board be authorized to advertise two days for proposals, and that the question of liability be settled hereafter.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and on leave, Ald. Hough offered the following.

*Resolved*, That the Board of Public Works be directed to advertise for two days for proposals for repairing the abutments of the bridge across the Michigan Central Railroad track on Fort street.

Ald. Hough moved the adoption of the resolution.

Ald. Owen moved to refer the matter to the City Counselor with instructions to report as to the legality of the proceedings at the next session of the Council.

*Nays*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Heames, Horn, Hough—10.

The resolution was objected to and laid over under the rules.

FROM THE CITY ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit to your honorable body assessment rolls No. 2,294, 2,295 and 2,296, for constructing lateral sewers: No. 2,294, brick lateral sewer on the north side of Church street, between Ninth avenue and Wesley street. Ferdinand Poreth, contractor. Cost, \$385 09. No. 2,295, brick lateral sewer in Scott street from the west line of Deguindre street, to connect with the Riolpelle street sewer. D. Sullivan, No. 1, contractor. Cost, \$584 62. No. 2,296, brick lateral sewer in the alley between Clinton avenue and Mullett street, from Elmwood to McDougall avenues, to connect with the McDougall avenue sewer. Merrill & Sullivan, contractors. Cost, \$944 65.

Very respectfully,

HENRY D. LUDDEN,  
City Engineer.

Accepted, and the assessment rolls were confirmed as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Wilks, and the President—20.

*Nays*—None.

FROM THE CITY ASSESSOR.

To the Honorable the Common Council:

GENTLEMEN—The State Legislature at its last session passed a law for the taxation of the business of manufacturing and selling spirituous and brewed liquors and making it the duty of the assessor or assessors to make the annual assessment of taxes upon the same. As the State law contemplates but \$2 per day for performing the labor of said assessment, which, while it might be amply sufficient in small places where the labor of making said assessments would be very light, I think it should be somewhat increased here in the city. The time for completing such assessments being very short and the labor connected with it necessarily very arduous, I respectfully ask your Honorable Body to increase the pay of the assistants necessary to complete this labor, to \$5 per day, the same as Assistant Assessors.

Respectfully submitted,

H. H. LEROY,  
City Assessor.

*Resolved*, That the compensation for such assistants as the City Assessor may require to complete the assessments, for the Liquor Tax, be fixed at the sum of \$5 per day.

Ald. Finney moved the adoption of the resolution.

Ald. Hough moved to amend by fixing the salaries of the officers, above mentioned, at \$1 50 per diem.

Ald. Kurtz moved to lay the resolution upon the table for one week.

Lost as follows:

*Yeas*—Ald. Blodgett, Daly, Gies, Kurtz, and Schmitt—5.

*Nays*—Baxter, Christian, Dorr, Dunlap, Finney, Finnegan, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmittiel, Wilks, and the President—15.

Thereupon Ald. Hough moved to indefinitely postpone the whole matter.

Which motion prevailed as follows:

*Yeas*—Ald. Christian, Daly, Dorr, Gies, Heames, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, and Wilks—18.

*Nays*—Ald. Baxter, Blodgett, Dunlap, Finney, Finnegan, Hinchman, and the President—7.

FROM THE CITY CLERK.

That he presented the proceedings of the last

Council to the Mayor on the 10th inst., and they were returned approved on the same day.  
Accepted and placed on file.

## REPORTS OF COMMITTEES.

### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your committee to whom was referred various petitions, having examined the same, would report thereon as follows: Wm. Deuter wishes to repair his dwelling on the northwest corner of Fort and Hastings streets, by placing a composition roof thereon. There is no increase to the fire risk, and the Committee report favorably thereto. John B. Loranger wishes to build an addition on the corner of Fort and Eighteenth-and-a-half streets, one story and-a-half high, the spaces between the studding to be lined with brick. As the fire-risk is not increased thereby they recommend he be allowed to build. Messrs. Alexander & Landon wish to construct a small shed, 10 feet by 10, and 8 feet high, on the southwest corner of Gratiot avenue and Beaubien street; and Joseph B. Moore asks permission to build an out-house in rear of premises on the corner of Grand River avenue and Orchard street. In neither instance will the fire risk be increased, the changes sought being of a trifling character, and the Committee report favorably thereto. Mr. F. L. Tiffany wishes to construct an addition to his house, No. 754 Fort street west, two stories high. The Committee recommend he be allowed to build the same one story and-a-half high, with a gravel roof, as the premises are somewhat isolated, believing that the fire risk will not thereby be increased to such an extent as to justify the refusal by the Committee of the permission sought for.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR VINNEY.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your committee have examined the petition of Cornelius Connerton to repair a carriage shed on the corner of Howard and Sixth streets. The only way to repair this shed will be to construct an entire new one, and the structure will then be attached to a stable, and abut directly upon Howard street. This system of fronting stables and sheds upon streets in any locality, however remote, is a very perilous one and objectionable in many respects, and the committee hereby record themselves as utterly opposed to it. In this particular instance the enhanced danger by fire to adjacent property is in their opinion sufficient reason for rejecting the prayer of the petitioner.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR VINNEY.

Accepted and adopted.

GAS LIGHTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Gas Lights to whom was referred the petitions of the lessees of the stalls in the vegetable market, to be allowed to put gas pipes in that market, have considered the same, and beg leave to report in favor of granting the prayer of the petitioners, and submit the following resolution for adoption.

H. HEAMES,  
J. B. HINCHMAN,  
J. B. ROULAND.

*Resolved*, That the gas companies of this city be and they are hereby permitted to place gas pipes and fixtures in the vegetable market for the use of the owners of stalls and stands in the market, upon the understanding that no expense of the above shall be borne by the city.

The report was accepted and the resolution adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Gas Lights, to whom was referred the resolution of Alder-

man Finney, respectfully report that they have examined the same and report that the Controller be directed to procure the 4 1/4 feet burner samples asked for from different manufacturers.

Very respectfully,

H. HEAMES,  
J. B. HINCHMAN,  
J. B. ROULAND.

Accepted and adopted.

#### POUNDS.

To the Honorable the Common Council:

GENTLEMEN—Your committee on Pounds, to whom was referred the petition of J. W. Batchelder and others, praying your honorable body to extend the pound limits, to embrace all the territory situated north of Grand River avenue to Canfield avenue, and west of Fourth street to Ninth avenue; and also the petition of Frank Peavy and other residents of the Twelfth ward, praying your honorable body to pass an ordinance forbidding the running at large of horses, cows, geese or swine in the Twelfth ward, have examined the matter carefully, and recommend that the prayers of the petitioners be granted, and submit the annexed resolution.

JOHN SCHMITT,  
J. B. HINCHMAN,  
GEORGE DORR.

*Resolved*, That the City Attorney be, and he is hereby instructed to present an ordinance amending the ordinance establishing the pound limits, so as to include therein all territory north of Grand River avenue to Canfield avenue, and west of Fourth street to Ninth avenue; also, all the territory embraced within the Twelfth ward.

Accepted and adopted.

#### SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your special committee to whom was referred the bill of the Detroit Gas Company for the quarter ending March 31, 1876, have examined the same and beg leave to submit the following resolution for your honorable consideration.

H. HEAMES,  
J. B. HINCHMAN,  
J. B. ROULAND,  
Committee on Gas.  
SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN,  
Committee on Claims and Accounts.

D. C. HOLBROOK,  
City Counselor.  
E. L. GARFIELD,  
City Controller.

*Resolved*, That the Controller be and is hereby authorized to settle the bill of the Detroit Gas Company for the quarter ending March 31, 1876, upon the same terms as allowed by this Council for the three previous quarters, viz: at the rate of four and one-half feet per hour for street lamps.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Roulard, Schmitt, Schmittziel, Wilks and the President—20.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The undersigned special committee appointed on the motion of Ald. Gies to report what steps are required by the Council to establish a City Gas Works, reports that it is first necessary for the Council to determine by resolution to establish such works; and to take the necessary steps to raise an amount of money which in the opinion of your committee then should not be less than five hundred thousand dollars.

Respectfully submitted.

H. HEAMES,  
J. B. HINCHMAN,  
J. B. ROULAND,  
Committee on Gas.  
D. C. HOLBROOK,  
City Counselor.  
F. G. RUSSELL,  
City Attorney.

Accepted and adopted.

#### SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—The undersigned Special Committee, to whom was referred at the last session a resolution to sell at public auction the fence enclosing the Cass Park, so called, report that the deed of dedication of July 11th, 1860, and recorded in Book of Plates, pages 90 and 91, requires "that said Park shall be enclosed with a suitable fence, shall be laid out with walks and shall be planted with trees and shrubbery, without unnecessary delay, and shall at all times be kept in good order and condition fit for a public resort, and for public recreation, and shall from time to time renew the erections, and continue the improvements on a scale commensurate with the growth of the City."

The undersigned are therefore of opinion that if the Park is liable to be injured by cattle and other animals running at large, or by the indiscriminate entering and crossing the same, then a fence sufficient to protect the Park therefrom is necessary, and that some kind of a fence must be maintained at all times around said Park.

Respectfully submitted.

GEORGE DUNLAP,  
SEYMOUR FINNEY,  
Ald. Fifth Ward  
D. C. HOLBROOK,  
City Counselor.

Accepted and adopted.

### COMMUNICATION.

To the Honorable the Common Council:

GENTLEMEN—Having just completed my new ferry boat "Fortune," and wishing to give an opening ride to my numerous friends and your honorable body, I would be pleased to see you, and your ladies at foot of Brush street at half past two o'clock to-morrow afternoon. Hoping you will comply,

The communication was received and the invitation accepted.

### COMMUNICATIONS FROM CITY OFFICERS.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—According to your instructions I herewith submit ordinances as follows:

1. Requiring the Detroit City Railway Company to place and maintain conductors on the Michigan avenue line.

2. Regulating and establishing Pound Limits in the Ninth and Twelfth Wards.

The present ordinance permits the establishment of pound limits by resolution of your honorable body from time to time. In order that these limits may be less liable to change, and that they may be always known and certain, I am of opinion that they should be established by ordinance.

I submit herewith an ordinance placing the entire city in the pound limits, which you can readily amend to suit your wishes.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted, and the ordinances were severally read twice by their titles, as follows:

"An ordinance requiring the Detroit City Railway Company to place and maintain conductors on all their cars used and operated on Michigan avenue," "an ordinance to amend section 3 of of chapter 88 of the Revised Ordinance of 1871, relating to Pound Limits," and "an ordinance relative to Pound Limits."

Laid on the table and ordered printed in the official journal.

The following are the ordinances:

### AN ORDINANCE

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. The Detroit City Railway Company, a corporation authorized by chapter 46 of the revised ordinances of 1871, to operate a street railway in and along Michigan avenue in said city, shall place, keep and maintain on every car used

and operated on said avenue by said company a conductor.

Sec. 2. Such conductor shall not act as or be driver of the horse or horses attached to and drawing such car, but it shall be his duty to preserve good order on the same, to see that disorderly persons are not permitted to be or ride therein, and also to see that children are not permitted to get on or off or stand on the steps of such car while the same is in motion.

Sec. 3. No person shall drive the horse or horses attached to any car of said company in use and operating upon said avenue, unless such car is provided with a conductor as hereinbefore provided.

Sec. 4. Such director, manager, superintendent, lessee, conductor or driver of said company, or other person violating the provisions of this ordinance, shall be punished by a fine not to exceed the sum of two hundred dollars, and by imprisonment in the county jail or Detroit House of Correction for a period not exceeding six months, or either, in the discretion of the court; and in the imposition of a fine only, the court may make a further sentence, that the offender be imprisoned until such fine be paid; but for a time not exceeding that provided herein.

#### IAN ORDINANCE

It is hereby ordained by the Common Council of the city of Detroit:

#### FROM THE BOARD OF PUBLIC WORKS

To the Honorable the Common Council:

GENTLEMEN—In an interview had by the Board of Public Works with Mr. Joy, President of the Michigan Central Railroad Company, the question of liability in constructing and repairing abutments to bridges across the track of said railroad was fully discussed. Mr. Joy asserting that the company is not liable therefor, and the course pursued by said company in constructing abutments was in no way compulsory but from liberal motives, solely with the view of meeting the city part way in extending improvements. But so far as keeping the same in repair, after being constructed, it is an expense that the city must meet, and therefore most positively declined making any repairs to the Fort street abutments.

Respectfully submitted,

HARVEY KING,

President.

The communication was accepted, and on motion of Ald. Hough the rules were suspended for the purpose of taking from the table a resolution directing the Board of Public Works to advertise for proposals for repairing the bridge across the Michigan Central Railroad track on Fort street.

The resolution was taken from the table, whereupon Ald. Hough moved that the same be adopted.

Ald. Owen moved to refer the matter to the Committee on Judiciary, the City Counselor and Attorney, with instructions to report at the next session of the Council as to the liability of the city in keeping the said bridge in proper repair.

After debate, the City Counselor, by request of

the Council, submitted an opinion to the effect that the Railroad Company were not obligated to construct and maintain bridges over their railway tracks.

The motion of Ald. Owen then prevailed. On motion, the Council then resumed the regular order of business.

FROM THE CITY ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit the proper resolution for opening Fifth street so as to take Crawford and Elton Parks.

Respectfully,

F. G. RUSSELL,

City Attorney.

Accepted.

Be it resolved by the Common Council of the city of Detroit, that we, the said Common Council, deem it a necessary public improvement in said city to open Fifth street between Beach and Locust streets, which said improvement is described by metes and bounds, courses and distances, as follows, to wit:

All that part of the Foreyth farm bounded as follows: Commencing at the northwesterly corner of lot 5, block 6, Crane and Wesson's section of the Foreyth farm, thence north 67 degrees 13 minutes east 45 feet, thence north 32 degrees 47 minutes west 354 feet, thence south 67 degrees 13 minutes west 45 feet; thence north 22 degrees 47 minutes west 40 feet; thence north 67 degrees 13 minutes east 45 feet; thence north 22 degrees 47 minutes west 354 feet; thence south 67 degrees 13 minutes west 140 feet; thence south 22 degrees 47 minutes east 354 feet; thence north 67 degrees 13 minutes east 45 feet; thence south 22 degrees 47 minutes east 540 feet; thence south 67 degrees 13 minutes west 45 feet; thence south 22 degrees 47 minutes east 354 feet; thence north 17 degrees 13 minutes east 95 feet to the place of beginning. And we do hereby determine to take, for the purpose of making said improvement, as much private property included within the above described limits as may be necessary for making of the same.

And be it further resolved by the said Common Council, that the City Attorney be and he is hereby directed to apply to the Recorder's Court of said city for the drawing and impanning of a jury required in such cases, to determine the necessity of opening said street as proposed, and of taking and using the above described property for the purpose of a street, and the

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, in its peregrinations through the city, have observed that for the want of proper alleys in the outer parts thereof, the people have to forego the benefits derived from drainage, and are compelled to empty their refuse matter and garbage into the streets, thereby creating a nuisance and infecting the districts so inhabited with disease. The Board therefore respectfully suggest that the Committee on Streets be directed to co-operate with said Board in examining premises as above referred to, and devise some plan by which the sanitary condition thereof may be improved.

Respectfully submitted,

HARVEY KING,  
President.

Accepted and referred to the Committee on Streets, with instructions to carry out the recommendations of the Board as expressed in their communication.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The expense of the material for repairing paved streets being in excess of the amount prescribed in the charter, except under contract made in accordance therewith, the Board of Public Works recommend that said Board be authorized to advertise five days for proposals for furnishing the city during the fiscal year 1875 with paving blocks.

Respectfully submitted,

HARVEY KING, President.

Accepted, and by unanimous consent Ald. Horn offered the following:

*Resolved*, That the Board of Public Works be directed to advertise five days for proposals for furnishing the city with paving blocks for the fiscal year 1875, as recommended by said Board.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Wilks, and the President pro tem.—30.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of L. E. Dobson and others for paving Ninth avenue thirty-two feet wide instead of forty feet as recommended by the Board of Public Works respectfully report:

In transmitting the resolutions for paving this avenue the Board took into consideration the purpose for which the same was laid out. It is generally conceded that this avenue will eventually be one of the principal thoroughfares of the city, and to lessen the width would not only impair its appearance, but lessen its attractions as a thoroughfare.

Should the avenue be paved with stone on the sides, and as is contemplated run a street railway through the same, it will have a roadway on either side of the railway track. (If paved thirty-two feet wide,) of about eight feet, which in the opinion of the Board is not of a sufficient width, and therefore recommend that the prayer of the petitioners be denied.

Respectfully submitted,

HARVEY KING,  
President.

Accepted and the recommendations of the Board were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—In reply to notice from this office inviting proposals for paving, etc., the following proposals were received on the 15th inst:

#### REPORTS OF COMMITTEES.

##### JUDICIARY.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Judiciary, to whom was referred the resolution offered by Ald. Christian at the last session, directing the Board of Public Works to prepare a general plan for laying out into streets and alleys all property not already platted lying within a distance of two miles outside of the city limits, are of opinion that there are no legal impediments to the passage of the resolution. They therefore report it back and recommend its adoption.

Respectfully submitted,

GEORGE DUNLAP,  
WM. H. BAXTER,  
JAS. DALY.

Accepted and the recommendations contained in the report were concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Wilks and the President pro tem.—20.

*Nays*—None.

##### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your committee have examined the petition of George Weber to construct a shed 24x7 feet in rear of 45 Croghan street. He intends to tear down a much larger shed now on his premises, and to locate the new one apart and separate from any building. By so doing the danger by fire will be necessarily decreased, and the committee

recommend that he be allowed to effect the change. The petition of James Dean shows that he wishes to raise the roof of his house, one-and-a-half story high, a distance of three feet, at No. 76 Howard street. As the fire risk will not be enhanced, and the premises will be much improved by the proposed change, they recommend he be allowed to complete the same.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your committee on Fire Limits report as follows upon sundry petitions referred to them: Fred. J. Watson, James A. Gubby, Joseph B. Moore and Peter Hiden respectively ask that they may be allowed to construct buildings inside the fire limits in localities surrounded by wooden structures where any additions of this character will very materially increase the danger to the entire neighborhood. The committee have examined them carefully, and they are of the opinion that permission to construct the same should not be granted, for the reasons above set forth.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

##### MARKETS.

To the Honorable the Common Council:

GENTLEMEN—Your committee on markets to whom was referred the petition of James Elder, asking to have his stand in the market restored to him, would respectfully report that we have examined the claims of Mr. Elder and find that a serious illness prevented him from attending to his business, and occupying said stand as required by the market regulations; that his rent has been properly paid, and that we therefore recommend in his case, that his stand be returned to him, as soon as practicable. Your committee would in this connection, however, say, that while we would grant the prayer of said Mr. Elder at this time, we entirely disapprove of any vacant stand in the market, and believe the regulations requiring the lessees of the same to occupy them constantly and to surrender them on failing to do so, a very good one, and one that ought to be strictly enforced.

J. A. KURTZ,  
GEORGE WILKS,  
JOHN SCHMITT.

Accepted and adopted.

##### SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means and the Controller, to whom was referred the petition of Fred Meyer, contractor for burying dead animals for the Western District, beg leave to report in favor of granting the prayer of the petitioner, on condition that John Reider enters into a contract for the same amount as Mr. Meyer's contract, with satisfactory sureties.

GEORGE DUNLAP,  
J. B. HINCHMAN,  
W. A. OWEN.

Committee on Ways and Means.

E. I. GARFIELD,

Controller.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President pro tem.—20.

*Nays*—None.

##### SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, to whom was referred the question of the repairing of the Fort street bridge across the Michigan Central Railroad, report that they have considered the matter, and in view of the fact that the safety and convenience of the public require it, without discussing the legal question of the case, recommend the adoption of the resolution introduced by Ald.

Hough, that the Board of Public Works advertise for bids to make said repair.

Respectfully submitted.

GEORGE DUNLAP,  
WM. H. BAXTER,  
JAS. DALY,  
Judiciary Committee.  
D. C. HOLBROOK,  
City Counselor.  
F. G. RUSSELL,  
City Attorney.

The report was accepted, and the resolution adopted by the following vote:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President pro tem—20.

*Nays*—None.

President.

## REPORTS OF COMMITTEES.

WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the reports of the City Officers for the week ending May 15th, respectfully report that they have examined the same, and believing them to be correct, recommend their adoption.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
W. M. OWEN.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the resolution of Ald. Guthard instructing the Receiver of Taxes to

cause the German names on the delinquent tax list to be printed in all the German papers, respectfully report that the General fund as fixed for this year can only be made to meet the demands on it by practicing the most rigid economy, and will not be large enough to warrant this extra expense. Therefore, your committee recommend that the resolution be indefinitely postponed.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
W. M. A. OWEN.

Accepted and adopted.

#### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 18th of May, 1873, respectfully report, that they have examined the same, and believing them to be correct, would recommend that they be paid from the proper funds.

SEYMOUR FINNEY,

#### SEWERS.

To the Honorable the Common Council.

**GENTLEMEN**—The Committee on Sewers, to whom was referred the petitions of Peter Brennan, George J. Rees and Morris Gleason, to be exempt from assessments for constructing lateral sewers, respectfully report:

As regards the petition of Peter Brennan for exemption, it is not the intention of the Board of Public Works to extend the sewer to his lot, and therefore requires no action on the part of your committee.

But as regards the petitions of George J. Rees and Morris Gleason, to be exempt because their premises are sufficiently drained into public sewers, your committee does not deem a good and valid reason, and therefore recommend that the prayer of the petitioners respectively be not granted.

Respectfully submitted,

GEO. W. HOU. H.  
C. C. BLODGETT.  
J. A. KURTZ.

Accepted and adopted.

#### ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned to whom was referred the petition of Andrew Wilkie, J. W. Ingersoll and twenty-five others, asking for an ordinance to better regulate and license the buying and selling of produce by peddlers, submit that they have considered the matter and find that the ordinances as at present existing require all peddlers to be licensed, and also that "no person shall use for buying or selling any weights, measures, scales, beams, or other instruments" unless the same have been inspected and stamped "by the Sealer of Weights and Measures."

We do not see that an ordinance is necessary except for numbering vehicles of peddlers. As the Police Department have charge of the sealing of weights and measures and of licenses, we recommend reference of the petition to the Superintendent of Police with instructions to enforce the ordinance; we also submit the accompanying ordinance.

Very respectfully,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES,  
Committee on Ordinances.  
F. G. RUSSELL,  
City Attorney.

## FROM THE COUNSELOR AND ATTORNEY.

To the Honorable the Common Council:  
GENTLEMEN—The undersigned, to whom was referred, the 21st inst., by resolution of Ald. Gut-

hard, assessment roll 201 for paving St. Antoine street, from Elizabeth to Division street, by the Michigan Paving Company, with instructions to report on the legality thereof, reports: That this assessment was made to pay the Michigan Paving Company for the grading and setting curio stones under their contract for paving and grading that street, and which contract they failed to perform, and the same was declared forfeited and annulled, September 15th, 1874.

The company afterwards commenced a suit against the city to recover for the work done, and for which this assessment is made. The Judge of the Superior Court held that the company could not recover, and the plaintiffs were nonsuited.

The undersigned are of the opinion that the Michigan Paving Company are not entitled to be paid for this work, and that no legal assessment can be made to collect the same of the owners of the property abutting said work.

Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.  
F. G. RUSSELL,  
City Attorney.

Accepted and placed on file.

**FROM THE SAME.**

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Christopher Stadler, for the removal of steps in front of a house on Larned street, east of Brush street, have examined the premises referred to and find the steps in the street, as stated in the petition; but should the inmates of the house be deprived of the same they would suffer great inconvenience, for they are the only means affording egress and ingress. Also, there are several like cases on the street, and should the steps in front of this house be removed, all steps protruding from houses in the same street must necessarily be served in like manner. The Board therefore being of the opinion that no great damage will result therefrom, public necessity does not require their immediate removal.

Respectfully submitted,  
HARVEY KING,  
President.

Accepted and placed on file.

**FROM THE CLERK OF THE RECORDER'S COURT.**

To the Honorable the Common Council:

GENTLEMEN—I respectfully report to your honorable body, that the fines and costs imposed in the Recorder's Court, for the May term thereof, for the violation of city ordinances, amount to thirty-six dollars (\$36.)

Clerk of the Recorder's Court.

M., and put out at three A. M.

Very respectfully,  
C. F. SLATTMEIER,  
Gas Inspector.

Accepted and placed on file.

**FROM THE CITY CLERK.**

That he presented the proceedings of the last Council to the Mayor on the 23d instant, and they were returned approved on the 24th instant. Accepted and placed on file.

**REPORTS OF COMMITTEES.****STREETS.**

To the Honorable the Common Council:

GENTLEMEN—Your Committee on streets have had under consideration the following petitions: of S. A. Smith, for an ornamental hitching post; of David G. Preston, asking permission to lay a plank walk in front of his premises on Woodward avenue; of Snow & Bowles, asking permission to stretch a wire banner across Jefferson avenue; and of W. H. Sullivan and others, owners of property on the south side of Woodbridge street, between First and Second streets, representing that they have been ordered to lay new stone walks, and asking that the wooden walks, which are yet in a good condition, be permitted to remain for the present. We would respectfully report in favor of granting the prayers of the respective petitioners.

J. HORN, JR.,  
M. P. CHRISTIAN,  
WM A. OWEN.

Accepted and Ald. Hinchman moved to strike out from the report so much as relates to the construction of stone sidewalks on the south side of Woodbridge street.

The motion did not prevail.

Ald. Baxter moved to amend the report by striking therefrom so much as permits banner signs to be stretched across the street.

Carried as follows:

*Yeas*—Ald. Baxter, Daly, Dorr, Gies, Guthard, Heames, Hough, Kurtz, Rouland, Schmitt, Schmittidiel, Shanahan, Wilke, and the President—14.

*Nays*—Ald. Blodgett, Christian, Dunlap, Finney, Finnegan, Hinchman, Horn and Owen—8.

The report, as amended, was concurred in.

**PILE LIMITS.**

To the Honorable the Common Council:

GENTLEMEN—Your committee would report as follows upon various petitions referred to them: John Leben wishes to repair his barn recently injured by fire in rear of No. 43 Croghan street. The roof of the structure was partially burned off leaving the sides still standing. He wishes to square off the ends and construct a flat roof, thus reducing the height of the building. The change will in no wise increase the fire risk and the committee report favorably thereto. Jacob Raquet asks to construct a small shed 10x14 feet and 10 feet in height, near the southwest corner of St. Aubin avenue and Sherman street. The shed will be distant 80 feet from any other structure, and will be a great convenience to him. The committee report favorably to the petition. John B. Peters, on St. Aubin avenue, between Chestnut and Antietam street, wishes to tear down an old shed 10x14 feet high and build a more substantial one 10x20 feet and 12 feet high, with a composition roof. The building is now adjoining a frame barn and as it is not contemplated to increase the size of the same, they recommend he be allowed to make the change providing he will construct the same at least 15 feet distant from any other building and place thereon a composition roof.

Very respectfully,  
JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

**FROM THE SAME.**

To the Honorable the Common Council:

GENTLEMEN—The committee have examined the petitions of George W. Collier and J. O. Whitman,

and report upon the same as follows: Mr. Collier wishes to construct a carpenter shop in the alley opposite the Mechanics' Hall. As the fire risk would not be decreased in any manner, a proper regard for the interests of surrounding property owners would not permit them to recommend any such change as is desired, and they report adversely thereto. Mr. Whiting wishes to raise the roof of an addition on his premises, on the southeast corner of Woodbridge and Rivard streets, a height of fourteen feet, which would elevate it higher than the main portion of the building. This the committee consider would enhance the danger by fire, and they report adversely thereto.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### MARKETS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Markets to whom was referred the petition for cleaning and whitewashing the inside of the Cass Market building, have examined the building and find it most necessary that the prayer of the petition should be granted and submit the following resolution therefor.

Respectfully,

J. A. KURTZ,  
GEORGE WILKS,  
JOHN SCHMITT.

**Resolved**, That the Board of Public Works be and they are hereby directed to cause the inside of the Cass Market building to be whitewashed and cleaned forthwith.

Accepted and adopted as follows:

**Yeas**—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—22.

#### COMMUNICATION.

To the Honorable the Common Council:

GENTLEMEN—At a meeting of citizens held in Arbetter Hall last evening, for the purpose of taking some action relative to the new liquor laws of the State, after some discussion, mostly in favor of the principal features of said laws, they embodied their sentiments in the following resolutions, which were unanimously adopted:

*Whereas*, The laws recently passed by our State Legislature for the regulation of the liquor traffic, while being a great improvement upon and having an undoubted tendency to break up the odious system of prohibition in this State, are still crude and unjust in many respects and ought to be amended as soon as practicable; and

*Whereas*, The Common Councils of cities have discretionary powers with regard to certain portions of said laws within their respective municipal boundaries; therefore,

*Resolved*, That we, the citizens of Detroit, here assembled, do heartily indorse the liberal sentiments expressed in the resolutions introduced by Alderman Kurtz at the last session of the Common Council relative to the "Sunday" and "bond" portion of said laws, and we confidently trust that the same will be adopted.

*Resolved*, That a committee be appointed by the chairman of this meeting to transmit these resolutions, together with an appropriate petition, to the said Common Council at the next session of that body."

In conformity with the above resolution, we, the undersigned committee appointed at said meeting, do herewith transmit the same to your honorable body, and request the adoption of the resolution of Ald. Kurtz, above referred to.

#### COMMUNICATIONS FROM CITY OFFICERS.

##### FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council :

**GENTLEMEN**—The Board of Public Works respectfully recommend that said Board be authorized to advertise five days for proposals for constructing the outlet to the St. Aubin avenue sewer, from the center of Franklin street to the Detroit river.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and on leave being granted. Ald. Hough offered the following:

*Resolved*, That the Board of Public Works be directed to advertise for five days for proposals for constructing the outlet to the St. Aubin avenue sewer, from the center of Franklin street to the Detroit river.

Adopted as follows:

*Yeas*—Ald. Baxter, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—21.

*Nays*—None.

##### FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The ordinance regulating the repairing of paved alleys and grading and working unpaved alleys, is, in the opinion of the board, defective. Section 4 requires that when the Common Council shall have ordered any alley repaved, graded, or repaired, the City Engineer shall make up the proper estimates of the work to be done, and the City Assessor shall make out all necessary assessment rolls. In many instances repairs required to be made on paved alleys will be from one to three square yards, requiring the same proceedings as in paving a whole block, the expense attending the same being about equal.

In order to comply with the ordinance in making out and serving notices, surveying the premises, making estimates, advertising, and printing and making out assessment rolls, it is estimated that it will require the services of from three to four extra clerks, at an expense equal to if not in excess of the actual cost of work required, if done under and by the direction of the Board.

Alleys are considered by the Board not only a convenience for private individuals, but a public necessity and so long as used as public thoroughfares should be placed on an equal footing with streets, and the expense of keeping the same in proper condition should be borne by the funds appropriated to work and grade unpaved streets, and repairing paved streets.

In compliance with a resolution adopted by your honorable body the Board advertised for proposals as required by the ordinance, but owing to the delay caused by the proceedings required to be gone through with in obtaining payment for the work done, contractors invariably declined making tenders therefor.

It is therefore recommended that the City Attorney be directed to prepare and report to the Common Council an ordinance so amending the

present ordinance as to place alleys on the same footing as streets.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and on leave Ald. Christian offered the following:

*Resolved*, That the City Attorney be directed to report to this Council an ordinance to amend an ordinance providing for improving and repairing paved and unpaved alleys as recommended by the Board of Public Works in their communication this evening.

Adopted.

##### FROM THE SAME.

To the Honorable the Common Council :

**GENTLEMEN**—The Board of Public Works respectfully report that the paving of the alley between Miami avenue and Farrar street is fully completed from the north curb line of Grand River street to the south curb line of John R street.

The pavement is of cobble stone, and has this day been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same, as far as we could judge from the appearance of the work.

There is due the contractors for paving said avenue as follows:

For intersections, etc., etc., being the whole amount of work as completed....	\$178 98
For cost of advertising, etc.....	7 00

Total amount .....\$185 98

Respectfully, etc.

HARVEY KING,

President.

Accepted, and by unanimous consent, Ald. Horn offered the following:

**WHEREAS**, It appears from communication from the Board of Public Works that the paving of the alley between Miami avenue and Farrar street, from the north curb line of Grand River street to the south curb line of John R street has been fully completed, and

**WHEREAS**, Said alley has been examined by the Board of Public Works, and the pavement of said alley has been found to have been done in accordance with the contract and specifications for the same; therefore

Adopted as follows:

### COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT,  
MAYOR'S OFFICE, June 1, 1878.

To the Honorable the Common Council:

GENTLEMEN—An ordinance passed by the Council on the 18th of May last and approved by the Mayor on the 21st of the same month whereby all animals and fowls are forbidden to run at large, within any part of the city limits, seems to be too stringent, and I most respectfully recommend a modification thereof, as probably it was not generally known at the time the ordinance was amended how far our city limits were extended by the late Legislature. There has been added to our former extensive commons nearly 2,000 acres, which is mostly open, and good pasture, and your Honorable Body certainly never intended that the city's inhabitants could not in some way reap the advantage to be obtained from the grazing land so bountifully supplied by the wisdom of the State Legislature. I therefore recommend that beyond a certain line people who properly watch their animals be allowed the free use of the commons.

Very Respectfully,

H. MOFFAT.

Mayor.

Accepted and referred to the Committee on Pounds.

## REPORTS OF COMMITTEES.

### STREETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets have had under consideration the petitions of S. N. Watson, & Co., for permission to erect an ornamental hitching post in front of No. 144 Woodward avenue and respectfully report in favor of granting the same.

Respectfully submitted,

J. HORN, JR.,  
M. P. CHRISTIAN,  
WM. A. OWEN.

Accepted and adopted.

### FIRE LIMITS.

To the Honorable the Common Council :

GENTLEMEN—The Committee on Fire Limits have examined the following petitions referred to them and report thereon as follows: J. Freeman

wishes to construct a shed 30x30 feet, on St. Aubin avenue. The shed if built, will connect two adjacent frame buildings, thus largely augmenting the fire risk, and the Committee report adversely thereto. Mr. F. J. Watson presents a second petition upon a matter previously investigated by the Committee, and reported adversely upon. The Committee are no sufficient cause for reconsidering their former judgment, and they report it back to your honorable body without recommendation. Mr. Levi Barbour wishes to repair and extend the front of a dwelling No. 321 Michigan avenue, between Fourteenth and Fifteenth streets, and to convert the front portion of the building into a store. While the fire risk will not be materially increased by the proposed change, the committee have previously expressed themselves as being opposed to the policy of constructing wooden buildings, on our principal thoroughfares; for should permission be granted in this instance, the committee are aware of other parties who desire similar privileges, and who would be justly entitled to them. They would therefore report unfavorably to the petition.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The committee have examined the petition of Henry Pennel, who wishes to repair his dwelling, No. 15 Hastings street. He desires to change his present roof from a gable to a flat one, and place a composition roof thereon, and also to reclipboard the same. The change will improve the appearance of the premises, and as the fire risk is not thereby increased, the committee recommend that he be permitted to make the changes under the supervision of the Fire Marshal.

Respectfully submitted,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

### STREET OPENINGS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Street Openings, to whom was referred the resolution of the City Attorney, of the 4th ultimo, for the opening of an alley in block bounded by Alfred, Division, Klappelle and Orleans streets, respectfully recommend the adoption of the same.

Very respectfully,

J. HORN, JR.,  
GEORGE DOMR,  
WM. A. OWEN.

The report was accepted, and thereupon Ald. Horn moved that the resolution for the opening of the alley above referred to be adopted.

Ald. Gies moved to refer to the Aldermen of the Sixth Ward.

Which motion prevailed,

### MARKETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Markets to whom was referred the petition of David Levy asking your honorable body to have his stand in the Central Market returned to him, would respectfully report that we have carefully examined the claims of Mr. Levy and find that he did not occupy his stand during the month of April as required by the ordinance, but on account of the late spring, when vegetables could not be got plentifully. Being a cripple also, the committee would excuse him for this time and pray the Controller and the Clerk of the Market to return him his stand or another one as soon as practicable.

Respectfully,

J. A. KURTZ,  
GEORGE WILKS,  
JOHN SCHMITT.

Accepted and adopted.

### POUNDS.

To the Honorable the Common Council :

GENTLEMEN—Your Committee on Pounds to whom was referred the petition of Andrew

Brethaupt and many others, asking that you except from the operation of the pound ordinance so much of the Sixth Ward as lies north of Fremont street would respectfully report that we have examined the subject with much care and are of the opinion that the ordinance as at present constructed, if enforced, will work great hardship to many persons living in the north part of said Ward, whose sole dependence is milch cows.

Laws should be of such a nature as not to be oppressive, but to protect all in the enjoyment of their lawful privileges, and we believe that said ordinance, while it might be politic were that part of the ward densely populated, is working great damage and suffering to a very large number of honest and industrious but needy persons, without giving a corresponding good to any one. Very little of the Sixth Ward north of Fremont street and east of the Brush farm is inhabited, and a large portion of it is in timber, where large quantities of feed are growing, which might as well be consumed by cows, as allowed to go to waste and die. We herewith submit an ordinance excepting from the operation of the said pound ordinance so much of said ward as lies north of Fremont street and east of the Brush farm.

Very respectfully,  
J. SCHMITT,  
GEORGE DORR.

The report was accepted whereupon Ald. Dunlap moved to refer the matter back to the Committee on Pounds.

Which motion did not prevail.

Ald. Hinchman moved to lay the whole matter upon the table for one week.

Lost as follows:

*Yeas*—Ald. Blodgett, Dunlap, Heames, Hinchman, Horn, and Schmitt—6.

*Nays*—Ald. Christian, Daly, Dorr, Finney, Finnegan, Gies, Guthard, Kurtz, Owen, Rouland, Schmitt, Shanahan, Wilks, and the President pro tem—14.

On motion of Ald. Guthard, the ordinance was then read twice by its title, as follows: "An ordinance to amend section 3 of chapter 88 of the Revised Ordinances of 1871."

Laid on the table and ordered printed in the Journal.

#### AN ORDINANCE

#### COMMUNICATIONS FROM CITY OFFICERS.

FROM THE CONTROLLER.

To the Honorable the Common Council:

GENTLEMEN—I have the honor to transmit herewith a claim of the county of Wayne against the

city of Detroit, for money paid by the county for the board of prisoners at the House of Correction, from 1863 to 1874 inclusive, amounting to \$7,982 21.

Very Respectfully,

E. I. GARFIELD,

Controller.

Accepted and referred to the Committee on the House of Correction.

FROM THE COUNSELER AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, conforming to the resolution of your honorable body, report that all authority to prevent the use and occupation of places of amusement and buildings for public gatherings, unless provided with proper facilities for ingress and egress in case of fire or accident, is vested in the Board of Public Works by section 19 of the act establishing said Board.

Churches are excepted, and there appears to be no provision conferring any authority to regulate the means of egress and ingress in such cases.

Very respectfully,

D. C. HOLBROOK,

City Counselor.

F. G. RUSSELL,

City Attorney.

Accepted and placed on file.

FROM THE CITY COUNSELER.

To the Honorable the Common Council:

GENTLEMEN—As requested by the resolution of Ald. Dunlap of the 1st inst., I give my opinion to your honorable body on two inquiries, to-wit:

First inquiry—"As to whether under the law of this State, including the one recently passed, regulating the sale of spirituous liquors, the Common Council can grant to saloon keepers the legal right to sell spirituous and intoxicating liquors on Sunday?"

As to this inquiry I am of opinion that no license or authority to sell spirituous or intoxicating liquors can be granted by the Legislature, or by any municipality in the State, yet do not understand that the sale of intoxicating liquors is prohibited by the constitution, and without some act of the Legislature prohibiting the sale, such liquors are as much the subject of legal traffic as any property; such traffic is always subject to such laws regulating it as the Legislature may deem necessary. The inquiry is confined to the power of the Common Council to grant the right to sell such liquor on Sunday. The late law regulating the taxation of the business of selling liquors does not contain even a reference as to the time it may be conducted, but such business like any other business is governed by the general laws of the State, and sections 1 and 2, chapter 65, Compiled Laws of 1871, page 650, absolutely prohibit the keeping open of any shop, warehouse, and the doing any kind of labor, business or work (except of necessity and charity) on the Sabbath, and no tavern-keeper, retailer of spirituous liquors or other person keeping a house of public entertainment shall entertain any person (except travelers, strangers and lodgers), nor permit them to remain in his house on the Sabbath; it then follows as of course that the Common Council cannot authorize any such act as the selling of spirituous liquors on Sundays.

Second inquiry—"Whether such authority can in any event be given before the law recently passed in reference to the sale of liquor shall go into effect, that is, ninety days after its passage."

The answer to the first, it will be seen must necessarily answer this second inquiry, as all laws remain as they are until repealed, and none of these liquor acts passed at the last session purport to repeal the sections above referred to. Therefore until the 3d day of August next, when the last act takes effect, no such consent can be given by the Council; and in saying this I do wish to be understood that if the Council should determine, under the law referred to, and after it takes effect, that saloons, bars, restaurants or bar-rooms, or the occupants, may keep open and sell liquors, or do any such business on the Sabbath, that the law does not allow it. As I understand, all that the council can permit is, that saloons, bars, etc., may be opened merely; the

sale of liquors, and thereby doing business in such places on the Sabbath is another thing, and prohibited by the general laws of the State above referred to; and I do not believe such laws prohibiting the prostitution of the Sabbath by sale of liquor are to be repealed by a mere implication as it is by saying that such liquor may be sold, and business be transacted on the Sabbath, if the Council determines otherwise than that such places shall be closed. If this law is to be construed, that if the council determines in any way other than that these saloons, etc., shall be closed, that their liquor may be sold on the Sabbath, the result is that a man may sell liquors and intoxicate a whole family, when he could not sell a loaf of bread to save it from starvation.

In conclusion, it is my opinion that there is not any law now in effect or hereafter to take effect in this State by which intoxicating liquors can be lawfully sold on the Sabbath.

Accepted and placed on file.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Byron B. Beach, and others, for a lateral sewer in the alley in the block bounded by McLean, Seventh, Brigham and Eighth streets, respectfully recommend that the prayer of the petitioners be granted.

Respectfully submitted.

HARVEY KING,

President.

Accepted, and by unanimous consent Ald Hough offered the following:

*Resolved*, That the Board of Public Works be directed to advertise five days for proposals for constructing a lateral sewer in the alley, in the block bounded by McLean, Seventh, Brigham and Eighth streets and that the City Engineer make out the proper assessment therefor.

Adopted as follows:

*Yeas*—Ald. Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—19.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Daniel Sullivan and others for paving Fifth street, from the north line of Michigan avenue to the south line of Elton Park, respectfully recommend that the prayer of the petitioners be granted.

Respectfully submitted.

HARVEY KING,

President.

Accepted, and consent being granted, Ald. Horn offered the following:

*Resolved*, That Fifth street be and the same is hereby ordered to be graded and paved from the north line of Michigan avenue to the south line of Elton Park, and that said street within said limits be paved with wood or stone pavement, 25 feet wide, in accordance with the specifications adopted by the Common Council, and the estimates of the City Engineer; and it is hereby declared that this action is taken on and by petition of a majority of property owners.

*Resolved*, That for the purpose of assessment for defraying and paying the cost of grading, paving and setting curb on Fifth street from the north line of Michigan avenue to the south line of Elton Park, the lots and parcels of real estate situated on said Fifth street embraced within said limits and fronting the portion of said street ordered to be improved by said grading and paving, shall be, and the same are hereby constituted and declared to be one local assessment district.

*Resolved*, That the City Engineer be, and is hereby ordered and directed to estimate, and determine and report such determination to the Board of Public Works, showing:

1. The quantity of all grading, paving and other work on said Fifth street within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of all grading and paving of

each portion of said Fifth street included and embraced within the lines of intersection of the cross-streets and alleys with said Fifth street.

3. The quantity of all cross-walks at each intersection of said Fifth street with the cross-streets and alleys.

*Resolved*, That payment for the construction of said pavement and assessment to secure the same shall be according to the provisions of the amendment to the city charter, approved April 17, 1871, permitting the issue of bonds to an amount not exceeding three quarters of the cost of paving said street as estimated and assessed.

*Resolved*, That whenever the Board shall receive the report of the City Engineer showing the quantity of the grading, paving and cross-walks, and other work required on said Fifth street, said Board shall, and is hereby ordered and directed to advertise for five days for proposals for grading, paving and for cross-walks on said Fifth street, in accordance with the provisions of the charter and ordinances of the city of Detroit.

Adopted as follows:

*Yeas*—Ald. Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—19.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council.

GENTLEMEN—The Board of Public Works, respectfully recommend that Eighteenth street from the North curb line of Howard street to the South line of Michigan avenue be paved.

This street was ordered paved last year, and the proper notices for making connections with sewers, and gas and water pipes, were duly served.

A steam fire engine is located on this street, and unless paved, it will in the spring and fall be difficult to reach a fire, should one occur, and the damages incident thereto might be of such magnitude as to cause regret should the paving of said street be deferred.

Respectfully submitted.

HARVEY KING,

President.

Accepted, and by unanimous consent, Ald. Horn submitted the following:

*Resolved*, That Eighteenth street be and the same is hereby ordered to be graded and paved from north curb line of Howard street to south line of Michigan avenue, and that said street within said limits be paved with wood, stone, or wood and stone, 25 feet wide, according to the specifications adopted by the Common Council and the estimates of the City Engineer; and it is hereby declared that this action is taken under that clause of the city charter authorizing the Common Council to appropriate \$200,000 without the petition of property owners.

## SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the bill of Dr. Chas. Ewers, for professional services rendered at the Central Police Station, from May 5th to the 18th inclusive (14 days), have examined the same, and submit the following for your consideration: The committee find that on May 5th Chief Rogers sent a communication to the Hon. Jas. Horn, Jr.,

President of the Board of Health, asking, "that a physician be sent to the Central Police Station—nights and mornings—for a time," as they had found two cases of small-pox within twenty-four hours. President Horn complied, and Dr. Ewers performed the duty, and sends in his bill to the city instead of the Police Board.

Your committee, while they approve of the act, believe that the bill should be paid out of the Police Fund, as all the lodging-house expenses, of whatever nature, are, and we therefore return it without our approval, with the recommendation that Dr. Ewers present the bill to the Metropolitan Police Commissioners, whom we do not believe will refuse to pay a claim that is as properly chargeable to their fund as the salary of their own surgeon.

**FROM THE ATTORNEY.**

**To the Honorable the Common Council:**  
GENTLEMEN—At your session of May 28th ult. a resolution was passed directing me to report an amendatory ordinance relative to the cleaning and repairing of alleys.

I have examined the charter with some care, and consulted with the City Counselor upon the subject of the payment of the expense of cleaning and repairing alleys, and am of the opinion that I lie with your honorable body to say whether payment shall be made out of a general fund or by means of a special assessment. The rule, however, must be uniform; such expense cannot be met out of a general fund in one case and by special assessment in another; it must be all general fund or all special assessment. If paid out of a general fund, it may, and I think should be, from the District Road Fund. As I understand the communication of the Board of Public Works, they recommend that repairs and cleaning of alleys be paid for out of the General Fund. If this understanding is correct, and your honorable body believe with the Board, then all that is required is a repeal of the ordinance recently passed, and a direction in the usual manner in every case that the work be done and the expense met by warrant upon the proper Ward District Fund.

I submit an ordinance repealing "an ordinance providing for the payment of the expense of grading and repairing alleys."

Very respectfully,

**F. G. RUSSELL,**  
City Attorney.

Accepted, and the ordinance was read twice by its title, as follows: "An ordinance repealing an ordinance providing for payment of the expense of grading and repairing alleys"

Laid on the table and ordered printed in the journal.

## AN ORDINANCE

Repealing "an ordinance providing for payment of the expense of grading and repairing alleys."

It is hereby ordained by the Common Council of the city of Detroit.

SECTION 1. That "An ordinance providing for payment of the expense of grading and repairing alleys" be and the same is hereby repealed.

Sec. 2. This ordinance shall take immediate effect.

## FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works having executed a contract with Eugene Robinson for paving Ninth avenue from Fort street to Grand River avenue, herewith transmit the same for approval and confirmation.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and on leave Ald. Horn offered the following:

Resolved, That the contract made by the Board of Public Works with Eugene Robinson for paving Ninth Avenue from Fort street to Grand River Avenue be and the same is hereby approved and confirmed.

Adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—20.

Nays—None

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of D. Brown and others for a lateral sewer in the alley in the block bounded by Grand River Avenue, Twelfth and Linden streets, respectfully recommend that the prayer of the petitioners be granted.

It is also recommended that a lateral sewer be constructed in the alley in the block bounded by Columbia and Elizabeth streets and Hastings and St. Antoine streets.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and leave being granted, Ald. Hough offered the following:

Resolved, That the Board of Public Works be directed to advertise for five days for proposals for constructing lateral sewers as follows: In the alley in the block bounded by Grand River Avenue, Twelfth and Linden streets; and in the alley in the block bounded by Columbia and Elizabeth streets, and Hastings and St. Antoine streets; and the City Engineer make out the proper assessment rolls therefor.

Adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks and the President—20.

Nays—None.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of E. D. Jones to be relieved from an assessment for constructing a lateral sewer in the alley between Congress and Fort streets and Riopelle and Orleans street, report:

The petition represents that he owns lot 78, Riopelle farm, and that his premises are sufficiently drained into a public sewer. In 1861 a lateral sewer was constructed in Congress street, for which an assessment was made on the east half of lot 78, and for cause unknown the west half of said lot was not assessed. It is therefore recommended that the City Engineer be directed not to assess the east half of said lot.

As regards the petition of Peter Deoster to be exempt from an assessment for the above sum, it is ascertained that his lot is divided in the centre, he owning the north half of lot 16 Fort street which does not abut on said alley and therefore is not liable. It is therefore recommended that the prayer of the petitioner be granted.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and the recommendations of the Board were concurred in by the following vote:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland,

Schmitt, Schmittlidel, Shanahan, Wilks, and the President—20.

Nays—None.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of Valentine Hilsengen for permission to use the triangular lot on the corner of Gratiot avenue and Bronson streets for storing material for paving Gratiot avenue, recommend that he be allowed the use of the same for one month, provided that at the expiration of that time he will remove therefrom the accumulated rubbish.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and the recommendations contained in the above were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—In compliance with a resolution adopted by the Common Council on the 1st inst., the Board of Public Works herewith transmit the proper resolution for paving Baker street from the west line of Sixth street to the alley west of Sixteenth street. The amount appropriated for the cost of paving intersections will not permit the extension of the pavement on this street to Twentieth street, and consequently the paving of the street from the alley west of Sixteenth street to Twentieth street must be postponed until next year.

Respectfully submitted,

HARVEY KING,  
President.

*Resolved*, That Baker street be and the same is hereby ordered to be graded and paved from the west line of Sixth street to the alley west of Sixteenth street, and that said street within said limits be paved with wood, stone, or wood and stone, 36 feet wide, according to the specifications adopted by the Common Council and the estimates of the City Engineer; and it is declared that this action is taken on and by petition of the property owners of said street.

*Resolved*, That for the purpose of assessment for defraying and paying the cost of grading, paving and setting curb on Baker street from the west line of Sixth street to the alley west of Sixteenth street, the lots and parcels of real estate situated on said Baker street, embraced within said limits and fronting the portion of said street ordered to be improved by said grading and paving, shall be, and the same are hereby constituted and declared to be one local assessment district.

*Resolved*, That the City Engineer be, and is hereby ordered and directed to estimate, and de-

1. The quantity of all grading, paving and other work on said Baker street within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of all grading and paving of each portion of said Baker street included and embraced within the lines of intersection of the cross-streets and alleys with said Fifth street.

*Resolved*, That whenever the Board shall receive the report of the City Engineer showing the quantity of the grading, paving and cross-walks, and other work required on said Baker street, said Board shall, and is hereby ordered and directed to advertise for five days for proposals for grading, paving and for cross-walks on said Baker street, in accordance with the provisions of the charter and ordinances of the city of Detroit.

Accepted, objected to and laid over under the rules.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of Caroline Herman to be relieved from an assessment for the construction of a lateral sewer in the alley in the block bounded by McDougall and Elmwood avenues and Clinton avenue and Mullet street, examined the premises, and find that she has a culvert which drains the surface water into Elmwood Cemetery Grounds. Should this culvert be removed the petitioner must necessarily seek an outlet for drainage, and this sewer being adjacent to her lot, she would undoubtedly avail herself of the benefits to be derived therefrom. The Board therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and the recommendations contained in the above were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of Joseph Quinn for permission to place an ornamental lamp on the city lamp post in front of his premises No 247 Jefferson avenue, respectfully recommend that the prayer of the petitioner be granted on condition that he pay for the gas consumed.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and the recommendations were concurred in.

FROM THE ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit to your honorable body assessment roll No. 2204, for the construction of a brick lateral sewer in the alley bounded by Prospect, Russell, Morse and Watson streets. Cost, \$696.86. Shanahan & McLogan, contractors.

Very respectfully,

H. D. LUDDEN,  
City Engineer.

Accepted, and the assessment roll was confirmed as follows:

*Yea*—Ald. Baxter, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinckman, Horn, Hough, Kurtz, Owen, Ronland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—20.

*Nays*—None.

## FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:  
GENTLEMEN—The Fire Commissioners respectfully report an examination of the premises referred to in the petition of Henry F. Lintz for permission to erect a frame office in the fire limits, and that the said petitioner, in conversation with the Fire Marshal, expressed the determination to build the same of brick.

By direction of the Board.

Very respectfully, etc.,  
FRED. H. SEYMOUR,  
Secretary.

Accepted and placed on file.

## FROM THE CLERK OF THE RECORDER'S COURT.

To the Honorable the Common Council:  
GENTLEMEN—I hereby report to your honorable body that the jurists heretofore empaneled in the matter of opening an alley in the block bounded by Sherman, Catharine, Russell and Ripelle streets, and an alley in the block bounded by Watson, Wilkins, Beaubien and Antoine streets have filed their reports, which were duly confirmed by the Recorder's Court on Saturday, the twentieth day of May, 1875; also that I have this day filed in the office of the City Clerk certified copies of said reports, together with the orders of the Court confirming the same.

Very respectfully,  
A. I. McLEOD,  
Clerk Recorder's Court.

Accepted and placed on file.

## FROM THE CITY CLERK.

That he presented the proceedings of the last session of the Council to the Mayor on the 8th inst., and they were approved on the 7th inst.

Also, that Fred. W. Hale and John T. Fisher have filed indemnity bonds for the purpose of dealing in malt and spirituous liquors in the city of Detroit.

Referred to the Committee on Ways and Means.

## REPORTS OF COMMITTEES.

## STREETS.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on Streets, to whom was referred the following petitions, to wit: Of Louis P. Durkee, for an ornamental sign and hitching post; of W. C. Williams and others, asking that the sawing of paving blocks be stopped on the corner of John R and Brush streets; of M. Michelsen, to occupy a portion of Gratiot avenue with lumber; and of Jas. B. Moore for permission to raise the sidewalk in front of his premises on Grand River avenue to the proper grade, would report in favor of granting the petitions of said Durkee and Moore. As to the petition of Williams, your committee think the Common Council have no power in the premises. Your committee report also against the petition of M. Michelsen, as the Common Council have no right to grant to private parties to pile lumber in the public street, except for building purposes.

Respectfully submitted,

J. HORN, JR.,  
M. P. CHRISTIAN,  
WM. A. OWEN.

Accepted and adopted.

## FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee to whom was referred various petitions report thereon as follows: Maurice Breanahan, No. 735 Michigan avenue, wishes to construct a summer kitchen 10x14 feet in the rear of his premises. The kitchen, if constructed, will be 40 feet distant from any other building, thereby causing no increase to the fire risk, and the committee report favorably thereto. Timothy O'Connor, No. 60 Clinton street and John D. Sullivan, No. 37 Center street, present petitions of a similar character, the former to repair and raise his summer kitchen two feet, the latter to construct a small rough board shed, 5x10 feet and six feet high. In neither instance will the changes sought increase the fire risk to any perceptible extent, and they recommend the permission asked for be granted. John Schneider, northeast corner

of Beaubien and Gratiot street, desires to change the slope of the roof on the shed in the rear of his premises. As at present constructed, the shed being small, is of no protection to his wagon and material stored therein, in wet or damp weather, the peculiar slope of the roof causing the water to leak through thereby injuring his property. The size of the structure will not be increased nor the fire risk enhanced, and the committee report favorably thereto. In relation to the petition of the trustees of the Sharey Zedek Society, the committee report that they are unable to agree, and by request of the trustees they recommend the reference of the petition to the fire commissioners.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

## STREET OPENINGS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Street Openings to whom was referred the petition of Isaac B. Hewitt and others that you cause an alley to be opened between Cass and First streets next north of Howard, respectfully ask that said petition be referred to the City Attorney to examine into the legal status of said alley as it appears to be opened on the city map of 1871.

J. HORN, JR.,  
GEORGE DORR,  
WM. A. OWEN.

Accepted, and the recommendations were concurred in.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Street Openings, to whom was referred the following petitions—of Stephen Schmeiter and others, for an alley in the block bounded by Larned, Congress, Orleans and Dequindre streets; and of M. A. McDermott against the same; of Frederick Bonewor and others, for an alley in the block bounded by Fourth, Crawford, Fulton and Tuscola streets—would respectfully report that we have had the same under consideration, and are of the opinion that they ought to be granted, except the remonstrance of M. A. McDermott. We recommend that the City Attorney be hereby instructed to report the proper resolutions.

J. HORN, JR.,  
GEORGE DORR

Accepted and adopted.

## SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Special Committee on Gas, Counselor and Controller to whom was referred the claim of the Detroit Gas Light Company, for gas consumed in street lamps, over the amount allowed by the city, for the year ending March 31st, 1875, have examined the same and report as follows: That they have had two conferences with the Gas Company, and the Company have offered to settle the claim, submitted by them, at the rate of 75 per cent, and give the city a receipt in full up to that time. Your committee would recommend the acceptance of the proposition of the Gas Company, and that the Controller be directed to settle with them on the above basis.

H. HEAMES,  
J. B. HINCHMAN,  
J. B. ROULAND,  
Committee on Gas Light.  
E. I. GARFIELD,  
Controller.  
D. C. HOLBROOK,  
City Counselor.

Accepted, and Ald. Heames moved that the report be adopted.

The motion was objected to and the report laid over under the rules.

## SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—The Aldermen of the Sixth Ward, to whom was referred the resolution of the City Attorney for opening an alley in the block bounded by Division, Alfred, Ripelle and Orleans streets, would report that by making the said alley narrower at the western end much expense may be saved, there being a large barn at that end.

We therefore submit an amended resolution accomplishing said purpose, and ask its adoption.

Respectfully submitted,

JACOB GUTHARD,  
M. P. CHRISTIAN.

Accepted.

Be it resolved by the Common Council of the City of Detroit, that we, the said Common Council, deem it a necessary public improvement in said city to open an alley in the block bounded by Division, Alfred, Riopelle and Orleans streets, which said improvement is described by metes and bounds, courses and distances as follows to wit: All that part of the Riopelle and Dequindre farms bounded as follows, commencing at the south-westerly corner of lot 48 of the subdivision of the Riopelle farm north of Gratiot street; thence north twenty-six degrees west five feet; thence north sixty-four degrees east four hundred and eighty-four hundredths feet to the westerly line of Orleans street; thence south twenty-six degrees east twenty feet; thence south thirty-four degrees west three hundred and fifty-one and twenty hundredths feet; thence north twenty-six degrees west ten feet; thence south sixty-four degrees west forty-nine and sixty-four hundredths feet; thence north twenty-six degrees west five feet to the place of beginning. And we hereby determine to take, for the purpose of making said improvement, as much private property included within the above described limits as may be necessary for making of the same.

And be it further resolved by the said Common Council, that the City Attorney be and he is hereby directed to apply to the Recorder's Court of said city for the drawing and impanneling of a jury required in such cases, to determine the necessity of opening said alley as proposed, and of taking and using the above described property for the purpose of opening said alley, and the just compensation to be made therefor, and that said City Attorney give notice in accordance with the city charter, in the Detroit Advertiser and Tribune, the official daily newspaper of said city, and in the Detroit Free Press, both being daily newspapers published in said city.

Adopted as follows:

*Yeas*—Ald. Barker, Blodgett, Christian, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kutsa, Owen, Ronland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—21.

COMMUNICATIONS FROM CITY OFFICERS.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of Moses Ginsberg and others, for a lateral sewer in the alleys between Watson, Calhoun, St. Antoine and Hastings streets, respectfully recommend that the prayer of the petitioners be granted.

As a sanitary measure it is recommended that lateral sewers be constructed as follows, viz:

In the alley between Harrison and National avenues and Elm and Sycamore streets; and

In the alley between Mullett and Clinton streets and McDougall and J. Campau avenues.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and by unanimous consent, Ald. Hough offered the following:

*Resolved*, That the Board of Public Works be directed to advertise five days for proposals for constructing the following lateral sewers:

In the alleys between Watson, Calhoun, St. Antoine and Hastings streets;

In the alley between Harrison and National avenues and Elm and Sycamore streets; and

In the alley between Mullett and Clinton streets and McDougall and J. Campau avenues, and that the City Engineer make out the proper assessment rolls for the same.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—On a petition numerously signed by property owners, Brady street was last year ordered to be paved from Woodward avenue to Beaubien street, but subsequently at the request of said petitioners the paving of said street was postponed until this year, on account of laying water pipe therein. Now that Beaubien street will be paved to the line of this street it is desirable that Brady street should be paved to Woodward avenue in order that a connecting link of paved streets may be had in that part of the city. The Board therefore herewith transmits the proper resolutions for your consideration.

Respectfully submitted,

HARVEY KING,

President.

*Resolved*, That Brady street be and the same is hereby ordered to be graded and paved from the east line of Woodward avenue to the west curb line of Beaubien street, and that said street within said limits be paved with wood or stone pavement twenty-five feet wide, according to the specifications adopted by the Common Council and the estimates of the City Engineer; and it is hereby declared that this action is taken on and by petition of property owners on said street.

*Resolved*, That for the purpose of assessment for defraying and paying the cost of grading, paving and setting curb on Brady street, from the east curb line of Woodward avenue to the west curb line of Beaubien street, the lots and parcels of real estate situated on said Brady street embraced within said limits and fronting the portion of said street ordered to be improved by said grading and paving, shall be, and the same are hereby constituted and declared to be one local assessment district.

*Resolved*, That the City Engineer be, and is hereby ordered and directed to estimate, and determine and report such determination to the Board of Public Works, showing:

1. The quantity of all grading, paving and other work on said Brady street, within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of all grading and paving of each portion of said Brady street included and embraced within the lines of intersection of the cross-streets and alleys with said Brady street.

3. The quantity of all cross-walks at each intersection of said Brady street with the cross streets and alleys.

*Resolved*, That payment for the construction of said pavement and assessment to secure the same shall be according to the provisions of the amendment to the City Charter, approved April 17, 1871, permitting the issue of bonds to an amount not exceeding three-quarters of the cost of paving said street as estimated and assessed.

*Resolved*, That whenever the Board shall receive the report of the City Engineer showing the quantity of the grading, paving and cross-walks, and other work required on said Brady street, said Board shall, and is hereby ordered and directed to advertise for five days for proposals for grading, paving and for cross-walks on said Brady street, in accordance with the provisions of the charter and ordinances of the city of Detroit.

Accepted, objected to and laid over under the rules.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of A. W. Copeland, for permission to maintain for one month the present height of the awning irons and awning in front of his premises under the Russell House, report:

On the 10th of July the owners of the Russell House property will determine whether or no they will rebuild that part of said building occupied by the petitioner. If they should rebuild it would be a hardship to compel said petitioner to make the change at this time. Should they determine not to build, the sidewalk in front of said premises will be lowered to the present grade, thereby leaving the petitioner's awning of a height as is required by the ordinance. The Board therefore recommend that the petitioner be permitted to maintain his awning at its present height for one month.

Respectfully submitted,

HARVEY KING,

President.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was referred the petition of E. Y. Swift, for permission to repair a plank sidewalk in front of his premises on Rowland street, respectfully recommend that inasmuch as it is contrary to the ordinance to repair plank sidewalks in the stone district, the prayer of the petitioner be denied.

Respectfully submitted,

HARVEY KING,

President.

Accepted and the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works respectfully recommend that Baker street be paved from the alley west of Sixteenth street to Eighteenth street. This street was ordered paved last year, and the proper notices served for making connections with sewers, water and gas pipes.

Respectfully submitted,

HARVEY KING,

President.

*Resolved*, That Baker street be and the same is hereby ordered to be graded and paved from the west line of the alley west of Sixteenth street to the east curb line of Eighteenth street,

and that said street within said limits be paved with wood, stone, or wood and stone pavement, 33 feet wide, according to the specifications adopted by the Common Council and the estimates of the City Engineer; and it is hereby declared that this action is taken under that clause of the city charter authorizing the Common Council to appropriate \$300,000 without the petition of property owners.

*Resolved*, That for the purpose of assessment for defraying and paying the cost of grading, paving and setting curb on Baker street from the west line of the alley west of Sixteenth street to the east curb line of Eighteenth street the lots and parcels of real estate situated on said Baker street embraced within said limits and fronting the portion of said street ordered to be improved by said grading and paving, shall be, and the same are hereby constituted and declared to be one local assessment district.
